VI. Every Candidate for the Degrees of Bachelor of Medicine and of Master in Surgery sh
give sufficient evidence by Certificates—

1. That he has studied each of the following Departments of Medical Science,—namel
Anatomy, Chemistry, Materia Medica and Pharmacy, Institutes of Medicine, or Physiolog
Practice of Medicine, Pathological Anatomy, Surgery, Midwifery, and the Diseases peculiar
Women and Children,* during Courses, including not less than One Hundred Lectures; Practic
Anatomy, Six Months; Practical Chemistry, Three Months; Practical Midwifery—Three mont
at a Midwifery Hospital, or a Certificate of Attendance on Six Cases from a Registered Medic
Practitioner; Clinical Medicine, Clinical Surgery, during Courses of Six Months, or Two Cours
of Three Months, the Lectures being given at least Twice a week; Medical Jurisprudence, Botan
Zoology, with Comparative Anatomy, during Courses including not less than Fifty Lectures.

2. That he has attended for at least two years the Medical and Surgical Practice of a Gener
Hospital, either at Aberdeen or elsewhere, which accommodates not fewer than eighty patient
and possesses a distinct Staff of Physicians and Surgeons.

3. That he has been engaged for at least three months, by Apprenticeship or otherwise, i
compounding and dispensing Drugs at the Laboratory of an Hospital, Dispensary, Member of
Surgical College or Faculty, of a Licentiate of the London or Dublin Society of Apothecaries, o
of a Member of the Pharmaceutical Society of Great Britain.

4. That he has attended for at least six months, by Apprenticeship or otherwise, th
out-practice of a Hospital, or the practice of a Dispensary, or of a Registered Medical Pra
titioner.

VII. The studies of Candidates for the Degrees of Bachelor of Medicine and Master i
Surgery shall be subject to the following regulations:—

1. One at least of the four years of Medical and Surgical study must be in this University.

2. Another of such four years must be either in this University, or in some other Univer
entitled to give the Degree of Doctor of Medicine.

3. Attendance, during at least six winter months, on the Medical or Surgical practice o
General Hospital which accommodates at least eighty patients—and, during the same period,
a Course of Practical Anatomy—will be reckoned as one of such four years; and to that ex
it will be held as equivalent to one year's attendance on Courses of Lectures, as hereinb
prescribed.

4. One year's attendance on the Lectures of Teachers of Medicine in the Hospital School
London, or in the School of the Royal College of Surgeons of Ireland, will be reckoned as o
such four years; and to that extent it will be held as attendance on Courses of Lectures, as b
before prescribed.

5. If the University Court, with the consent of the Chancellor, shall, at any time, by regu
to that effect recognize, for the purpose of Graduation in this University, the Lectures o
private Teacher or Teachers of Medicine, then and in that case attendance on such Lectu
be reckoned in place of the year's attendance under Sub-section 4, or as part thereof, as th
may be.

6. Candidates may, to the extent of four of the departments of Medical study above m
attend in such year or years of their Medical and Surgical studies, as may be most conve
them, the Lectures of the Teachers of Medicine specified in Sub-sections 4 and 5.

7. In the event of the Lectures of any private Teachers of Medicine being recognized u
Sub-section 5, all Candidates availing themselves of the permission to attend the Lect
such Teachers, and not being, at the time, Matriculated Students of the University, must
commencement of the year of such attendance, enrol their names in a book which will be k
the University for the purpose,—paying a fee of one-half the amount of the Matricula
paid by Students of the University; but they shall not be thereby entitled to any of the pr
of a Matriculated Student of the University.

8. The Fee for attendance on the Lectures of any private Teacher, with a view to Gra
shall not be of less amount than that exigible by Medical Professors of the University for
course of instruction.

9. No attendance on Lectures will be reckoned if the Teacher give instruction in more
of the prescribed branches of study, except in those cases where Professors of the Univ
are at liberty to teach more than one branch.

10. It shall not be necessary for any private Teacher, attendance on whose Lectures
recognized for the purpose of Graduation in the University, to obtain a new recognition
University Court.

11. It shall be in the power of the University Court, if it shall see cause, at any time
draw or suspend the recognition of any private Teacher or Teachers.

VIII. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surg
at such Examination Term in which he proposes to graduate, lodge with the Dean of the
of Medicine—

1. A declaration, in his own handwriting, that, on the day of Graduation, he will have
pleted his twenty-first year, and will not be under articles of Apprenticeship;

2. A statement of his studies, as well in Literature and Philosophy as in Medicine, a
panied with proper Certificates.

---

* Two Courses of Midwifery, of Three Months each, will be reckoned equivalent to Six Mo
Course, provided different departments of Obstetric Medicine be taught in each of the Courses.

Digitized by Google

PROFESSIONAL EXAMINATIONS.

These will be held twice in each year, namely, in April and July, directly after the close of the ter and Summer Sessions.

X. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall ergo *Three* Professional Examinations, which will be conducted both in writing and *vivâ* as follows:—

he *First* Examination to include Botany, Natural History, Chemistry, and Anatomy.

he *Second* Examination to include Regional Anatomy, Institutes of Medicine, Materia Medica, Surgery.

he *Third* Examination to include Practice of Medicine, Pathological Anatomy, Clinical Medi-Clinical Surgery, Midwifery, and Medical Jurisprudence.

) The Examinations in Anatomy, Chemistry, Institutes of Medicine, Botany, Natural History, a Medica, and Pathological Anatomy, will be conducted, as far as possible, by Demonstrations jects exhibited to the Candidates; and those in Medicine and Surgery, in part, by Clinical nstrations.

Candidates may be admitted to Examination on the first Division of these subjects at the end second year of their course; provided always that Candidates may be admitted to Examina-Botany and Natural History at the Examination term preceding the Second Winter Session.

Candidates who have passed their Examination on the first Division of these subjects may dtted to Examination on the second Division, at the end of the Third Year of their course.

The Examination on the third Division shall not take place until the Candidate has com-the Fourth Year of his course.

Candidates may be admitted to Examination on the first two of these Divisions, at the end Third Year; or to the three Examinations at the end of their Fourth Year.

If any Candidate, on Examination, be found unqualified, he shall not be again admitted to nation, unless he shall have completed another year of Medical study, or such portion of year as may be prescribed by the Examiners, when he is found unqualified.

The Medical Examiners for Graduation in Medicine are the Professors in the Faculty cine, and, in addition, six persons appointed annually by the University Court.

The Degree of Master in Surgery shall not be conferred on any person who does not, at e time, obtain the Degree of Bachelor of Medicine, nor is the Degree of Bachelor of Medi-ferred on any person who does not also, at the same time, obtain the Degree of Master in

DEGREE OF M.D.

The Degree of Doctor of Medicine may be conferred on any Candidate who has the Degree of Bachelor of Medicine, and is of the age of twenty-four years, and has aged, subsequently to his having received the Degree of M.B. for two years, in atten-an Hospital, or in the Military or Naval Medical Service, or in Medical or Surgical practice. always that the Degree of Doctor of Medicine shall not be conferred on any person, be a Graduate in Arts, or unless he shall, before or at the time of his obtaining the f Bachelor of Medicine, or thereafter, have passed a satisfactory Examination in Greek, gic or Moral Philosophy, and in one at least of the following subjects, namely, French, Higher Mathematics, Natural Philosophy, and Natural History. Provided also that he with the Dean of the Faculty of Medicine a Thesis composed by himself, and to be by the Faculty of Medicine, on any branch of knowledge comprised in the Professional ions for the degree of Bachelor of Medicine, which he may have made a subject of study ring that Degree.

EXEMPTION FROM THE FOREGOING REGULATIONS.

Candidates who began their Medical studies before the first Tuesday of November, entitled to graduate under the Regulations applicable to Medical Students in force date.

FEES FOR GRADUATION.

1. Each Candidate for the Degrees of M.B. and C.M. shall pay a Fee of Five Guineas of each of the first two Professional Examinations, and a Fee of Ten Guineas in respect l Professional Examination; each such Fee of Five Guineas and Ten Guineas respec-; payable at the time at which the Candidate comes forward to be examined in that respect of which it is payable.

every Candidate for the Degree of Doctor of Medicine shall pay, in addition to the him for the Degrees of Bachelor of Medicine, and of Master in Surgery, a Fee of Five clusive of any stamp duty which may for the time be exigible.

For further particulars see page 1500.

STATUTES OF THE UNIVERSITY OF EDINBURGH RELATIVE TO GRADUATION IN MEDICINE AND SURGERY.

Three Medical Degrees are conferred by the University of Edinburgh—viz.: Bachelor in Medicine (M.B.), Master in Surgery (C.M.), and Doctor of Medicine (M.D.). The Degree of Master in Surgery is not conferred on any person who does not also at the same time obtain the Degree of Bachelor of Medicine.

I. The preliminary branches of Extra-Professional Education are English, Latin, Arithmetic, the Elements of Mathematics, and the Elements of Mechanics; and the proficiency of Students in these branches is ascertained by Examination, prior to the commencement of Medical Study.

II. No Candidate is admitted to a Professional Examination who has not passed a satisfactory examination on at least two of the following subjects (in addition to the subjects mentioned above): Greek, French, German, Higher Mathematics, Natural Philosophy, Logic, Moral Philosophy, and the examination on these latter subjects also takes place before the Candidate has entered his Medical Curriculum.

The Examinations under Sections I. and II. are conducted by Examiners in Arts, along with some of the Medical Examiners.

III. A Degree in Arts (not being an Honorary Degree) in any one of the Universities of England, Scotland, or Ireland, or in any Colonial or Foreign University, specially recognised for this purpose by the University Court, exempts from all Preliminary Examination: and Examination in Arts by any Corporate Body, whose Examination has been recognised as qualifying for entrance on Medical Study by Resolution of the General Medical Council of the United Kingdom, provided the said Examination by the said Corporate Body shall be also approved by the University Court, shall exempt *pro tanto* from Preliminary Examination in Arts on all subjects comprised in the said Examination of the said Corporate Body.

IV. No one is admitted to the Degree of Bachelor of Medicine or Master in Surgery who has not been engaged in Medical and Surgical Study for Four Years,—the Medical Session of one year, or *Annus Medicus*, being constituted by at least two courses of not less than one hundred lectures each, or by one such course, and two courses of not less than fifty lectures each: with the exception of the Clinical Courses, in which Lectures are to be given at least twice a-week during the prescribed periods.

V. Every Candidate for the Degrees of M.B. and C.M. must give sufficient evidence by certificates—

1. That he has studied each of the following departments of Medical Science, viz.:—

Anatomy, Chemistry, Materia Medica, Institutes of Medicine or Physiology, Practice of Medicine, Surgery, Midwifery, and the Diseases peculiar to Women and Children: two Courses of Midwifery of Three Months each, being reckoned equivalent to a Six Months' Course. The different departments of Obstetric Medicine be taught in each of the Courses; General Practice, or in Schools where there is no such Course, a Three Months' Course of Lectures on Anatomy, together with a supplemental Course of Practice of Medicine, or Clinical Medicine, during Courses including not less than One Hundred Lectures; Practical Anatomy, a Course of the same duration as those of not less than One Hundred Lectures above prescribed; Practical Chemistry, Three Months; Practical Midwifery, Three Months at a Midwifery Hospital, Certificate of attendance on six cases from a Registered Medical Practitioner; Clinical Medicine and Clinical Surgery, Courses of the same duration as those of not less than One Hundred Lectures above prescribed, or two Courses of Three Months, Lectures being given at least twice a-week; Medical Jurisprudence, Botany, and Natural History, including Zoology, during Courses each of not less than Fifty Lectures.

Digitized by Google

2. That he has attended, for at least two years, the Medical and Surgical practice of a general pital which accommodates not fewer than eighty patients, and possesses a distinct staff of ysicians and Surgeons.

3. That he has attended during a Course of not less than fifty hours' instruction the Class of ctical Materia Medica in the University of Edinburgh, or a similar class conducted in a Uniity or recognised School of Medicine, or a similar Class conducted by a Teacher recognised by University Court; or that he has been engaged, for at least three months, by apprenticeship otherwise, in compounding and dispensing drugs at the Laboratory of an Hospital, Dispensary, mber of a Surgical College or Faculty, Licentiate of the London or Dublin Society of Apothecaries, Member of the Pharmaceutical Society of Great Britain.

4. That he has attended, for at least six months, by apprenticeship or otherwise, the Outice of an Hospital, or the Practice of a Dispensary, Physician, Surgeon, or Member of the don or Dublin Society of Apothecaries.

VI. The studies of Candidates for the Degrees of Bachelor of Medicine and Master in ery are subject to the following regulations:—

One of the four years of Medical and Surgical study, required by Section IV., must the University of Edinburgh.

Another of such four years of Medical and Surgical study must be either in the University inburgh, or in some other University entitled to give the Degree of Doctor of Medicine.

Attendance during at least six winter months on the Medical or Surgical Practice of a al hospital, which accommodates at least eighty patients, and during the same period, on a of Practical Anatomy, may be reckoned as one of such four years, and to that extent shall d equivalent to one year's attendance on Courses of Lectures, as above prescribed.

One year's attendance on the Lectures of Teachers of Medicine in the Hospital Schools of n, or in the School of the College of Surgeons in Dublin, or of such Teachers of Medicine in urgh, or elsewhere, as shall from time to time be recognised by the University Court, may oned as one of such four years, and to that extent shall be held as attendance on Courses ures, as above prescribed.

Candidates may, to the extent of Four of the Departments of Medical Study required by V., Sub-section 1, attend in such year or years of their Medical and Surgical studies, as most convenient to them, the Lectures of the Teachers of Medicine specified in the foreb-section 4. [Students of Medicine in the London Schools and in the School of the College ons in Dublin can obtain there two *Anni Medici* out of the four required for the Edinburgh in Medicine. Courses of Lectures in these Schools are regarded as equivalent to Lectures corresponding subjects in this University, except Materia Medica and Midwifery, which, ly three months' Courses in them, are not equivalent. One *Annus Medicus* may be conby attendance on Practical Anatomy and Hospital Practice during the Winter Session. *Annus Medicus* by attending either (*a*) full Winter Courses on any two of the following Anatomy, Physiology, Chemistry, Pathology, Surgery, Medicine, Clinical Surgery, Clinical : or (*b*) on one such Course and three months' Courses on any two of the following Botany, Practical Chemistry, Natural History, Medical Jurisprudence. If the Student e arrangement prescribed in (*a*), attendance on a third Course, although unnecessary to e an *Annus*, will also be accepted. The other subjects, and the additional Courses, not London or Dublin, necessary for the degrees of the University, will have to be attended iversity. In Provincial Schools, where there are no Lecturers recognised by the Uniart, a Candidate can have only one *Annus Medicus*, and this is constituted by attendQualified Hospital along with a course of Practical Anatomy; but in a Provincial School e are two or more Lectures recognised by the University, a second *Annus Medicus* may by attendance on at least two six months', or one six months' and two three months', d Courses.]

Candidates, not Students of the University, availing themselves of the permission to Lectures of Extra-Academical Teachers in Edinburgh must, at the commencement of of such attendance, enrol their names in a book to be kept by the University for that aying a fee of the same amount as the Matriculation Fee paid by Students of the y, and having, in respect of such payment, a right to the use of the Library of the y.

fee for attendance on the Lectures of an Extra-Academical Teacher in Edinburgh, with Graduation, must be of the same amount as that exigible by Medical Professors in the y. [The fee must be paid at the commencement of the Course.]

Teacher is recognised who is at the same time a Teacher of more than one of the preches of study, except in those cases where Professors in the University are at liberty e branches.

not necessary for any Teacher, attendance on whose Lectures was recognised before purposes of Graduation in the University, to obtain a new recognition from the Uniart; and attendance on the Lectures of every such Teacher will continue to be recognised ate.

in the power of the University Court, if they shall see cause, at any time to withdraw the recognition of any Teacher or Teachers.

Candidate must deliver, before the thirty-first day of March of the year in proposes to graduate, to the Dean of the Faculty of Medicine,—1. A declaration, in his riting, that he has completed his twenty-first year;* and that he will not be, on the uation, under articles of Apprenticeship to any Surgeon or other master. (This de-

* Or that he will have done so on or before the day of Graduation.

claration, along with a statement of studies, is appended to the Schedule for the Final Examin
tion, and must be signed before the Schedule is given in.) 2. A statement of his Studies, as w
in Literature and Philosophy as in Medicine, accompanied with proper Certificates.

VIII. Each Candidate is examined, both in writing and *viâ voce*,—*first*, on Chemist
Botany, and Natural History; *secondly*, on Anatomy, Institutes of Medicine, Materia Medi
including Practical Pharmacy), and Pathology; *thirdly*, on Surgery, Practice of Medicine,
wifery, and Medical Jurisprudence; *fourthly*, Clinically on Medicine and on Surgery in an Ho
The Examinations on Anatomy, Chemistry, Institutes of Medicine, Botany, Natural Hi
Materia Medica, and Pathology, are conducted, as far as possible, by Demonstrations of o
placed before the Candidates.

IX. Students who profess themselves ready to submit to an Examination in the First Di
of these subjects at the period of Examination immediately preceding their second Winter S
of professional study, may be admitted to Examination at that time. Provided always, that St
who commence their medical studies in the Summer Session shall not be admitted to a D
in Medicine, unless their course of study, subsequent to the completion of the Summer Se
which they commence their medical studies, shall not be less than the minimum course of
years, prescribed in Section IV. hereof.

X. Students who have passed their Examination on the First Division of these subjects
be admitted to Examination on the Second Division at the end of their third year.

XI. The Examination on the Third and Fourth Divisions cannot take place until th
didate has completed his fourth *Annus Medicus*. [Thus Candidates for the First Profe
Examination must have given attendance on qualifying classes for at least two *Anni Medici*,
two Summer Sessions and one Winter Session; for the Second Professional Examinatio
complete *Anni Medici*; and for the Final Professional Examination four complete *Anni*

XII. Candidates may, if they choose, be admitted to Examination on the first two
Divisions at the end of their third year; or to the four Examinations at the end of their fourth

XIII. If any Candidate at these Examinations be found unqualified, he cannot be
admitted to Examination unless he has studied during another year two of the prescribed
either in the University, or in some other School of Medicine.

XIV. After the Candidate has satisfied the Medical Examiners, the Dean will
proceedings before the Senatus Academicus, by whose authority the Candidate will be admi
the first day of August, or, if that day be Sunday, then on the following day, to the D
Bachelor of Medicine and of Master in Surgery.

XV. The Senatus Academicus, on the day here appointed, will assemble at Te
A.M., for the purpose of conferring Degrees; and no Candidate, unless a sufficient reason be
shall absent himself, on pain of being refused his Degree for that year.

XVI. Candidates for Graduation are required to produce evidence of their hav
formed to the Regulations which were in force at the time they commenced their Medical

XVII. The degree of Doctor of Medicine may be conferred on any Candidate
obtained the degrees of Bachelor of Medicine and Master in Surgery, and is of the age of
four years, and produced a certificate of having been engaged, subsequently to his having
the Degrees of Bachelor of Medicine and Master in Surgery, for at least two years in
on an Hospital, or in the Military or Naval Medical Services, or in Medical and Surgical
provided always, that the degree of Doctor of Medicine shall not be conferred on any per
he be a Graduate in Arts of one of the Universities of England, Scotland, or Ireland, or
other Universities as are above specified [Section III.], or unless he shall, before or at the
his obtaining the Degrees of Bachelor of Medicine and Master in Surgery, or thereafter
passed a satisfactory Examination on *three* of the subjects mentioned in Section II. of the
relative to Preliminary Examination. Two of these must be Greek and either Logic
Philosophy, and the third is to be one of the following subjects at the option of the C
namely, French, German, Higher Mathematics, and Natural Philosophy. And provi
that the Candidate for the Degree of Doctor of Medicine shall submit to the Medical
a Thesis, certified by him to have been composed by himself, and which shall be approved
Faculty, on any branch of knowledge comprised in the professional examinations for the
of Bachelor of Medicine and Master in Surgery, which he may have made a subject of st
having received those Degrees.

The Candidate must lodge his Thesis with the Dean on or before 30th April of the
which he proposes to graduate. No Thesis will be approved by the Medical Faculty w
not contain either the results of original observations in Practical Medicine, Surgery, M
or some of the Sciences embraced in the Curriculum for the Bachelor's and Master's Degre
a full digest and critical exposition of the opinions and researches of others on the subje
by the Candidate, accompanied by precise references to the publications quoted, so
verification may be facilitated.

Candidates, settled for a period of years in foreign parts, who have complied with
gulations for the Degree of M.D. (under the new Statutes), but who cannot appear
receive the Degree, may, on satisfying the Senatus to that effect, by production of
official testimonials, have the degree conferred on them in absence.

XVIII. The Medical Examiners for all Candidates for Graduation in Medicine
Professors in the Faculty of Medicine, along with the twelve non-professional Exa
pointed annually by the University Court.

XIX. The Provisions of these Statutes came into operation on the 4th of February, 18
XX. Persons who began their Medical Studies before the 4th of February, 1861, m
to graduate under the system in force before or after that date, according as they may
with the regulations in force in the University before or after that date.

Note.—In conformity with the desire expressed by the Local Government Board, it has been solved that a Candidate for a Degree in Medicine must produce at his final examination a certificate om a recognised Vaccine Department in an Hospital, Dispensary, or other public Institution, the effect that he has himself performed the operation successfully under the teacher's inspec- n; that he is familiar with the different stages of the vaccine vesicle, and with the method preserving lymph, and is thoroughly informed in every necessary part of the subject.

Fees for Degrees.

First Professional Examination, £5 5s.; Second Professional Examination, £5 5s.; Final Exami- ion, £10 10s.; Registration Fee, £1; Total Fees for M.B. and C.M. Diplomas, £22; Addi- al Fee for M.D. Diploma, £5 5s.; Government Stamp-duty for M.D. only, £10; Total Fees Stamp for graduating as M.D. only, by Regulations for Students commencing before Feb. l, £25.

ICE TO Candidates for Graduation who commenced their Studies before 1861.

ndidates who commenced their Medical Studies by attendance on Qualifying Classes before ourth day of February, 1861, are entitled to appear for Examination for the Degree of Doctor of icine, after four years' study, on completing their twenty-first year, and without having taken Degree of Bachelor of Medicine. They are also exempted from the Preliminary Examinations ioned in Sections I. and II., and require only to undergo an Examination in Latin. They lso exempted from attendance on Practical Chemistry, and Practical Midwifery, and require three months of Clinical Surgery, and eighteen months of Hospital attendance.

formation relative to Matriculation and the Curricula of Study for Degrees, Examinations, &c., will be found in the University Calendar, and may be obtained on application to the tary at the College.

Public Health.

a consequence of the great demand which now exists for Medical Officers of Health, and the tance to the public of some means of ascertaining that members of the Medical Profession specially studied the subject of Public Health, Science Degrees in the Department of Public h have been instituted, under the following conditions:—

Candidates for Graduation in Science in the Department of Public Health must be Gra- in Medicine of a British University, or of such Colonial, Indian, or Foreign Universities as e specially recognised by the University Court, (Candidates will be required to produce e of their Graduation in Medicine before they are admitted to the Second B.Sc. Examina- 2. They must be matriculated for the year in which they appear for examination or gradua- 3. Candidates who have not passed an *Annus Medicus* in the University of Edinburgh before presenting themselves for Examination, have attended in the University at least Two s of instruction, scientific or professional, bearing on the subjects of the Examinations. re are Two Examinations for the Degree of Bachelor of Science in the Department of Public A Candidate who has passed the first Examination may proceed to the second at the at any subsequent period fixed for this Examination. 5. Candidates must produce evidence ther during their medical studies or subsequently, they have attended a course of lectures in struction was given on Public Health, and that they have studied Analytical Chemistry ly for three months with a recognised teacher. 6. The Examinations are written, oral, ctical, and are conducted by University Examiners selected by the University Court. subjects of the Examinations for the Degree of Bachelor of Science in the Department of Health are as follows:—

t Examination.—(1.) Chemistry—Qualitative Analysis, Analysis of Air, Detection of Emanations and other Impurities in the Atmosphere. Analysis of Waters for Domestic d Determination of the Nature and Amount of their Mineral and Organic Constituents. , Chemical and Microscopical, of Adulterations in Articles of Food and Drink, and in Practical Examination, including at least two analytical researches. (2.) Physics—Ele- f Experimental Physics, Hydraulics and Hydrostatics, in reference to Water Supply, , and Sewerage. Pneumatics, in reference to Warming and Ventilation. Meteorology, and of making Meteorological Observations.

ral Examination, and an Examination in Practical Chemistry in the Laboratory, will e a few days after the written Examination.

d Examination.—(1.) Medicine—Origin, Nature, and Propagation of Epidemic and Con- iseases. Prevention of Contagion and Infection. Endemic Diseases and the Geogra- tribution of Disease. Insalubrious Trades. Overcrowding. Epizootics, including patho- anges. (2.) Practical Sanitation—Duties of a Health Officer in reference to:—Water Insalubrious Dwellings and Public Buildings. Removal and Disposal of Sewage and se and Impurities. Cemeteries. Nuisances from Manufactories, &c. Bad or Insuffi- plies of Food. Outbreaks of Zymotic Diseases. Quarantine. Disinfectants and Deo- Construction of Permanent and Temporary Hospitals. (3.) Sanitary Law and Vital —Knowledge of the leading Sanitary Acts of Parliament. Knowledge of Statistical nd Data in reference to Population, Births, Marriages, and Deaths. (4.) Mensuration anical Drawing, Plans and Sections of Public and Private Buildings, Mines, Water- d Sewers. Candidates will be expected to make figured sketches from models, and to a knowledge of mechanical drawing as will enable them fully to understand Engineer- Sections, and Elevations.

Licentiates of the Royal College of Surgeons of England. Clinical Lectures by the present ysicians and Surgeons of the Western and Royal Infirmaries are accepted for the purpose of aduation.

STATUTES RELATIVE TO GRADUATION IN MEDICINE.

Three Degrees in Medicine are granted by this University, viz., Bachelor of Medicine (M.B.), ster in Surgery (C.M.), and Doctor of Medicine (M.D.), according to the following gulations:—

DEGREES OF BACHELOR OF MEDICINE AND MASTER IN SURGERY.

A.—*General Education*:—1. Candidates for these Degrees are required to pass an examination e following branches, viz.,—English (including History and Geography), Latin, Arithmetic, Elements of Mathematics and the Elements of Mechanics. The proficiency of Students in these ches is ascertained by examination, prior to the commencement of their Professional Education.

Candidates are also required, previous to their First Professional Examination, to pass an ination in at least *two* of the following subjects, selected by the Candidate, viz.:—Greek, h, German, Higher Mathematics, Natural Philosophy, Logic, Moral Philosophy:—and xamination takes place, as far as possible, before the Candidate has entered upon his al Curriculum.

The Examinations in General Education are conducted by some of the Examiners in who may be Professors), together with some of the Medical Examiners.

A Degree in Arts (not being an honorary Degree) of any of the Universities of England, nd, and Ireland, or a Degree in Arts of any Colonial or Foreign University, which may for rpose have been specially recognised by the University Court, exempts Candidates from ination in General Education.

—*Professional Education*:—1. Candidates must have been engaged in Professional Study for d of four years; the Medical Session of each year, or *Annus Medicus*, being constituted by ance on at least two Courses of not less than one hundred Lectures each, or on one such and two Courses of not less than fifty Lectures each: excepting in the case of the Clinical , in which it shall be sufficient that the Lectures be given twice a-week during the pre- period.

Of the four years constituting the Curriculum, one at least must have been passed in the ity of Glasgow, and another either in that University or in some other University entitled Degrees in Medicine. For the remaining years, if not passed at a recognised University, nce during at least Six Winter Months on the Medical and Surgical Practice of a General , which accommodates at least eighty patients, with a Course of Practical Anatomy during period, may be reckoned one *Annus Medicus*; and another such year may be constituted dance for the requisite period on the Lectures of Teachers of Medicine in the Hospital of London, or in the School of the College of Surgeons of Dublin, or in such other Schools r the purpose be recognised by the University Court, with the consent of the Chancellor University. But attendance on Lectures by such Teachers is not recognised to the more than four of the departments of Medical Study required for the Curriculum.

ndidates must produce Certificates of having studied the following departments of Medi- e, in the manner specified:—Anatomy, Chemistry, Institutes of Medicine or Physiology, Medica and Pharmacy, Surgery, Practice of Medicine, Midwifery and Diseases of Women ren;* each in a Course of not less than one hundred Lectures. Botany, Zoology, with ive Anatomy, Medical Jurisprudence; each in a Course of not less than fifty Lectures.

ogical Anatomy, in a Three Months' Course of Lectures, with a supplemental Course either e of Medicine or of Clinical Medicine. But a Course of General Pathology, of one ectures, will be held equivalent to the foregoing.

l Surgery, Clinical Medicine; each in a Six Months' Course, or in two Three Months two lectures being given in each week.

al Anatomy, during Six Months.

al Chemistry, during Three Months.

al Pharmacy, in a course of not less than fifty hours instruction in a class of Practical Medica, in a University, or other recognized School, or conducted by a Teacher recog- he University Court, or in Compounding and Dispensing Drugs in the Laboratory of al or Dispensary, of a Registered Medical Practitioner, or of a Member of the atical Society of Great Britain.

al Practice, Surgical and Medical; consisting in attendance during Two Years at a General Hospital, accommodating not fewer than eighty Patients.

al Midwifery; consisting in attendance during Three Months at an Obstetric Hospital, or on at least six cases of Labour, certified by a Registered Medical Practitioner.

or Practice, during Six Months, at an Hospital or Dispensary, or with a Registered Practitioner.

ation; evidence of a practical knowledge of, obtained from a recognised institution.

ry candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall be both in writing and *vivâ voce*, First, on Chemistry, Botany, and Natural History; Second, y and Physiology; Third, on Regional Anatomy, Materia Medica and Pharmacy, and ; and Fourth, on Surgery, Clinical Surgery, Medicine, Clinical Medicine, Therapeutics, , and Medical Jurisprudence. The Examination in Chemistry shall include Practical ; and the Examinations in Anatomy and Physiology shall include Practical Anatomy,

Courses of Midwifery, of Fifty Lectures each, are reckoned equivalent to one Course of red Lectures, provided they embrace different departments of Obstetric Medicine.

FOREIGN ARMY, NAVY, DENTAL &c. IRELAND

Littlejohn, M.D. *Midwifery and Diseases of Women and Children*: A. Fleming, M.D. *Practice of Medicine*: G. W. Balfour, M.D. *Surgery*: Patrick Heron Watson,

REGULATIONS REGARDING MEDICAL DEGREES.

The Degree of Doctor of Medicine may be conferred by the University of *St. Andrews* on Registered Medical Practitioner above the Age of Forty Years, whose professional Position and Experience are such as, in the Estimation of the University, to entitle him to that Degree, and who on Examination, satisfy the Medical Examiners of the Sufficiency of his Professional Knowledge: provided always, that Degrees shall not be conferred under this Section on a greater Number than Ten in any One Year.

Any Person presenting himself as a Candidate for the Degree of Doctor of Medicine under this section, without having previously obtained the Degree of Bachelor of Medicine, shall, on presenting himself, pay a Fee of Fifty Guineas, inclusive of the Stamp Duty.

The Degrees in Medicine to be hereafter granted by the University of *St. Andrews* shall be divided into Two Classes, and be designated respectively Bachelor of Medicine and Master in Surgery (M.B. and C.M.), and Doctor of Medicine (M.D.)

The preliminary Branches of extra-professional Education in the case of Candidates for the Degree of Bachelor of Medicine and Master in Surgery, shall be English, Latin, Arithmetic, the Elements of Mathematics, and the Elements of Mechanics; and the Proficiency of Students in these Branches shall be ascertained by Examination prior to the commencement of their Medical Studies.

No Candidate shall be admitted to a professional Examination for the last-mentioned Degree, who has not passed a satisfactory Examination on at least Two of the following Subjects, in addition to the Subjects mentioned above:—Greek, French, German, Higher Mathematics, Natural Philosophy, Natural History, Logic, Moral Philosophy; and the Examination on these Subjects also shall take place before the Candidate has entered on his Medical Curriculum.

A Degree in Arts (not being an honorary Degree) of any of the Universities of *Scotland*, *England* or *Ireland*, and also a Degree in Arts of any Colonial or Foreign University, which may for this purpose have been specially recognised by the University Court, shall exempt the Candidates from all preliminary Examination.

No one shall be admitted to the Degree of Bachelor of Medicine and Master in Surgery, who has not been engaged in Medical and Surgical Study for Four Years—the Medical Session of Four Years, or *Annus Medicus*, being constituted by at least Two Courses of not less than One Hundred Lectures each, or by One such Course and Two Courses of not less than Fifty Lectures each, in the case of the Clinical Courses, it shall be sufficient that the Lectures be given at least twice a Week during the prescribed Periods.

Every Candidate for the Degree of Bachelor of Medicine and Master in Surgery shall produce sufficient Evidence by Certificates:—

---

* Applications for schedules, information, &c., to be addressed to the Assistant Clerk of Senate of the University.

(1) That he has studied each of the following Departments of Medical Science, viz.:—Anatomy, Chemistry, Materia Medica and Pharmacy, Institutes of Medicine, or Physiology, Practice of Medicine, Surgery, Midwifery, and the Diseases peculiar to Women and Children: Two Courses of Midwifery, of Three Months each, being reckoned equivalent to a Six Months' Course, provided different Departments of Obstetric Medicine be taught in each of the Courses, General Pathology, or, in Schools where there is no such Course, a Three Months' Course of Lectures on Morbid Anatomy, together with a supplemental Course of Practice of Medicine, or Clinical Medicine: During Courses including not less than One Hundred Lectures.—Practical Anatomy, Six Months.—Practical Chemistry, Three Months.—Practical Midwifery, Three Months at a Midwifery Hospital, or a Certificate of Attendance on Six Cases from a Registered Medical Practitioner.—Clinical Medicine, Clinical Surgery, during Courses of Six Months, or Two Courses of Three Months; Lectures being given at least Twice a Week.—Medical Jurisprudence, Botany, Zoology, with Comparative Anatomy, during Courses including not less than Fifty Lectures.

(2) That he has attended for at least Two Years the Medical and Surgical Practice of a General Hospital, which accommodates not fewer than Eighty Patients, and possesses a distinct Staff of Physicians and Surgeons.

(3) That he has been engaged for at least Three Months, by Apprenticeship, or otherwise, in compounding and dispensing Drugs at the Laboratory of an Hospital, Dispensary, Member of a Surgical College or Faculty, of a Licentiate of the *London* or *Dublin* Society of Apothecaries, or of a Member of the Pharmaceutical Society of *Great Britain*.

(4) That he has attended for at least Six Months, by Apprenticeship or otherwise, the Out-practice of an Hospital, or the Practice of a Dispensary, or of a Physician, Surgeon, or Member of the *London* or *Dublin* Society of Apothecaries.

IX. No one shall be received as a Candidate for the Degree of Bachelor of Medicine and Master in Surgery, unless Two Years at least of his Four Years of Medical and Surgical Study, as above defined, shall have been in One or more of the following Universities and Colleges, viz.:—The University of *St. Andrews*; the University of *Glasgow*; the University of *Aberdeen*; the University of *Edinburgh*; the University of *Oxford*; the University of *Cambridge*; *Trinity* College, *Dublin*; *Queen's College, Belfast*; *Queen's College, Cork*; and *Queen's College, Galway*.

X. Subject always to the Condition specified in the Ninth Section, the studies of Candidates for the Degree of Bachelor of Medicine and Master in Surgery shall be under the following Regulations:—

(1) The remaining Years of Medical and Surgical Study, other than those for which Provision is made by the Ninth Section, may be either in One or more of the Universities and Colleges above specified, or in the Hospital Schools of *London*, or in the School of the College of Surgeons in *Dublin*, or under such private Teachers of Medicine, as may from Time to Time receive Recognition from the University Court:

(2) Attendance during at least Six Winter Months on the Medical or Surgical Practice of a General Hospital which accommodates at least Eighty Patients, and during the same Period on a course of Practical Anatomy, may be reckoned as One of such remaining Years; and to that extent shall be held equivalent to One Year's attendance on Courses of Lectures, as prescribed in the Seventh Section:

(3) Attendance on the Lectures of any private Teacher in *Edinburgh*, *Glasgow*, or *Aberdeen* shall not be reckoned for Graduation in *St. Andrews*, if the Fee for such Lectures be of a Amount than is charged for the like Course of Lectures in the University of *Edinburgh*, *Glasgow*, or of *Aberdeen*, according as the Teacher lectures in *Edinburgh*, *Glasgow*, or *Aberdeen*.

XI. Every Candidate for the Degree of Bachelor of Medicine and Master in Surgery shall, at such period of the Year in which he proposes to graduate, as may be fixed for the purpose by the Senatus Academicus, lodge with the Senatus,—

(1) A Declaration, in his own Handwriting, that, on the Day of Graduation, he will have completed his Twenty-first Year, and will not be under Articles of Apprenticeship;

(2) A Statement of his Studies, as well in Literature and Philosophy as in Medicine, accompanied with proper certificates;

(3) An inaugural Dissertation, composed by himself, to be approved by the Senatus Academicus.

XII. Every Candidate for the Degree of Bachelor of Medicine and Master in Surgery shall be examined both in writing and *vivâ voce*,—*First*, on Chemistry, Botany, Elementary Anatomy, and Materia Medica; *Secondly*, on Advanced Anatomy, Zoology with Comparative Anatomy, Physiology, and Surgery; and *Thirdly*, on Practice of Medicine, Clinical Medicine, Clinical Surgery, Midwifery, General Pathology, and Medical Jurisprudence.

XIII. Students, who profess themselves ready to submit to an examination on the First Division of these Subjects at the End of the Second Year of their Course, may be admitted to Examination at that Time.

XIV. Students, who have passed their Examination on the First Division of these Subjects may be admitted to Examination on the Second Division at the End of the Third Year of their Course.

XV. The Examination on the Third Division shall not take place until the Candidate has completed the Fourth Year of his Course.

XVI. Candidates may be admitted to examination on the first Two of these Divisions at the end of their Third Year; or to the Three Examinations at the end of their Fourth Year.

XVII. If any Candidate, on Examination, be found unqualified, he shall not be again admitted to Examination, unless he shall have completed another Year of Medical Study, or such Portion of another Year as may be prescribed by the Examiners when he is found unqualified.

Digitized by Google

XVIII. The Degree of Master in Surgery shall not be conferred on any Person who does not at the same Time obtain the Degree of Bachelor of Medicine, and *vice versâ*.

XIX. The Degree of Doctor of Medicine may be conferred on any Candidate who has obtained the Degree of Bachelor of Medicine and Master in Surgery, and is of the Age of Twenty-four Years, and has been engaged, subsequently to his having obtained that Degree for at least Two Years in Attendance on an Hospital, or in the Military or Naval Medical Service, or in Medical and Surgical Practice; provided always that, subject to the Provisions of the First Section, the Degree of Doctor of Medicine shall not be conferred on any Person unless he be a Graduate in Arts, or unless he shall, before, or at the Time of his obtaining the Degree of Bachelor of Medicine and Master in Surgery, or within Three Years thereafter, have passed a satisfactory Examination in Greek, and in Logic or Moral Philosophy, and in one, at least, of the following subjects—namely, French, German, Higher Mathematics, Natural Philosophy, and Natural History.

XX. Except under the Provisions of the First Section, the Degree of Doctor of Medicine shall not be conferred on any Person who has not previously obtained the Degree of Bachelor of Medicine and Master in Surgery.

XXI. There shall be paid by each Candidate for the Degree of Bachelor of Medicine and Master in Surgery, a Fee of Seven Pounds in respect of each of the Three Divisions of the Examination on Professional Subjects specified in the Eleventh Section of this Ordinance; each such Fee of Seven Pounds being payable at the Time at which the Candidate comes forward to be examined in that Division in respect of which it is payable; and every Candidate for the Degree of Doctor of Medicine, who has previously obtained the Degree of Bachelor of Medicine and Master in Surgery, shall pay, in addition to the Fees paid by him as a Candidate for that Degree, a Fee of Five Guineas, exclusive of any Stamp Duty which may for the time be exigible.

N.B.—The Preliminary Examinations take place in November of each year, and the Examinations for the Doctorate and for the Bachelor of Medicine and Master in Surgery in April of each year. For details regarding the Class-Books recommended for the Preliminary Examination see the University Calendar; other information as to days of Examinations, &c., may be obtained from Dr. Bell Pettigrew, Dean of the Medical Faculty, or Mr. J. M. Anderson, Secretary of the University.

REGULATIONS AS REGARDS THE EXAMINATION OF REGISTERED MEDICAL PRACTITIONERS ABOVE THE AGE OF FORTY YEARS.

The Examinations are held in the UNITED COLLEGE annually, in April. The Graduation Fee is Fifty Guineas. Candidates must lodge, with the Dean of the Medical Faculty, the following Certificates, along with application for admission to Examination:—

I. A Certificate of Age, being a Baptismal Certificate, or an affidavit of Age.

II. Holograph Certificates from at least three Medical Men, of acknowledged reputation in the Profession, or in the Medical Schools, recommending the Candidate to the Senatus for the degree of M.D., and testifying to his *Professional Position* and *Skill*.

As only Ten can graduate in each year, Candidates are selected whose Service and Certificates seem, to the Medical Faculty, to present the highest professional claims, but where these seem equal, reference is given to priority of application and to Age.

III. Candidates, when enrolled for examination, will remit a portion of the Graduation Fee, viz. 10*l.* 10s. This sum shall be forfeited should the Candidate fail to appear, or to graduate, at the time appointed.

IV. A satisfactory examination, written and *vivâ voce*, must be passed in the following departments:—

(1) Materia Medica and General Therapeutics.
(2) Medical Jurisprudence.
(3) Practice of Medicine and Pathology.
(4) Surgery.
(5) Midwifery and Diseases of Women and Children.

I. Of the Licence.

1. No one can obtain the Licence of the College until he has completed the age of twenty-one years.

2. Every Applicant for the Licence must produce evidence that he has been engaged in the study of Medicine during a period of at least four years subsequent to his Registration as a Medical Student, which period shall include attendance during not less than Four Winter Sessions, or Three Winter and Two Summer Sessions, at a recognised Medical School.

3. The Applicant must produce certificates that he has attended the following Courses at a University, or at some Medical School recognised by the College:—Anatomy, one course, six months; Practical Anatomy, six months; Chemistry, one course, six months; Practical Chemistry, three months; Materia Medica and Pharmacy, one course, three months; Physiology or Institutes of Medicine, one course, three months; Practice of Medicine, one course, six months; Clinical Medicine, six months; Principles and Practice of Surgery, one course, six months; Clinical Surgery, three months; Midwifery, one course, three months; Medical Jurisprudence, one course, three months; General Pathology or Pathological Anatomy, three months; Practical Pharmacy, three months. The Applicant must also produce evidence of having attended the practice of a Public Hospital (containing not fewer than 80 beds) during a period of not less than twenty-four months, twelve of which must have been spent in attendance on the Medical Wards. He must also have attended for six months the practice of a Public Dispensary; or have acted for six months as Clinical Clerk or Dresser in an Hospital; or have been engaged for six months as Visiting Assistant to a Registered Practitioner. The Applicant must also have attended at least six cases of Labour under the superintendence of a qualified Medical Practitioner, and must produce a Certificate to that effect. The Applicant will also be required to produce a certificate that he has studied Vaccination under a competent and recognised Teacher; and that he is thoroughly nformed in every necessary part of the subject.

4. Every Applicant for the Licence must have passed the Preliminary Examination in Literature and Science, and have had his name inscribed in the Register of Medical Students, instituted by the General Medical Council, previous to the commencement of his Medical Studies. The Examination will embrace the following subjects:—1. English: Grammar and Composition. 2. Arithmetic, including Vulgar and Decimal Fractions. 3. Algebra, including Simple Equations. 4. Geometry: First Two Books of Euclid. 5. Latin: Translation into English, Ovid, Fasti, Lib. I.; Cicero, De Finibus Bonorum et Malorum. Parsing; Translation from English into Latin, the more difficult Latin words being supplied. 6. Elementary Mechanics of Solids and Fluids, comprising the elements of Statics, Dynamics and Hydrostatics. 7. One of the following subjects, at the option of the Candidate:—(1.) Greek.—Demosthenes, De Corona (first half); Sophocles, Philoctetes. (2.) French.—Souvestre, Un Philosophe sous les Toits. (3.) German.—Lessing, Minna von Bernhölm.

5. Masters and Bachelors of Arts of any British or Foreign University, whose Course of Study may from time to time be approved of by the College, will be exempted from the Preliminary Examination; also those who have passed the Examination of the National Educational Board or of any of the Licensing Boards recognised by the Medical Act.

6. The Professional Examination will be divided into two parts, according to the following arrangement of subjects:—(1.) Anatomy, Physiology, Chemistry. (2.) Materia Medica and Pharmacy, Pathology and Pathological Anatomy, Practice of Medicine, Surgery, Midwifery, Medical Jurisprudence, Clinical Medicine. No Candidate will be admitted to the First Examination until the end of his Second Winter Session; or to the Second until he has completed four years professional study. The Examinations will be conducted partly *vivâ voce*, partly by written papers.

7. The following will be the periods of Examination up to October, 1884:—(1.) Preliminary Examinations in Literature and Science—Tuesday, Wednesday, and Thursday, April 8, 9, and 10; Friday, Saturday, and Monday, July 4, 5, and 7. (2.) First Professional Examinations—Wednesday, January 16, April 16, July 16, and October 15. (3.) The Second Professional Examinations will be held on the Thursdays and Fridays following the First Professional, and will occupy both days.

8. Candidates for the Licence of the College who have passed the first Professional Examination before a Qualifying Body (provided it be as extensive as that required by this College), will be once admitted to the second part of the Examination.

9. Meetings for the Examination of Candidates who already possess a qualification from a recognised Licensing Body will be held on the first Wednesday of every month (with the exception of September and October), and, if necessary, on the following days.

10. No Candidate is admissible to Examination who has been rejected by any Licensing Body within three months previous to his Examination, and every candidate is required to sign and send in along with his certificate a declaration stating that he has not been rejected within that period.

11. The Fee for the Licence is Fifteen Guineas. When a Candidate is about to pay for the First Professional Examination he shall pay Six Guineas, and for the Second or Final Nine Guineas; but, if exempted from the First Professional Examination, he shall, before appearing for the Final, pay the whole Fee of Fifteen Guineas. In the event of a Candidate being unsuccessful at the First Professional Examination, the sum of Three Guineas, and at the Second or Final, that of Four Guineas, will be retained; and this Regulation will also apply to Candidates which the Candidate may have been previously rejected on one or more occasions.

12. Candidates may be admitted to Special Examination, on days other than those specified above, on bringing forward reasons satisfactory to the Council, and on paying an Extra Fee of Five Guineas. Should the Candidate be unsuccessful, the sum of Eleven Guineas will be retained.

13. All Candidates for Examination are required to communicate with the Secretary of the College, not less than eight days before the date of the Examination at which they propose

Digitized by Google

ppear, and the Fees must be lodged with the Secretary at least four days before the date of the Examination.

II. Of the Membership.

1. Any Licentiate of a College of Physicians, or Graduate of a British or Irish University, with hose knowledge of Medical and General Science the College may be satisfied, may be admitted a ember of the College, provided he shall have attained the age of twenty-four years.

2. Every motion for the election of a Member shall be made at a quarterly meeting of Fellows one of the Fellows present, and seconded by another; and this motion shall be determined by lot at the next quarterly meeting—a majority of three-fourths being necessary to carry it in the rmative.

3. Every Candidate for the Membership (except such as shall be admissible under the pro- ons of Section 6) shall be required to pass an Examination—(1) On the Principles and ctice of Medicine, including Therapeutics; (2) On one of the following subjects to be selected he Candidate:—(*a*) Pathology, including Morbid Anatomy; (*b*) Medical Jurisprudence and lic Health; (*c*) Midwifery and the Diseases of Women; (*d*) Psychological Medicine.

. Application for the Membership shall be made through the Secretary, who shall transmit e Candidate a copy of the Regulations and Plan of Examination, together with a form of ion.

. The Candidate shall return the petition duly filled up to the Secretary, and shall, at the time, transmit Testimonials of recent date from well-known members of the profession, ying as to his professional and social standing. These documents shall be submitted to the cil, who shall also employ such other methods of scrutiny as they may deem necessary. If ied as to the eligibility of the Candidate, the Council shall authorize his examination by the d of Examiners, who shall report the result of the Examination to the Council. If the t of the Examiners be satisfactory, the Council shall report the same to the College at the quarterly meeting, when it shall be competent for a motion to be made for the election of candidate to the Membership of the College.

If any Candidate who has attained the age of forty years, and has been a Registered Prac- r for not less than ten years, shall produce testimonials showing that he has been guished for his scientific attainments, or eminence as a Medical Practitioner, the Council f they see fit, exempt him from the whole or any part of the prescribed examination.

Every motion for the election of a Member shall be made at a quarterly meeting of the e by one of the Fellows present, and seconded by another, and the motion shall be deter- by ballot at the next quarterly meeting: a majority of three-fourths of the Fellows present necessary to carry it in the affirmative.

The dates of the Examinations for the year ending 31st July, 1884, shall be 8th and 9th y, the 8th and 9th April, and the 8th and 9th July, but applications must be made to retary not less than one month previous to the date of the Examination at which the Candi- oposes to appear.

III. Of the Fellowship.

o one shall be elected a Fellow of the College until he has been at least one year a Member and has attained the age of twenty-five years.

very motion for the election of a Fellow shall be made at a quarterly meeting of Fellows f the Fellows present, and seconded by another; and this motion shall be determined by the next quarterly meeting of Fellows—a majority of three-fourths being necessary to in the affirmative.

an urgent reason satisfactory to the Council be assigned, a Candidate may be proposed at ordinary meeting of the Fellows summoned for the purpose, and his petition may be bal- at an extraordinary meeting of the Fellows specially summoned for the purpose; provided holding of this special meeting be agreed to by a majority of five-sixths of the Fellows t the meeting at which the Candidate was proposed; provided also that not less than one ervene between the two meetings, and that due notice of the intended ballot be given in s summoning the second meeting. The Candidate shall in this case pay to the Treasurer a ten Guineas in addition to the ordinary Fees.

very Fellow resident within five miles from the General Post-Office of Edinburgh shall, on on, have his name placed on the Roll of Attendance, and shall pay the Annual Contribu- be subject to all the Laws of the College regarding Fines. Fellows resident beyond five ll have the option of having their names on the Roll of Attendance or not; but if their on the Roll of Attendance, they shall pay the Annual Contribution, and be subject to

IV. Of the Fees.

e Fee to be paid by a Member shall be Thirty Guineas.

Licentiate who has obtained the Licence prior to the 1st August, 1876, when raised to the Member, shall pay Twenty Guineas; a Licentiate obtaining the Licence subsequent to , shall, when raised to the rank of Member, pay Fifteen Guineas.

hen a Member shall be raised to the rank of Fellow, he shall pay Thirty Guineas, exclu- tamp-duty.*

* The Stamp-duty on the Fellowship payable to Government is £25.

FOREIGN ARMY, NAVY, DENTAL &c. IRELAND

LONDON PROVINCIAL SCOTLAND

4. All Candidates for Fellowship or Membership must lodge their Fees, and the amount of Stamp-duty payable at the time to Government, with the Treasurer, previously to presenting their petitions.

Of the Certificate of Qualification in Public Health.

General Regulations.—1. Candidates shall be already on the Medical Register and be entered there as possessing a Qualification in Medicine. 2. Candidates shall not, in the meantime, be required to attend any Special Courses of Instruction; but their attention is directed particularly to Courses of Lectures on State Medicine, and to the Practice of Analytical Chemistry. 3. Candidates shall be subjected to two Examinations. Such Examinations may be taken simultaneously or with an interval not exceeding twelve months. 4. The Examinations shall be written, oral, and practical. 5. The Examinations shall be held in the Physicians' Hall, or elsewhere if found more convenient. 6. Rejected Candidates shall not be admitted for re-examination till after the expiry of six months.

Examinations.—1. The First Examination shall embrace—1. *Physics.*—Especially Pneumatics, Hydrostatics, Hydraulics, and Engineering in relation to Sanitary Operations, including a knowledge of Architectural and other Plans, Sections, etc. 2. *Chemistry.*—Especially Analysis of Air, Water, Food, including the Biology of Putrefaction and allied processes. 3. *Meteorology.*—Including Climate, Topographical and Seasonal Influences in relation to Health and Disease.

2. The Second Examination shall embrace—1. *Epidemiology and Endemiology.*—Including the corresponding departments in the Diseases of Animals and Plants,—Contagious Diseases,—Diseases of Periods of Life, Professions, Trades, Seasons, and Climates. 2. *Practical Hygiene.*—Duties of a Health Officer; Food; Water Supply; Sewerage and Drainage; Construction of Hospitals, Public Buildings, Dwellings; Manufactories; Cemeteries; Nuisances. 3. *Sanitary Law and Vital Statistics.*

3. Meetings for both Examinations shall be held annually in April and October. The first Examination shall be held on the second Tuesday of the month, and shall occupy one day; the second Examination on the immediately succeeding Thursday of the same week, and shall occupy one day. 4. Candidates may enter for both Examinations in the same week, or for one only. 5. The Examinations must be passed in their order, first and second. 6. Candidates must appear for the second Examination not later than twelve months after having passed the first. 7. A Candidate remitted at his second Examination will be allowed to come up again after a further period of six months; but if he then fail to pass, he will be required again to undergo the first as well as the second Examination before obtaining the Certificate.

Fees.—1. No one shall be recognised as a Candidate till he has paid the Fee for the first Examination. 2. The Fees for Examinations must be paid at least a week before the day of Examination. 3. The whole charges by the College for the Certificate amount to Ten Guineas. 4. The Fee for the First Examination is Three Guineas; the Fee for the Second Examination is Three Guineas; the Fee payable before receiving the Certificate is Four Guineas. 5. Candidates forfeit the Fee for the Examination which they have been unsuccessful in passing. 6. If a Candidate who has offered himself for both Examinations fail to pass the first, he shall not be allowed to present himself for the second, and his Fee for the second shall be returned to him.

Examinations for the Double Qualification of Licentiate in Medicine and Licentiate in Surgery.

The Royal College of Physicians of Edinburgh, and the Royal College of Surgeons of Edinburgh, while they still continue to give their Diplomas separately, under separate Regulations, have made arrangements by which, after one series of examinations, the student may obtain the Diplomas of both Colleges. The general principle of this Joint Examination is, that it shall be conducted by a Board, in which each body is represented, for examination in those branches which are common to both Medicine and Surgery; but that the College of Physicians shall take exclusive charge of the examination in Medicine, and the College of Surgeons of the examination in Surgery. The object of the joint-examination is to give to students facilities for obtaining from two separate bodies, and at less expense, a qualification in Medicine and a qualification in Surgery. Students passing that examination successfully will be enabled to register two qualifications under the Medical Act—Licentiate of the Royal College of Physicians of Edinburgh, and Licentiate of the Royal College of Surgeons of Edinburgh. The arrangement for thus conferring a double qualification by the operation of the two Colleges is in conformity with Section XIX. of the Medical Act, and received the special sanction of the General Council of Medical Education and Registration, at a Meeting held on the 7th August, 1859. A code of regulations to be observed by candidates for the double qualification, both as regards General and Professional Education and Examination, may be had on application at the Hall of the Royal College of Physicians, or at the Hall of the College of Surgeons, Edinburgh

For further particulars see page 1503.

Regulations.

Schools of Medicine.—1. Every Candidate for a Surgical Diploma must have followed his course study (Professional Education, 2) in a University; or in an Established School of Medicine, as ed below; or in a Provincial School specially recognised by the College of Surgeons of that on of the United Kingdom in which it is situate.

Under the title Established Schools of Medicine are comprehended the Medical Schools of those of Great Britain and Ireland in which Diplomas in Surgery are granted, and such colonial reign schools as are similarly circumstanced in the countries in which they exist.

Qualifications of Teachers.—1. The following classes of persons shall be entitled to give Lectures may be attended as part of the course of study:—1st, In the Universities of Great Britain land—the Professors of those Institutions. 2nd, In Scotland, Fellows of the Royal College cians of Edinburgh, Fellows of the Royal College of Surgeons of Edinburgh, and Fellows Faculty of Physicians and Surgeons of Glasgow, whose Lectures have been sanctioned in by the College or Faculty to which the Lecturer belongs.* 3rd, In England, Fellows and ates of the Royal College of Physicians of London, and Fellows and Members of the Royal of Surgeons of England whose status as Teachers has been admitted by these Colleges ely. 4th, In Ireland, Fellows and Licentiates of King's and Queen's College of Physicians in and Fellows of the Royal College of Surgeons in Ireland, whose status as Teachers has been d by those Colleges respectively.†

The College will not recognise any course of lectures delivered subsequently to 1st May, a Professor or Teacher who lectures upon more than one of the branches of instruction in the Curriculum; nor any course delivered by a Professor or Teacher who, in addition to course, lectures upon a branch of instruction, medical or general, not included in the Cur- unless such Professor or Teacher shall have obtained special leave from the College to do so. ithstanding the above regulation, the teaching of two branches may be undertaken by vidual in the following instances, without disqualification being incurred—viz., Anatomy tical Anatomy; Chemistry and Practical Chemistry; and further, Clinical Medicine or urgery may be taught simultaneously with any one of the other courses of education pre- the Curriculum, by a Physician or Surgeon qualified according to the regulations of the and attached to a public hospital of the size prescribed by the regulations.

Professional Education.

Candidates commencing professional study after September 16, 1866, must have been engaged ty-five months after passing the Examination in General Education,‡ in professional study, iod shall include not less than four Winter Sessions', or three Winter and two Summer attendance at a recognised Medical School.§

Candidate must produce Certificates of having attended the following separate and dis- es of Lectures at such Schools and under such Teachers as are defined in *Schools of* nd *Qualifications of Teachers*, the Certificates distinguishing the Schools, and the Sessions hey were severally attended:—

		Duration—at least
. . . . .	2 Courses‖	Six months each.
Anatomy	. . .	Twelve months.
n the option of the Candidate—		
. . . . .	1 Course	Six months.
Anatomy	. . .	Eighteen months.
. . . . .	1 Course	Six months.
Analytical Chemistry	1 Do.	Three months.
edica	1 Do.	Three months.
. . . . .	Not less than 50 Lectures.¶	
Medicine	1 Course	Six months.

College enacted, in 1846, Statutes regarding the manner of sanctioning lecturers and the Edinburgh School, which is by special examination on their several departments. nly lecturers excepted from this law are those on Chemistry, who may be persons non- recognised by the College after examination by a joint board with the College of Physi- nformity with Statutes enacted in May, 1847, and printed separately.

e laws relating to registration, *Preliminary Examination*, 1, and *Professional Examina-*

dates commencing professional study before the 16th September, 1866, will be admitted l Examination after four Winter Sessions', or three Winter and two Summer Sessions' at a recognised Medical School.

o courses must not be attended in the same Session.

e Schools of England and Ireland in which two separate courses of lectures are separate hours, one on Anatomy, the other on Anatomy and Physiology, the former of will be received as a course of Anatomy, and the other as a course of Physiology.

Digitized by Google

		Duration—at least
Clinical Medicine	1 Course	Six months.*
Principles and Practice of Surgery	1 Do.	Six months.
Clinical Surgery	1 Do.	Six months.*
A third Course of Surgery, which may be either Principles and Practice of Surgery or Clinical Surgery, at the option of the Candidate	1 Do.	Six months.*
Midwifery and the Diseases of Women and Children	1 Do.	Three months
Medical Jurisprudence	1 Do.	Three months

The six-months' Courses delivered in Scotland must consist of not fewer than one hundred Lectures, with the exception of Clinical Medicine and Clinical Surgery. The three-months' Courses must consist of not fewer than fifty Lectures.

3. Besides the above-mentioned courses of lectures, the Candidate must produce the following certificates:—(*a*) Of having attended six cases of Labour under the superintendence of the Practitioner who signs the certificate, who must be a Registered Medical Practitioner. (*b*) Of having attended, for three months, instructions in Practical Pharmacy; the certificate to be signed by the teacher, who must be a Member of the Pharmaceutical Society of Great Britain, or a Chemist and Druggist recognised by either College on special application, or the Superintendent of the Laboratory of a Public Hospital or Dispensary, or a Registered Medical Practitioner who dispenses medicines to his patients. (*c*) Of having attended, for twenty-four months, a Public General Hospital containing at an average at least eighty patients. (*d*) Of having attended, for six months, Practice of a Public Dispensary specially recognised by the College, or of having been engaged six months as visiting Assistant to a Registered Practitioner. (*e*) Of having been instructed in Vaccination; the certificate to be signed by the teacher, who must be a Registered Practitioner. (*f*) Of having attended, for three months, the post-mortem room of a recognised Hospital. This rule applies to all who commenced professional study after 1st October, 1861.

4. The following order of study is recommended as a guide to the Student, though not enjoined.

First Year . Anatomy,—Practical Anatomy,—Chemistry,—Practical *or* Analytical Chemistry,—Hospital.

Second Year . Anatomy,—Practical Anatomy,—Physiology,—Surgery,—Materia Medica, *either in this or the Third Year*,—Hospital.

Third Year . Practice of Physic,—Clinical Surgery,—Practical Anatomy,—Practical Pharmacy,—Pathological Anatomy,—Hospital.

Fourth Year . Surgery, *or* Clinical Surgery,—Midwifery and the Diseases of Women and Children,—Clinical Medicine,—Medical Jurisprudence,—Practical Midwifery,—Hospital.

It is strongly recommended to Students to avail themselves of any opportunities which they may possess of attending, in addition to the courses of instruction which are absolutely required, Lectures on Ophthalmic and Mental Diseases; also on Botany, Zoology, and Comparative Anatomy, and of obtaining practical instruction in the use of the Microscope.

Preliminary Examination in General Education and Registration.—1. All Students who intend becoming Candidates for the Diploma of the College must have passed the Preliminary Examination in General Education, and have had their names inscribed in the Register of Medical Students instituted by the General Medical Council, at the commencement of their Professional Studies.

2. The subjects of the Preliminary Examination in General Education for 1864 shall be as follows, viz.:—1. English language, including Grammar and Composition; English History and Modern Geography. 2. Arithmetic, including Vulgar and Decimal Fractions. 3. Algebra, including simple Equations. 4. Geometry, first two Books of Euclid. 5. Latin—Ovid, Fasti; Cicero, De Finibus Bonorum et Malorum, Book I. and II. 6. Elementary Mechanics of Solids and Fluids. (Students can be registered without having passed in the last of these subjects, but in that case it must be passed at some period previous to their first professional examination.) One of the following subjects, at the option of the Candidate:—(1) Greek, (2) French. (3) German. (In Latin, Greek, French, and German, parsing of words from the passages given to be construed will be required; also, translation of short sentences from English into the respective language.)

3. Preliminary Examinations shall be conducted at stated periods,‡ by a Board of Examiners in Arts chosen from time to time by the College, in conjunction with the Royal College of Physicians.

4. Students who intend to undergo the Preliminary Examination, shall give their names, addresses, and places of birth to the officer, not later than two days before the day of examination, and pay a fee of ten shillings, not to be returned in case of rejection.

5. Candidates, the commencement of whose Professional Studies was prior to 16th September 1866, may pass the Preliminary Examination in General Education at any of the periods prior to the First Professional Examination; but are recommended to do so at the earliest possible period. Candidates under this regulation who have not passed a Preliminary Examination a

ducation, will be required to undergo that Examination before admission to the first Professional xamination, and shall pay a fee of 1*l.*

6. Certificates of having passed the Examinations in General Education, conducted by certain ducational Bodies, shall exempt from the preliminary examination in General Education insti- ted by the Colleges.

7. Any optional subject in the list given in Appendix, page 1091, although not included in the ure Regulations, if passed at any of the Examinations recognised by the General Medical Coun- will be accepted as equivalent to one of the optional subjects in Part II.

Professional Examinations for the Diploma of the College.

1. Candidates for the Diploma of the College shall be subjected to two Professional Examina- s, to be conducted at separate sittings, partly in writing and partly orally.

. Opportunities for both Examinations will be presented five times in each year.* On each ese occasions the Candidates shall assemble to write answers to the questions proposed, and ral examinations shall be conducted on the days immediately succeeding.

Unsuccessful Candidates either at the first or second Examination will be remitted to their s for a period to be determined by the judgment of the Examiners, but not in any case less hree months.

First Examination.—The first Examination shall embrace Anatomy, Physiology, and Che- , (the Chemistry Examination to be restricted as under,)† and shall take place not sooner the end of the second Winter Session.

Candidates who desire to pass the first Professional Examination must apply to the Secretary, Melville-street, Edinburgh, on or before the Friday preceding the day of examination,‡ ust produce certificates of attendance in regard to all those Courses of Instruction which eference to the subjects of that examination. They must also produce evidence of having the Preliminary Examination.

The sum of 6*l.* 6*s.* must be paid to the Treasurer of the College, at 20, Melville-street, urgh, for this Examination, not later than Nine A.M. of the Saturday preceding it. This sum considered as paid to account of the entire fee of 15*l.* 15*s.* payable for the Diploma.§

n the case of a Candidate being unsuccessful at this Examination, 3*l.* 3*s.* will be returned to e remaining 3*l.* 3*s.* being retained to meet the expense of conducting the Examination. le applies also to any subsequent rejection.

econd Examination.—The second Examination shall embrace Surgery and Surgical y; also Medicine, Midwifery, Materia Medica, and Medical Jurisprudence; and shall place before the termination of the Winter Session of the last year of Study. In the case idates who began their course of Study after 16th September, 1866, it will not take place till hs after the Examination in General Education [See *Professional Education*, 1.]

pplications for Examination must be made to the Secretary not later than the Monday to the day of the Examination.‡

Every Candidate must produce to the Secretary, 20, Melville-street, Edinburgh—1st, ory evidence of his having attained the age of twenty-one years, and of having been duly d [See *Preliminary Education*]; 2nd, Certificates of having attended the classes enume- *Professional Education*, 2, together with the other certificates enumerated in *Professional* n, 3]; 3rd, The Certificate of his having passed the first Professional Examination; and 4th, statement (for which a printed form will be furnished by the Officer) exhibiting the whole ofessional education, and distinguishing the Classes, Hospitals, Dispensaries, and Schools during each session of his studies. If he has been an Apprentice he must also insert the his master, the date of his indenture, and the length of time for which he is bound. This t, accurately filled up, must be attested by his signature, and will be preserved by the s a record.

the Candidate has been an Apprentice to a Fellow of the College he must also produce urged indenture.

n the production of these documents, the Secretary will give the Candidate a letter ng the Examiners to admit him to examination.

he remaining fee payable to the College (being 9*l.* 9*s.*), together with the receipt for the fee he first Professional Examination, must be lodged not later than Nine A.M. of the Tuesday the Examination-day, in the hands of the Treasurer, at 20, Melville-street, Edin- The sum of 5*l.* 5*s.* will be returned to unsuccessful Candidates.

ndidates who have passed the first Examination in Anatomy, Physiology, and

Chemistry, at any of the Licensing Boards recognised by the Medical Act, will be admissible to the second Professional Examination on producing certificates of the whole Course of Study, of having passed their Preliminary and first Professional Examinations, and of having been registered as a Medical Student. If any of the three subjects of the first Professional Examination have been omitted,* such Candidates will have to undergo the first examination on the omitted subjects; and none of the subjects of the second Examination (§ 8) will be omitted, even if some of them should have formed part of the first examination by another Board. The Fee will be 15*l.* 15*s.* Unsuccessful Candidates, under this regulation, will receive back 11*l.* 11*s.* This rule will also apply to any subsequent rejection.

15. Candidates desirous of Special Examinations on other days than those fixed by the Regulations must prepare a case to be submitted to the consideration of the authorities of the College, with evidence to show why it was and is impossible for them to avail themselves of the ordinary examinations, past or future. They must *at the same time produce Certificates of the whole of the prescribed Course of Study, and of having passed the Preliminary Examination, and must state the earliest and the latest days within which they can present themselves.*† It is very desirable that such Candidates, and especially those who are at a distance from Edinburgh, should present their applications as long beforehand as possible. The Fees for special examinations, which must be lodged by Nine A.M. of the day preceding the Examination-day, are as follows, viz.:—[illegible] and second examinations; of which 12*l.* will be returned to Candidates remitted on the [illegible] amination; but no part of the money will be repaid to Candidates who, having passed the [illegible] are unsuccessful in the second examination;—17*l.* for second examination. Of this no part [illegible] be returned to the Candidate if unsuccessful. N.B. Each of the two Professional Examinations requires one day for the written part of the examination. The clinical and oral will follow on a subsequent day.

16. In order to test more effectually the practical knowledge of Candidates, recent diseased anatomical specimens, and articles of the Materia Medica, will be employed during the examinations; and all Candidates will be required to write out formulæ of prescription. They will also be subjected to a practical clinical examination in the Surgical Hospital, including the application of surgical apparatus, bandages, &c.

17. No Candidate shall be admissible to examination who has been rejected by any Licensing Board within the three months preceding his application to be examined.

18. The sums stated in the various sections of this and the preceding Chapter include all fees of every kind, and the Officer is prohibited from receiving any.

REGULATIONS TO BE OBSERVED BY LECTURERS IN EDINBURGH.

1. Every Lecturer at this School of Medicine shall ascertain, at least twenty-five times in a six-months' course, and twelve times in a three-months' course, the actual attendance given by pupils.

2. He shall do this by calling the name of each pupil at least once a week, and entering in regular roll-book the presence or absence of each individual; the Students, of course, being in ignorance of the particular days on which this is to be done, excepting on the occasion of the first roll-call, which shall not be later than the fifteenth day of the Session.

3. The said roll-book shall be kept according to a form prescribed by the College; shall be carefully preserved; and shall be at all times accessible to the Secretary of the College. It shall be incumbent to examine the roll-book of each Class at least once during every [illegible] before the termination of the Winter and Summer Sessions respectively.

4. On granting Certificates of attendance on their Classes, the Lecturers shall use the following form, filling up the blanks with words at length, and on no account employing figures—

"Edinburgh,

"I hereby certify that Mr. attended my Course of Lectures [illegible] commencing on and [illegible] ; that the roll of the class was called times [illegible] Session; and that Mr. was present on of these occasions.

"(Signed) ——

5. When a Student's Certificate of attendance bears that he has been more than [illegible] absent in a six-months' course, or more than thrice in a three-months' course, when the roll of the class was called, the Inspector shall intimate this at the foot of that Student's letter to the examiners, specifying the branch or branches on which the attendance was defective, [illegible] he may be particularly examined upon them. But if, on the other hand, a Student's Certificate of attendance bears that he has been more than eight times absent in a six-months' course, or more than four times in a three-months' course, he shall not be admitted to examination [illegible] attended another Course of Lectures on every such department of Study.

6. When a Student's absence has been occasioned by sickness, or any other unavoidable cause, such cause shall be stated in the Certificate of attendance granted by the Lecturer. The President and Council of the College shall decide whether the Student shall or shall not be required to attend another course of such Lectures before presenting himself for examination.

7. The above Regulations shall be imperative on every Lecturer at this School of Medicine whose Lectures are recognised by the College; and it is hereby notified that, in the event of being ascertained that any Lecturer evades the faithful enforcement thereof, the College will hesitate to withdraw its recognition of his Course of Lectures.

---

* In none of these three subjects will the success of a Candidate in the Preliminary Examinations in General Education be held sufficient.

† Your attention is requested to the Italics.

embraces Anatomy, Physiology, and Chemistry.* Before being admitted to this Examinati the Student must have completed his second Winter Session of Study, and must produce evide of having passed a recognised Preliminary Examination (embracing Mechanics if the candid has been registered as a student after 1881), of having been registered as a Medical Stude the commencement of Professional Study, and of having given the required attendance on the fi five branches of the Curriculum.

5. The Second Examination embraces Surgery (including Operative and Clinical Surgery) Surgical Anatomy, Medicine, Materia Medica, Midwifery, and Medical Jurisprudence, and can undergone before the termination of the full period of Study. A candidate about to appear for Examination will receive, on application to the Secretary of the Faculty, a schedule which he fill up, so as to show his whole course of Study. This schedule, attested by the Signature of Candidate, will be preserved by the Faculty as a record, and everything entered in it mus verified by Certificates, which must be delivered to the Secretary for inspection, at least one prior to the day of Examination. Candidates must at the same time produce evidence of ha attained Twenty-one years of Age, and of having passed the First Professional Examinati

6. The First Examination will begin on Jan. 7, April 7, July 14, and Oct. 15. Applications admission must be made to the Secretary, not later than four days preceding the Examination.

7. The Second Examination will begin on Jan. 14, April 10, July 23, and Oct. 20. Appli for admission to the Second Examination must be made to the Secretary, not later than preceding the Examination.

8. The Fee for the Diploma is 15*l.* 15*s.* Of this sum 6*l.* 6*s.* is payable to the Secret entering for the First Examination, and 9*l.* 9*s.* on entering for the Second.

9. On each of the subjects there is a written and an oral Examination. At the Pr Examination the Candidate is examined practically, (1) in Anatomy, on recent dissections he is also called upon to dissect in presence of the Examiners; in Physiology, on micro specimens of simple tissues, physiological instruments and apparatus. &c.; in Chemistry, tests as are specified at footnote.

10. At the Final Examination, the examination in Surgery is (1) Written, (2) Clinic Operative, (4) Oral; in Medicine (1 Written, (2) Clinical, (3) Oral; in Materia Medi Written, (2) Practical, on Specimens (3) Oral; in Midwifery, (1) Written, (2) Practical struments and Apparatus, &c., (3) Oral; In Medical Jurisprudence, (1) Written, (2) Pr on Toxicological and other Specimens, (3) Oral.

11. Any Candidate who shall produce satisfactory evidence of having passed an Examin Anatomy, Physiology, and Chemistry, conducted by any of the Bodies named in Schedule the Medical Act (1858), and recognised by the Faculty as requiring a Course of Study Examination satisfactory to the Faculty will be exempt from the subjects of the First Pr Examination. But if the Candidate has not passed in all the three subjects, he shall be to the Full Examination.

12. Graduates in Medicine of any British University, and Licentiates in Medicine of Licensing Bodies in Schedule (A) of the Medical Act, authorised to grant Diplomas in M shall be exempted from Examination in Materia Medica, and from the written and oral tions, in Medicine, and shall be examined in Surgery, Clinical Medicine, Midwifery, and Jurisprudence.

13. Unsuccessful Candidates are remitted to their studies for a period determined by ment of the Examiners. Any Candidate who has been twice remitted to his studies, Primary or the Final Examination, shall be ineligible to appear again until he has Certificate of having attended at a Medical School or Hospital a Course of Instruction subject or subjects on which he was found defective, the duration of the Course to be by the Examiners, but not in any case to be less than three months; and the Candidate ineligible to enter again till the expiry of six months from his rejection.

14. In the case of a Candidate remitted to his studies at the First Examination the Three Guineas of the fee deposited is retained to meet the expenses of the Examination Second Examination the sum of Four Guineas is retained for a similar purpose from every unsuccessful Candidate. In both cases the remainder of the Fee is returned to date; but in the case of a Candidate being remitted to his studies more than twice, fee shall be returned to him at the third or any subsequent rejection.

15. Any Candidate rejected by another Board is ineligible to enter for Examination period of six months from the date of his rejection. If his rejection involved attendance additional Course of Study at a Medical School or Hospital, he must produce evidence fulfilled this condition.

DOUBLE QUALIFICATION IN MEDICINE AND SURGERY, CONFERRED CONJOINTLY FACULTY OF PHYSICIANS AND SURGEONS OF GLASGOW, AND THE ROYAL COLLEGE PHYSICIANS OF EDINBURGH.

The Faculty of Physicians and Surgeons of Glasgow, and the Royal College of Edinburgh, while they continue to give their Diplomas separately, under separate

* The Examination in Chemistry will be varied from year to year. During limited both at the examination for the single and the double qualification to the The general principles of the Science, including Chemical Physics, with the ments. e made arrangements by which, after one series of Examinations, the Student may obtain two rate Licences: one in Medicine and one in Surgery. The general principle of this Joint mination is, that it is conducted by a Board in which each Body is represented; the *t being to give* to Students facilities for obtaining from two separate Bodies, and at less me, a Double Qualification in Medicine and in Surgery. Students passing these Examinations essfully will be enabled to register two Qualifications under the Medical Act, viz.:—Licentiate e Faculty of Physicians and Surgeons of Glasgow, and Licentiate of the Royal College of icians of Edinburgh. The First Examination for the Double Qualification will be held in the lty Hall, Glasgow, on Jan. 7, April 17, July 14, and Oct. 15. The Second Examination will be Jan. 21, April 14, July 28, and Oct. 27. Applications to be admitted either to the First or the d Examination must be made to the Secretary of the Faculty, not later than one week pre- the Examination. The Fee for the Diploma is 21*l.*, and is apportioned thus:—8*l.* 8*s.* is d to the Secretary of the Faculty on entering for the First Examination, and 12*l.* 12*s.* on *g for the* Second Examination. The curriculum of study embraces a course of Medicine al to that required for the Licence of the Faculty. The other Regulations are nearly the s those for the Diploma of the Faculty.

PRELIMINARY EXAMINATIONS.

Preliminary Examinations in General Literature in accordance with the Regulations of the l Medical Council, will be held in the Faculty Hall on March 28, June 27, Sept. 12, and Oct. 17, A.M.; and on each occasion the Examination will be continued on the succeeding day. The nation will embrace the following subjects:—1. English, including Dictation, Grammar, mposition. 2. (2.) French—Molière's Les Femmes Savantes. (3.) German—Schiller's Ges- des dreissigjährigen Kriegs Esther Theil (Buch I., II.) (4.) Elements of Chemistry. —In the Latin, Greek, French, and German Papers, questions on Grammar will be given ial stress will be laid on accurate grammatical knowledge.

BSTRACT OF REGULATIONS FOR THE ELECTION, ADMISSION, ETC., OF FELLOWS.

Candidate for the Fellowship of the Faculty as a Physician must be a Doctor of Medicine *versity of* the United Kingdom, or of a foreign University recognised by the Faculty. A e for the Fellowship as a Surgeon must be a Licentiate of the Faculty or a Fellow, or Licentiate of one of the Royal Colleges of Surgeons of the United Kingdom, or a r Bachelor of Surgery of a University of the United Kingdom. 2. A Candidate for the ip must make application to the President, at the same time intimating whether he desires nitted *qua* Physician or *qua* Surgeon, and the qualifications he possesses. Along with the n he shall submit a proposal signed by two Fellows of the Faculty. After being proposed inary meeting of the Faculty, he shall submit to the Council all necessary evidence of ssional qualifications, and of his being of unexceptionable moral character, and, if by the President, he shall appear personally before the Council of the Faculty. 3. A the proposal shall be placed in the Reading-room till the next Ordinary Meeting ecuity, when, the Council having reported that the Candidate is eligible, and no e ground for delay being shown, the Faculty shall proceed to determine his election 4. For the election of a Fellow two-thirds of the votes given must be in favour of his . If elected, an intimation to that effect shall be sent by the Clerk of the Faculty ndidate, who shall at a subsequent ordinary meeting of the Faculty, or of the Council e admitted as a Fellow, upon making and subscribing the required declaration. 5. A o does not find it convenient to attend personally may be permitted by a vote of the o be enrolled in absence, if he transmits a letter of obligation to make and subscribe ed declaration before taking his seat. In such a case the Diploma shall be granted after . 6. The entrance fee (to be deposited with the Treasurer before proposal) shall, for a Fellow, be 50*l.* 7. A Candidate residing beyond five miles from the Faculty Hall may l as a non-resident Fellow, with such privileges as are provided by Regulation No. 8. nce fee in such case (to be deposited before proposal) shall be 25*l.* 8. The non-resident all have the same privileges in the meetings of the Faculty and in the use of the Read- and Library as the resident Fellows, but they shall not be eligible to any of the offices tments of the Faculty. 9. In the event of a non-resident Fellow coming at any time within five miles of the Faculty Hall, he shall cease to have any right or privilege what- a Fellow, until he has paid to the funds of the Faculty the difference between the sum he y paid, and the amount of the entrance fee of a resident Fellow eligible at the time of on as such. 10. No Fellow of the Faculty shall keep an open shop for the sale of drugs erchandise. 11. Every Fellow after admission shall receive a Diploma sealed with the Seal. (*Note.*—By resolution of Oct. 15, 1883, the Faculty agreed that after a date to e Fellowship shall be granted only after examination.)

THE DENTAL DIPLOMA.

didates for the Dental Diploma must have been engaged during a period of not less than in acquiring professional knowledge. During at least three years they must have

FOREIGN ARMY, NAVY, DENTAL &c. IRELAND

Digitized by Google

been engaged in acquiring a knowledge of Mechanical Dentistry under a practitioner registered under the Dental Act.*

2. Candidates (not exempted under Section 10) must have attended the following Curriculum:—Anatomy, One Winter Session; †Anatomy of Head and Neck, not less than 20 Lectures; Dissection, Nine Months; Physiology, One Course of Six Months; Chemistry, One Course, Six Months; Practical Chemistry, with Metallurgy, One Course, Three Months; Surgery, One Course, Six Months; Medicine, One Course, Six Months; Materia Medica, One Course, Three Months; Attendance at a recognised Surgical Hospital, with Clinical Instruction, not less than Six Months. And the following Courses, special to Dentistry:—Dental Anatomy and Physiology, Human and Comparative, not less than Twenty-four Lectures; Dental Surgery, not less than Twenty Lectures; Metallurgy, not less than Twelve Lectures (unless specially included in Practical Chemistry); Mechanical Dentistry, not less than Twelve Lectures or Demonstrations; Attendance for two years on a recognised Dental Hospital, or the Dental Department of a recognised General Hospital.

3. All Candidates who commenced their professional education on or after 1st August, 1878, must produce a Certificate of having passed the Preliminary Examination for the ordinary Surgical Diploma of the Faculty, or one of the Examinations recognised as equivalent to it.

4. The Examination shall be conducted at two sittings. At the first of these the subjects shall be Anatomy, Physiology, and Chemistry (with Metallurgy). At the second the subjects shall be Surgery, Medicine (with Materia Medica), and the subjects special to Dentistry—viz. Dental Anatomy and Physiology, Dental Surgery and Pathology, and Dental Mechanics.

5. The Examination shall be conducted both by Written Papers and Oral Questions. Preparations, casts, instruments, drawings, &c., may be employed at the discretion of the Examiners. Candidates are also tested in manipulative skill by an Examination in a Dental Hospital.

6. The fee for the Dental Diploma shall be Ten Guineas, Four Guineas being deposited with the Secretary on entering for the first part of the Examination, and Six Guineas on entering for the second part.

7. Unsuccessful Candidates are remitted to their studies for a period to be determined by the judgment of the Examiners, but in no case for less than three months.

8. In the case of a Candidate being unsuccessful at the first part of the Examination, the sum of Two Guineas of the fee deposited shall be retained to meet the expenses of the Examination; in the second part of the Examination, the sum of Three Guineas shall be retained for a similar purpose from the fee of every unsuccessful Candidate. In both cases the remainder of the fee shall be returned to the Candidate.

9. Candidates already qualified under the Medical Act shall be required to produce only Certificates of Attendance in the subjects special to Dentistry, and shall be examined in these subjects only.

10. Candidates in practice as Dentists before August, 1878, and registered under the Dental Act, who are unable to produce the Certificates required under section 2, shall produce a Certificate of moral and professional character, signed by two registered medical practitioners. They shall also fill up a form of application, in which they will furnish replies to certain questions as to age, length of period in practice, professional education and status, &c. Copies of this form may be had on application to the Secretary.

11. The Council of the Faculty shall have absolute power to determine what Candidates are to be admitted under the foregoing section (10). Candidates so admitted shall be subjected to the same examination as those admitted under section 2.

12. Every Candidate, on being admitted as a Licentiate, shall subscribe the following Declaration:—"I do solemnly and sincerely declare that I will exercise the several parts of my profession to the best of my knowledge and ability, for the good, safety, and welfare of all persons committed to themselves or committed to my care: and I hereby promise as a Licentiate in Dental Surgery that I will not advertise or employ any other unprofessional modes of attracting business, nor will I allow my name to be connected with any one who does so: and that I will loyally obey all laws of the Faculty, made or to be made, for the regulation of Licentiates in Dental Surgery."

13. The earliest age at which a Candidate shall be admitted a Licentiate is twenty-one.

14. Licentiates in Dentistry of the Faculty shall be entitled to consult books in the Library. They shall also have the same right of admission as Licentiates in Surgery to any Lectures which may be delivered in connection with the Faculty Lectureship.

15. The Examinations shall be held quarterly. Candidates are required to enter at least [illegible] days before the period of Examination. [As the applications of Candidates under sect 10 must be submitted to the Council, such Candidates are requested to lodge their applications, with all Certificates, not less than one month prior to the Examination.]

For further particulars, see page 1503.

---

* The three years' instruction in Mechanical Dentistry may be taken either before or after registration as a student; but no year of such mechanical instruction shall be counted as one of the four years of professional study unless taken *after* registration. One year's apprenticeship after registration may be counted as one of the four years of professional study.

† Or, as an alternative, a Second Course of Anatomy.

UNIVERSITY OF DUBLIN (TRINITY COLLEGE).

(1591.)

Chancellor, Lord Cairns. *Vice-Chancellor*, Sir Joseph Napier, Bart. *Provost*, Rev. Dr. Jellett. *Reg. Prof. Phys.*, Dr. J. T. Banks. *Regius Prof. Surg.*, Dr. W. Colles. *Prof. Anat. and Chirur.*, Dr. D. J. Cunningham. *Chem.*, Dr. J. E. Reynolds. *Surg.*, Dr. E. H. Bennett. *Surg.*, Dr. E. P. Wright. *Physics*, G. F. FitzGerald. *Comp. Anat.*, ——. *Pract. Med.*, Dr. J. M. Finny. *Mat. Med.*, Dr. W. G. Smith. *Inst. Med.*, Dr. J. M. Purser. *Midw.*, Dr. J. B. Kirkpatrick. *Med. Jurisp.*, Dr. R. Travers.

The following Degrees and Licences in Medicine and Surgery are granted by the University of Dublin:—(1.) Bachelor in Medicine; (2.) Doctor in Medicine; (3.) Bachelor in Surgery; (4.) Master in Surgery; (5.) Master in Obstetrics; (6.) Licentiate in Medicine; (7.) Licentiate in Surgery; (8.) Licentiate in Obstetrics. The qualifications requisite for these Licences and Degrees are the following:—

I.—BACHELOR IN MEDICINE.

Qualification in Arts.—The Bachelor in Medicine must be a Bachelor in Arts of Dublin, Oxford or Cambridge.

Qualification in Medicine.—Four years, at least, spent in the study of Medicine, including the following Courses of Lectures:—1. Anatomy; 2. Practical Anatomy; 3. Surgery; 4. Chemistry; 5. Materia Medica and Pharmacy; 6. Institutes of Medicine; 7. Practice of Medicine; 8. Midwifery; 9. Botany; 10. Laboratory Chemistry; 11. Medical Jurisprudence; 12. Comparative Anatomy; 13. Three years' attendance on the Clinical Instruction of Sir Patrick Dun's Hospital or other Medico-Chirurgical Hospital approved by the Board of Trinity College; 14. Certificate of personal attendance on cases of fever, specifying names and dates. 15. Six months' Practice in Midwifery; 16. Vaccination; 17. Physics.

The Candidates for the Degree of M.B., must have qualified by adequate answering at the Examinations, viz.:—the Previous Medical Examination, and the Bachelor of Medicine Examination.

The Certificates of Lecturers in the following Schools are recognised by the University of Dublin:—The School of Physic, Trinity College: the School of the College of Surgeons; Carmichael School; the School of the Catholic University; the Ledwich School.

The following Hospitals are recognised by the University of Dublin:—Sir P. Dun's Hospital; Hospitals of the House of Industry (Richmond, Whitworth, and Hardwicke); Meath Hospital; The City of Dublin Hospital; St. Vincent's Hospital; The Meath Hospital; the County of Dublin Infirmary; Jervis-street Infirmary; Dr. Steevens's Hospital; the Adelaide Hospital; the Mater Misericordiæ Hospital; St. Mark's Ophthalmic Hospital; the National Eye and Ear Infirmary.

II.—DOCTOR IN MEDICINE.

A Doctor in Medicine must be a Bachelor in Medicine of three years' standing, or have been qualified to take the Degree of Bachelor in Medicine for three years. He must also read a Thesis publicly before the Regius Professor of Physic, or must undergo an Examination before the Regius Professor of Physic, according to Regulations to be approved by the Provost and Senior Fellows.

III.—BACHELOR IN SURGERY.

A Bachelor in Surgery must be a Bachelor in Arts, and have spent four years in the study of Surgery and Anatomy. He must also have passed the M.B. Examination, before presenting himself at the B.Ch. Examination, having previously completed the prescribed Curriculum of Study.

The Curriculum comprises the following, in addition to the complete Course for the Degree of Bachelor in Medicine:—Operative Surgery, one Course; Dissections, two Courses; Ophthalmic Surgery, one Course.

Candidates are required to perform Surgical operations on the dead subject, and will also be examined in Bandaging and Minor Surgery, and in Surgical Pathology.

IV.—MASTER IN SURGERY.

A Master in Surgery must be a Bachelor in Surgery of three years' standing, or have been qualified to take the degree of Bachelor in Surgery for three years; and must read a Thesis publicly before the Regius Professor of Surgery, or undergo an examination before the Regius Professor, according to regulations to be approved by the Provost and Senior Fellows.

V.—MASTER IN OBSTETRICS.

A Master in Obstetric Science must have passed the M.B. and B.Ch. Examinations and produce Certificates of having completed the following Curriculum;—1. One Winter Course in Midwifery. 2. Six months' practice in a recognised Lying-in Hospital or Maternity. 3. A Summer Course in Obstetric Medicine and Surgery. 4. Two months' practice in the Cow-pock Institution.

Existing Graduates in Medicine, of the standing of M.D., are entitled to present themselves for Examination, without complying with Regulations 3 and 4.

Digitized by Google

VI.—LICENTIATE IN MEDICINE.

Qualification in Arts.—The Licentiate in Medicine must have kept two complete years in Arts.
Qualification in Medicine.—Same as the qualification for the Degree of Bachelor in Medicine—
., attendance on the prescribed Courses of Instruction, and the passing of a similar public
amination.

VII.—LICENTIATE IN SURGERY.

Qualification in Arts.—The Licentiate in Surgery must have kept two complete years in Arts.
Qualification in Surgery.—Same as for the Degree of Bachelor of Surgery—viz., attendance on
prescribed Courses of instruction, and the passing of a similar public Examination.
The Licences in Medicine and Surgery of the University of Dublin are recognised by the
ds of Examiners of the Navy, Army, and East Indian Army, and entitle the holder to register
r the provisions of the Medical Act of 1858.

VIII.—LICENTIATE IN OBSTETRICS.

The Course and Examination for the Licence in Obstetrics is the same as for the Degree in
tetrics.

PRIVILEGES OF MATRICULATED MEDICAL STUDENTS.

edical Students, being Junior or Senior Sophisters on the College Books, are exempted from
asics of the Junior Sophister year, and from one of the three optional Courses (Mathematical
ts, Experimental Physics, or Classics) of the Senior Sophister year. To obtain this privilege
ecessary that the Student be matriculated in Medicine, and that the proper certificates of his
ance on Medical Lectures are submitted to the Senior Lecturer.
udents in Medicine, who have their names on the College Books are entitled to attend a Course
ctures in Botany and in Surgery at a reduction of one-half, and in Chemistry at a reduction
third, of the usual fees. They are also entitled to a Course of Comparative Anatomy, of
imental Physics, and a second Course of Systematic Anatomy, free.
the Act 40 Geo. III., c. 84, the several Lecturers and Professors of the School of Physic are
during each Medical Session to return to the Senior Lecturer the names of such Students as
ttended their Lectures.
total expense of obtaining the degrees of Bachelor in Arts, Bachelor in Medicine, and
or in Surgery is two hundred guineas.
Candidates for the Medical and Surgical Licences of the University of Dublin are subject to
lege discipline during their Course.

M.B.

ourse for this Degree shall be one of at least four years' duration.
andidates for the Degree shall, in addition to attending the Lectures and complying with
r conditions to be from time to time prescribed, be required to pass the following Examina-
-The Matriculation Examination, the First University Examination, the First Examina-
Medicine, the Second Examination in Medicine, and the Degree Examination.
dical Student from one of the Queen's Colleges, the Queen's University, or any other
tion approved by the Senate, matriculated therein before the first of October, 1881; who
pleted at least one year of the Medical Curriculum in any of said Colleges, or in said
ity or Institution, shall be entitled to credit for a year's course in this University without
the First Examination in Arts.
ourse of Medical Studies shall extend over at least four years, and shall be divided into
of at least two years each, during which Periods the Students shall attend such courses of
s and hospital instruction, and comply with such other conditions as the Senate shall from
time order. The first Period shall comprise attendance on the following courses of Medical
e:—Chemistry, one course of at least six months. Practical Chemistry, a course of at least
onths' work in a chemical laboratory. Botany, with Herborization for practical study, and
. Anatomy and Physiology. Practical Anatomy.* Materia Medica. The second Period

---

ndidates are reminded that no certificates for Anatomy and Physiology will be accepted
y institution that does not possess properly fitted rooms with appliances sufficient for the
tance by the Students of proper experimental courses of Practical Anatomy and Practical
ogy and Histology.

Digitized by Google

shall comprise attendance on the following courses of Medical Lectures:—Anatomy and Physiology, including Histology. Practical Anatomy. Theory and Practice of Surgery. Midwifery and diseases of women, a six months' course. Theory and Practice of Medicine. Medical Jurisprudence. Candidates are further required to have attended during the First Period—*Medico-Chirurgical Hospital* (recognised by the Senate), containing at least sixty beds; together with the Clinical Lectures therein delivered, at least two each week, during a Winter Session of six months. And during the Second Period—*Practical Midwifery.*—A certificate of having attended at a recognised Midwifery Hospital, where Clinical Instruction in Midwifery and diseases of women and children is given, for a period of six months; or of having attended for six months at a Midwifery Dispensary where similar Clinical Instruction is given. The certificate in each case to state that the Candidate has attended at twenty Labours. *Medico-Chirurgical Hospital* (recognised by the Senate) containing at least sixty beds; together with the Clinical Lectures therein delivered, during eighteen months; including either three Winter Sessions of six months each, or two Winter Sessions of six months each and two Summer Sessions of three months each.

In addition to the above mentioned certificates of attendance at Hospitals, Candidates will be also required before presenting themselves for the Degree Examination to produce the following certificates:—A certificate of personal attendance on at least ten fever cases, such certificate to be signed by the physician under whose superintendence the cases were attended. A certificate of having compounded medicine for at least three months under an Apothecary or Pharmaceutical Chemist who keeps an open establishment for the general dispensing of medicines. A certificate of having received practical instruction in Vaccination, to be signed by a Public Vaccinator. A certificate of having attended for three months in a recognised Lunatic Asylum where clinical instruction on Mental diseases is given.

The Senate further recommend that Students should avail themselves of opportunities of attendance on Lectures on diseases of the Eye, Ear, and other special departments of Medicine and Surgery. All Candidates for the Degree of M.B. will be required to exhibit proficiency in the use of the Ophthalmoscope and Laryngoscope.

Candidates for Honours must satisfy the Examiners at the Pass Examinations before they can be permitted to compete for Honours; and their answering at the Pass Examination will be taken into account in determining the class of Honours which shall be awarded to them.

THE FIRST EXAMINATION IN MEDICINE.

Students shall be admitted to this Examination after the lapse of one Academical year from the time of their matriculation. Candidates may pass this Examination at the same time as the First University Examination.

Candidates must give notice, in writing, to the Secretaries, of their intention to present themselves and must pay the prescribed fee of £1, at least one month previous to the Examination, and must at the same time produce satisfactory evidence of having completed the prescribed courses of study in the subjects of Examination. The subjects of this Examination shall be:—Zoology, Botany, a Modern Language. Candidates who have passed in a Modern Language at the ordinary First University Examination are exempt from presenting this subject except as a qualification to compete for honours.

Before being admitted to this Examination each candidate must produce satisfactory evidence of having completed the prescribed courses of study in the subjects of Examination.

THE SECOND EXAMINATION IN MEDICINE.

Students shall be admitted to this Examination after the lapse of one Academical year from the time of passing the First Examination in Medicine, provided they have completed the First Period of the Course of Medical Studies.

Candidates must give notice, in writing, to the Secretaries, of their intention to present themselves, and must pay the prescribed fee of £1, at least one month previous to the Examination, and must at the same time furnish evidence of having completed the course of study prescribed by the Senate for the First Period of the Course of Medical Studies. The subjects for this Examination shall be—Anatomy, Physiology, Materia Medica, and Chemistry.

THE EXAMINATION FOR THE DEGREE OF M.B.

Students shall be admitted to this Examination after the lapse of one Academical year from the time of passing the Second Examination in Medicine, provided they have completed the Second Period of the Course of Medical Studies.

Candidates must give notice, in writing, to the Secretaries, of their intention to present themselves, and must pay the prescribed fee of £3, at least one month previous to the Examination, and must at the same time furnish evidence of having completed the course of studies prescribed by the Senate for the Second Period of the Course of Medical Studies. The subjects for this Examination shall be—Anatomy and Physiology, Surgery, Midwifery and Diseases of Women and Children, Theory and Practice of Medicine, and Medical Jurisprudence.

M.D.

Candidates may be admitted to this Degree after the lapse of two Academical years from the time of obtaining the Degree of M.B. Provided, however, that all persons who shall be students of Medicine in the Queen's University at the date of its dissolution shall be entitled, if they so desire, to obtain the degree of M.D. instead of the degree of M.B., upon passing the examinations prescribed for the M.B. Degree.

Candidates must give notice in writing, to the Secretaries, of their intention to present themselves, and must pay the prescribed fee of £5, at least one month previous to the Examination, and must at the same time produce a certificate of having been, for at least two years, engaged in Hospital or Private Medical or Surgical Practice, or in the Military or Naval Medical Service.

Digitized by Google

Every candidate shall be examined at the bedside, and required to diagnose at least six cases, medical and surgical, and prescribe treatment; to write detailed reports on at least two cases to be selected by the Examiners, and to discuss all the questions arising thereon.

Every Candidate shall submit to the Medical Examiners, for their approval, a Thesis certified by him (or her) to have been composed by himself (or herself). No Thesis shall be approved which does not contain some original or personal observations in practical Medicine, Surgery, Midwifery, or in some of the Sciences embraced in the Curriculum, or else a full digest and critical exposition of the opinions and researches of others on the subject selected by the Candidate, accompanied by some references to the publications quoted.

Candidates who have been settled for a period of two years in the Colonies or Foreign Countries may, on satisfying the Senate to that effect, and in lieu of the Examination above required to be passed by persons residing in this country, upon furnishing papers on Medical subjects written by them, or official reports dealing with subjects of Medical Science, with evidence of the papers or reports being their own original composition, have the Degree conferred on them in absence.

It shall, for three years, be in the power of the Senate, in the case of Medical Students who, previously to their Matriculation in the University, have received a Medical and Arts Education in Institutions approved by the Senate, to give such Students credit for the Education in Arts which they have received therein, if they shall be satisfied from the report of the Medical Examiners of their proficiency in the subjects of the Medical course of the University.

It shall also, for the same period, be in the power of the Senate, in cases where a complete course in Arts and Medicine has been passed by a Student in such Institutions as aforesaid, according to the system of such Institutions, to allow him to present himself for the Examination for the Degree of M.B., and to obtain such Degree, if found qualified, upon the same terms as ordinary Medical Students of this University.

M.CH.

This Degree shall be conferred only on Graduates in Medicine of the University.

Candidates must give notice, in writing, to the Secretaries, of their intention to present themselves, and must pay the prescribed fee of £5 at least one month previous to the Examination.

Candidates for this Degree must produce a certificate of having attended a three months' course in Operative Surgery.

The Examination for this Degree shall comprise the Theory and Practice of Surgery, including Operative and Clinical Surgery.

DIPLOMA IN OBSTETRICS.

This Diploma shall be conferred only on Graduates in Medicine of the University.

KING AND QUEEN'S COLLEGE OF PHYSICIANS IN IRELAND.

Patron.—Lord High Chancellor of Ireland; Lord Chief Justice Queen's Bench; Lord Chief Justice Common Pleas; Chief Baron Exchequer.

President, Dr. W. Moore. *Vice-Pres.*, Dr. F. R. Cruise. *Censors*, Drs. F. R. Cruise, F. Churchill, F. Duffey, and J. M. Purser. *Examiners*, Drs. W. G. Smith, J. M. Finny, A. V. Macan, J. M. Purser, C. J. Nixon, and F. J. B. Quinlan. *Treas.*, Dr. A. Smith. *Regist.*, Dr. J. W. Moore. *Prof. of Med. Jurisp.*, Dr. R. Travers. *Exam. in Midw.*, Drs. Kirkpatrick and S. M. Swiney. *Representative Gen. Med. Counc.*, Dr. Aquilla Smith. *Libr.*, Mr. T. H. Innes.

THE COLLEGE OF PHYSICIANS IN DUBLIN was founded in 1660 by Dr. JOHN STEARNE, Fellow and Professor of Physic in Trinity College, Dublin; was incorporated by Royal Charter of KING CHARLES II. A.D. 1667; re-incorporated by their Majesties KING WILLIAM and QUEEN MARY, 1692, under the title of "THE KING AND QUEEN'S COLLEGE OF PHYSICIANS IN IRELAND;" in 1878 obtained a Supplemental Charter.

REGULATIONS RELATIVE TO THE FELLOWSHIP.

Any Candidate for the Fellowship must be a Member of the College one year. The Candidate must be proposed and seconded at the January or July meetings of the College. Elections for

Digitized by Google

the Fellowship, which are by ballot (a majority of votes determining the question), are held twice a year, viz., on the first Friday in April and on St. Luke's Day (18th Oct.) Every Candidate previous to the ballot, must sign a declaration that he will not become a Fellow of any College of Surgeons.

The fee for the Fellowship is 35*l.* In addition to the fee to the College, every Candidate must pay the stamp-duty of 25*l.*

REGULATIONS RELATIVE TO THE MEMBERSHIP.

I.—The grade or order of Members of the King and Queen's College of Physicians in Ireland is distinct from that of the Fellows of the College, and the Members, as such, are not Members of the Body Corporate of the President and Fellows of the King and Queen's College of Physicians in Ireland. II.—The Members of the College alone are eligible to the Fellowship. They shall enjoy the use of the Reading Rooms, Library and Museums, subject to the Regulations relating thereto, and shall be admitted to all Lectures, and shall enjoy such further privileges as may from time to time be defined by the Bye-laws. III.—All persons who have been admitted Licentiates of the College, before December 12th, 1878, shall be entitled to be admitted Members of the College without payment or Examination, on giving six weeks' notice, in writing, to the Registrar, of their intention to avail themselves of the privilege conferred by the Supplemental Charter, and on complying with all or any other prescribed conditions, provided that they have, since their admission as Licentiates, obeyed the Bye-laws of the College. IV.—Every Candidate for the Membership of the College must be a Licentiate of this College for three years at least, computed from the day on which he shall have subscribed his name on admission as a Licentiate; or, a Licentiate of one year's standing, who shall be a Graduate of Arts of a University in the United Kingdom at the time of obtaining his licence; or, a Licentiate of one year's standing, who shall be a registered Practitioner of seven years' standing at the time of obtaining his licence. V.—Every Candidate for Membership shall furnish proof that he has attained the age of 25 years. VI.—Every Candidate shall produce a Testimonial from a Fellow or Member of the College, or from a Fellow of the Royal College of Physicians of London or of Edinburgh, satisfactory to the College, to the effect that he is of good moral character and professional conduct, he is a fit and proper person to be admitted a Member of the College. VII.—No Candidate shall be admitted to Examination who cannot produce satisfactory evidence that he is not engaged in trade, and that he does not dispense medicine, or have any engagement with a chemist or any other person for the supply of medicines, or practice Medicine or Surgery in partnership, by deed or otherwise. VIII.—Every Candidate for Examination shall produce evidence of having held during at least six months the office of Resident Pupil or Resident Medical Pupil in an Hospital recognised by the College, or of having acted for the same period as Clinical Clerk in the Medical Wards of such Hospital, or of having been in Medical charge, for at least twelve months, of any public institution for the treatment of the sick. IX.—Every Candidate, before being enrolled a Member of the College, shall subscribe the following Declaration in the presence of the President and Fellows:—"I do hereby solemnly and sincerely promise that I will observe and obey the Statutes, Bye-laws, and Regulations of this College, as a Member, and will submit to such penalties as may be lawfully imposed for any neglect or infringement of them. I further promise and declare that I will, to the best of my ability, act in the practice of my profession for the honour of the College and the good of the Public. I hereby authorise the President and Fellows of the King and Queen's College of Physicians in Ireland to erase my name from the List of Members, and I consent to surrender the Diploma received from the College, if I shall, after having obtained the Membership, engage in trade, or if I shall dispense medicine, or make any engagement with a chemist or other person for the supply of medicines, or if I shall practice Medicine or Surgery, in partnership, by deed or otherwise."

EXAMINATION FOR MEMBERSHIP.

Stated Examinations for the Membership of the College are held quarterly, in the months of January, April, July, and October. Every Candidate for the Membership must return his Certificates to the Registrar of the College, and lodge with him his Certificates, Bank receipt of Fees, and Schedule,* at least *four* days before the FIRST FRIDAY in each of the above-named months. Should the evidence produced by the Candidate be in accordance with the Bye-Laws of the College, the Candidate will be permitted to present himself at the ensuing Examination. Every Candidate will be required to pass an Examination in the following subjects:—Principles of Medicine, including Pathology, Medical Anatomy, and Medical Chemistry; Practice of Medicine, including Principles of Public Health; Clinical Medicine.† The Fee for Membership shall be Twenty Guineas.‡

CONDITIONS UNDER WHICH CANDIDATES *who were admitted Licentiates of the College before December 12th*, 1878, MAY BE ADMITTED MEMBERS OF THE COLLEGE.—(1.) They shall comply with Bye-Laws IV., V., VI., and VII. (2). They shall also satisfy the College that they have, since their admission as Licentiates, obeyed the Bye-Laws of the College. (3). Should the College be satisfied that they have complied with the above Regulations, they shall be admitted Members.

---

* Blank Schedules are to be obtained on application at the College, or by letter addressed to the Registrar, College Hall, Kildare-street, Dublin.

† The Examination will be conducted by printed questions, and orally, as well as at the bedside in the Medical Wards of one of the Hospitals.

‡ This Fee must be lodged to the credit of the King and Queen's College of Physicians in Ireland, in the Royal Bank, Foster-place. All cheques made payable to the Council must be crossed *Royal Bank*.

Digitized by Google

without Fee or Examinaton, on taking the declaration required of Members.* (4). They shall give notice, in writing, to the Registrar of their intention to avail themselves of the privilege conferred on them by the Supplemental Charter. Should the Candidate wish to obtain the parchment Diploma of Member, he shall pay One Guinea.

REGULATIONS RELATIVE TO THE LICENCE IN MEDICINE.

Examinations for the Licence in Medicine are statedly held in the week following the first Friday in each month (except August and September), commencing on Monday at 10 o'clock a.m.

The name of every Candidate, together with his Schedule† and the documents hereafter mentioned, must first be submitted to the College at one of its Meetings. These are held regularly on the first Friday in each month (except August and September), and no name can be received later than the Monday previous to such Meeting. If permission to be examined is granted, the Candidate may present himself at the next Examination, or at a subsequent one: in the latter case, however, he must intimate his intention four clear days before the Examination.

A Candidate who has not, previous to entering his name, obtained any of the Medical or Surgical Qualifications recognised by the College must produce—1. Evidence of having been engaged in the Study of Medicine for four years. 2. A Certificate of having passed the Preliminary Examination of one of the recognised Licensing Corporations before the termination of the second year of medical study. 3. Certificates of having studied at a school or schools recognised by the College the following subjects, viz.:—Practical Anatomy two courses; Anatomy and Physiology, or Institutes of Medicine; Chemistry; Practical Chemistry; Materia Medica; Practice of Medicine and Pathology; Surgery; Midwifery; Medical Jurisprudence; one course each. Certificates of having attended for twenty-seven months a recognised Medico-Chirurgical Hospital at which Clinical Lectures and Clinical Instruction in Medicine are given, the attendance not to be more than nine months in any one year, viz., six winter, and three summer months; and of having during at least three months studied fever in a recognised Clinical Hospital, containing Fever Wards, and recorded, from daily personal observation, at least five cases of Fever, to the satisfaction of the attending clinical physician, as attested by his signature. 5. Certificates of having attended Practical Midwifery and Diseases of Women for six months at a Lying-in Hospital, Maternity recognised by the College; or, where such Hospital attendance cannot have been obtained during any period of the Student's course of study, of having been engaged in Practical Midwifery under the supervision of a Registered Practitioner holding public appointments; the Certificate, in either case, to state that no less than twenty labour cases have been actually attended. 6. Evidence of having practically studied Vaccination. 7. Certificates of character from a Fellow of the College, or from two registered Physicians or Surgeons.

A Candidate who has already obtained a Medical or Surgical Qualification recognised by the College, is required to fill up a Schedule which will be supplied on application, and to lodge it in the same manner as a Candidate not previously qualified; but the only documents he is required to produce are his Diploma or Certificate of Registration, Certificates of Practical Midwifery, and of Evidence on Infectious Fevers, and Testimonials as to character.

EXAMINATION FOR THE LICENCE IN MEDICINE.

The Examination consists of two parts; the subjects of the First Part or previous Examination are—Anatomy; Physiology; Histology; Materia Medica; Chemistry. The subjects of the Second Part, or Final Examination, are—Practice of Medicine; Clinical Medicine; Pathology; Medical Jurisprudence; Midwifery; Hygiene and Therapeutics. The Examination is conducted, partly by printed questions, to be answered in writing; secondly, clinically; and, thirdly, *viva voce*.

Candidates for the Second or Final Examination are examined in the Practice of Medicine at the bedside in one of the Dublin Hospitals. The name of the Hospital selected will not be revealed to the Candidates until half an hour previous to the time of examination.

Candidates qualified as follows are required to undergo the *second part* of the professional Examination only, viz.:—1. Graduates in Medicine of any University in the United Kingdom, or any Foreign University approved by the College.‡ 2. Fellows, Members, or Licentiates of the Colleges of Physicians of London or Edinburgh, who have been admitted upon examination. 3. Graduates or Licentiates in Surgery. 4. Candidates who, having completed the Curriculum required by the Regulations, have passed the Previous Examination or Examinations of any of the Licensing Corporations in the United Kingdom.

Candidates who are Registered Practitioners of five years' standing are further exempted from the written portion of the Final Examination. Special Examinations (at special fees) will be held in cases of great urgency at such times as the President may appoint.

---

* In case the permanent residence of any Candidate be twenty miles out of Dublin, the Candidate will be required to send a copy of the declaration, written in his own handwriting, with his names subscribed and duly attested before a magistrate or commissioner for the administration of oaths.

† Blank Schedules are to be obtained on application at the College, or by letter, addressed to the Registrar, College Hall, Kildare-street. It is particularly requested that Candidates applying for Schedules will state whether they already possess any qualification, as the form of Schedule for those who have, differs from that required to be filled up by those who have not, obtained any Diploma.

‡ Foreign Universities and Colleges recognised by the College are:—Universities of Bern, Basle, Geneva, Zurich, Bombay, Melbourne, McGill College, Montreal, Trinity College, Toronto, Maitland, New York, Pennsylvania, College of Physicians and Surgeons of New York (the Medical Department of Columbia College), College of Physicians and Surgeons, Baltimore (Maryland) Bellevue Medical College, New York (M.D.), Cleveland (Ohio) Medical College (M.D.)

Digitized by Google

Before the Licence in Medicine is conferred on a successful candidate he is required to make the following declaration in the presence of the College on the Friday following the examination.

DECLARATION REQUIRED OF CANDIDATES.

"I do hereby solemnly and sincerely promise that I will observe the Statutes and By-laws of this College, and to my power endeavour that the honour of the College be preserved entire; and in all things that belong to the honour or profit thereof, I shall be ready to give my advice and assistance.

"I hereby authorize the President and Fellows of the King and Queen's College of Physicians in Ireland to erase my name from the list of Licentiates, and I consent to surrender the Diploma received from the College, if I shall, after having obtained the licence of said College, keep open shop for the sale of medicines.

"I engage not to endeavour to obtain practice, or to attract public notice, by any unworthy means: I also engage that I will neither permit nor sanction the use of my name by any other person for such purposes, nor in connexion with any secret remedy; and in case of any doubt relative to the true meaning or application of this engagement, I promise to submit to the judgment of the College.

"And I solemnly and sincerely declare, that should I violate any of the conditions specified in this Declaration, so long as I shall be either a Licentiate, Member, or Fellow of the College, I thereby render myself liable, and shall submit, to censure of the College, or to expulsion and surrendering of the Diploma, whichever the President and Fellows of the College shall think proper to inflict."

REGULATIONS RELATIVE TO THE LICENCE IN MIDWIFERY.

Examinations for the Licence in Midwifery are held every month (except August and September), on the Thursday after that on which the Stated Examinations for the Licence in Medicine are held.

A Candidate for the Licence in Midwifery, who is already a Licentiate of the College, is at liberty to present himself at any of the Examinations, provided he intimate his intention a fortnight previously.

Candidates for the Licence in Midwifery, who are not Licentiates of the College, are required to fill up a Schedule, and apply for permission in the same way as Candidates for the Licence in Medicine, and will be admitted to Examination on the following qualifications:—The Degree or Licence in Medicine or Surgery from any University or College of Physicians or Surgeons in the United Kingdom, together with certificates of having attended a six-months' course of lectures on Midwifery, a certificate of having attended Practical Midwifery and Diseases of Women for six months at a Lying-in Hospital, or Maternity recognised by the College; or, where such Hospital attendance cannot have been obtained during any period of the Student's course of study, of having been engaged in Practical Midwifery under the supervision of a Registered Practitioner holding public appointments; the Certificate, in either case, to state that not less than twenty labours have been actually attended, and certificates of character from two registered practitioners. A Declaration similar to that made by the Candidate for the Licence in Medicine is also required from the Candidate for the Licence in Midwifery.

FEES.

Fee for the Licence in Medicine, 15*l.* 15s. Fee for the Diploma in Midwifery, 3*l.* 3s. Fee for Licence in Medicine, and Licence in Midwifery, if taken out within an interval of a month, 16*l.* 16s. to be lodged in one sum. Special Examination Fees, Licence in Medicine, 21*l.* Licence in Midwifery, 5*l.* 5s.

All Fees should be lodged to the credit of the King and Queen's College of Physicians in the Royal Bank, Foster-place, Dublin, and the receipt given by the Bank deposited at the College a week before the day of Examination. Candidates at a distance may forward the Fee to the Registrar by cheque, payable to the College, crossed *Royal Bank*.

The Admission Fee, with the exception of 3*l.* 3s. deducted to meet the expense of the Examination, will be returned to any Candidate who may be rejected for the Licence in Medicine (except in the case of Special Examinations, when 6*l.* 6s. will be deducted); and the Admission Fee, with the exception of 1*l.* 1s. deducted to meet the expense of the Examination, will be returned to any Candidate for the License in Midwifery who may be rejected, except in the case of Special Examinations, when 2*l.* 2s. will be deducted.

REGULATIONS FOR CANDIDATES FOR THE CERTIFICATE IN SANITARY SCIENCE.

Stated Examinations for the Certificates in Sanitary Science are held Quarterly in the month of January, April, July, and October. Special Examinations may be held at such other times as the President shall appoint.

Every Candidate for the Certificate in Sanitary Science must be a Licentiate in Medicine of the College, and must return his name to the Registrar of the College a week before the Examination, and lodge with him a testimonial of character from a Fellow or Member of the College or a Fellow of the Royal Colleges of Physicians, or Surgeons, of London, Edinburgh, or Dublin.

The Fee for the Examination is 5*l.* 5s., which shall be lodged in the Royal Bank of Ireland to the credit of the College before the Candidate is admitted to Examination.

---

* Any Candidate who has been rejected at the Examination for the Licence in Medicine loses this privilege, and shall be required to pay the full Fee of 3*l.* 3s. for the Licence in Midwifery.

Surg.*, Messrs. E. A. Stoker, E. S. O'Grady, H. G. Sherlock, R. T. Stack, and R. Corbett, jun.

Registration.—A student of any school of Medicine recognised by the Council desiring to be tered as a pupil on the College books shall, if the Council think fit, be so registered if he shall paid a registration fee of 5*l.* 5s., for which credit will be given subsequently in his Examina- fee. No student can be admitted as a Candidate to any Examination for the Letters Testi- al until he has been enrolled as a Registered Pupil of the College, and has also passed a minary Examination. Registered Pupils of the College are admitted to the Preliminary Ex- tion without further fee, and are permitted to study each week-day in the Museum, from o'clock, AM., to three o'clock P.M., and to read in the Library from ten o'clock, A.M., to o'clock, P.M. They are also permitted to attend the Lectures on Comparative Anatomy, and tain a Certificate for such attendance, without payment of any fee.

Preliminary Examinations.—All students are required to pass their Preliminary Examination e entering upon their professional studies; and Certificates of attendance on Lectures, or at hal, will not be received by the College, if the commencement of those courses of study dates than fifteen days antecedent to the passing of the Preliminary Examination. The Prelimi- Examinations are held Quarterly, viz.:—On the third Wednesday in January, April, July, October in each year, and are free to Registered Pupils.

he Preliminary Examinations shall be in the following subjects, with permission to the student ect French, German, or Greek:—1. The English Language, including Grammar and Com- ion. 2. Arithmetic, including Vulgar and Decimal Fractions. 3. Algebra, including Simple tions. 4. Geometry, first two Books of Euclid. 5. Latin, the First and Second Books of the d of Virgil, or the Jugurthine War of Sallust, or the Third Book of Livy. 6. Physics, as may ed in Ganot's Popular Natural Philosophy. The Examination in Physics may, at the e of the student, be passed either at the Preliminary or the first Professional Examination. e to be given of his intention when entering for the Preliminary Examination. Alternative s—One to be selected by the Student:—1. Greek—the Gospel of St. John, or the First Book nophon's Anabasis, or the Dialogue of Lucian, entitled "Menippus or the Necromancy." 2. h—Fénelon's "Télémaque." 3. German—Schiller's "Wilhelm Tell."

udents who have passed any of the Preliminary Examination Boards recognised by the ral Medical Council (into which Greek enters as a compulsory subject) are exempt from the minary Examination of this College.

es.—Registered Pupils of the College free. Non-registered Pupils 1*l.* 1s. Rejected Candi- , whether Registered Pupils or not, shall pay a further fee of 1*l.* 1s. for each re-examination.

LETTERS TESTIMONIAL.

ndidates for the Letters Testimonial of the College may present themselves either at a Stated Special Examination, as hereinafter set forth. Stated Examinations are held in the months

Digitized by Google

of April, July and November, commencing on dates of which due notice shall be given beforehand by the Council of the College. Candidates cannot be admitted to these Examinations unless they be Registered Pupils. They will be divided into two classes—Junior and Senior. The Junior Class shall produce certificates of (*a*) Having passed a Preliminary Examination recognised by the General Medical Council (into the curriculum of which the Greek language enters as a compulsory subject), and of having attended the following Lectures:—(*b*) Three courses of Lectures on Anatomy and Physiology. (*c*) Three courses of Lectures on Practical Anatomy, with dissections. (*d*) Two courses of Lectures on Chemistry. (*e*) One course of Lectures on Materia Medica. (*f*) One course of Lectures on Botany; and (*g*) One course of Lectures on Forensic Medicine.

The Junior Class shall be examined in Anatomy, Histology, Physiology, Materia Medica and Chemistry. The Fee for this Examination shall be five guineas (in addition to the Registration fee of five guineas). Neither of these fees are returned in case of rejection, but the Candidate on paying an additional fee of 2*l.* 2*s.* will be admitted to re-examination.

The Senior Class shall produce certificates of having attended the following Lectures:—(*a*) Three courses of Lectures on the Theory and Practice of Surgery. (*b*) One course of Lectures on the Practice of Medicine. (*c*) One course of Lectures on Midwifery. Also certificates of attendance on (*d*) A recognised Hospital, for three Winter and three Summer Sessions.* (*e*) Of instruction in Clinical Ophthalmology, three months; and of attendance for one month at the Cow-Pox Institution, or some other institution approved of by the Council; or under the instruction of a Public Vaccinator specially recognised by this College for that purpose.

This Class shall be examined in Surgery, Operative Surgery on the Subject, and Surgical Appliances, Practice of Medicine, Medical Jurisprudence, and Prescriptions. Each of these Examinations shall be partly Written, partly Viva Voce, and partly Practical.

The fee for the Senior Class Examination shall be fifteen guineas, returnable to the candidate in case of rejection, or to be allowed to him in case he presents himself a second time for the same Examination. A further fee of one guinea is to be paid to the Registrar. Every Candidate rejected at any of the stated Examinations, on applying for re-examination, shall be required to pay to the College, in addition to the regular fees, the sum of two guineas to re-imburse the College the necessary expense of his examination.

Special Examinations.—Candidates seeking a Special Examination must make application to the Council, and, if admitted thereto, must pay five guineas, in addition to the fees for Stated Examinations. The subjects for Examination and the mode of carrying out a Special Examination will be the same as those laid down for the Stated Examinations. The fees are the same as those for the Stated Examinations, as set forth above, and a rejected Candidate will only be entitled to receive back fifteen guineas of the fees lodged by him. Examinations of candidates for Letters Testimonial are held in April, July, and November, upon such days as the Council direct. Candidates for Examination must return their Names to the Registrar of the College, and lodge their Fees and Certificates one clear week before the day specified for Examination; and no Candidate whose has not so returned his name can be, under any consideration, admitted to these examinations. Each Candidate shall have a number assigned to him, by which alone he will be recognised during the Examination.

Licentiates of a College of Physicians or Graduates in Medicine of a University recognised by the College, shall be examined in General and Descriptive Anatomy, Histology, Physiology, Theory and Practice of Surgery, Operative Surgery, and Surgical Appliances; and if, on examination on these subjects, they be recommended for admission as Licentiates, they shall be so admitted.

Rejected Candidates will not be allowed to present themselves a second time until after the expiration of three months from their first examination, if the rejection takes place at any of the Stated Examinations, or six months if it occurs at a Special Examination.

Junior Class Examination.—The Candidates shall be examined in numerical order, and the examination shall occupy three days, thus to be allotted:—1st day. Printed Questions on Anatomy, Physiology, Materia Medica, and Chemistry. 2nd day. Vivâ Voce Examination on the same subjects. 3rd day. Dissections and Histology. No Candidate will be allowed to proceed to the second day's examination who has not passed the first, or to the third, who has not passed the second.

Senior Class Examination.—The Candidates are examined in numerical order, and the Examination of each Candidate occupies four days:—1st day. Printed Questions on Surgery, Practice of Medicine, Medical Jurisprudence, and Prescriptions. 2nd day. Vivâ Voce Examination on Surgery and Practice of Medicine. 3rd day. Clinical Examination. 4th day. Operative Surgery.

Rejected Candidates.—No Candidate shall present himself for examination on the second day who has not satisfied his Examiners upon the first; but all Candidates who have passed any of these days' examinations shall get credit for same. When presenting themselves upon a subsequent occasion, rejected Candidates will be only required to re-commence with the subjects of the day on which they have been remitted.

Declaration to be taken by Licentiates.—The Candidates entitled to receive their Letters Testimonial are required to attend a meeting of the Council specially convened for the purpose on such day as shall be notified to them, and to take the following Declaration prescribed by the [illegible]

---

* Candidates who have attended recognised Hospitals during three Winter Sessions of [illegible] months each, shall be considered to have performed sufficient hospital attendance. If they shall be able to produce certificates of regular daily attendance, during a like number of months, in a County Infirmary or Provincial Surgical Hospital, containing at least fifty beds, or [illegible] Surgeons of such Infirmaries or Hospitals shall make returns to this College, in the month of May and November in each year, of the number of students so attending.

Digitized by Google

ions of the Supplemental Charter:—"I, A. B., do solemnly and sincerely declare and promise I will observe and be obedient to the Statutes, Bye-Laws, and Ordinances of the Royal College urgeons in Ireland, and that I will, to the utmost of my power, endeavour to promote the uation, honour, and dignity of the said College." They then sign the College Roll, and receive r Diploma.

FELLOWSHIP.

Candidates are admitted to examination for the Fellowship if they shall have laid before the uncil:—(a) A receipt showing that they have lodged in the Bank of Ireland, for the use of the ege, the fees as hereafter stated, according to the Grade to which they belong. Fellows entering the country list, who may subsequently settle as Practitioners in Dublin, or within ten miles of, shall pay ten guineas to the College; also Certificate (b) That he is twenty-five years of age. certificate of general good conduct during his professional education; to be signed by two or Fellows of the College. (d) Certificates of attendance on the several courses of Lectures, before set forth as being required for Letters Testimonial, together with (a) One course of res on Comparative Anatomy; and (b) One course of Lectures on Natural Philosophy; also Thesis on some Medical subject, or, Clinical Reports, with observations of six or more cal or Surgical cases taken by himself. (f) Certificates that he has been engaged in the ac- ion of professional knowledge for a period of not less than six years, during three of which st have studied in one or more of the Schools and Hospitals recognised by the Council. He have studied for the other three years in any School or Schools of the United Kingdom which be approved by the Council, or in any Foreign School of repute; it is also required that the date shall have had opportunities of practical instruction, as House-Surgeon or Dresser in a ised Hospital.

emptions for Licentiates of ten years' standing.—Licentiates of the College, who may not be to show that they have followed the course of study specified in the preceding regulations, at the expiration of ten years from the date of their Diploma, be admitted to the examina- equired for the Fellowship, provided they produce such evidence as shall be satisfactory to the d that they have conducted themselves honourably in the practice of their profession. Exami- for the Fellowship shall be held from time to time as the Council may direct.

andidates possessing no Qualification.—The examination shall consist of two divisions, and lover, at least, three days; the first two of which shall be devoted to the examination for tters Testimonial of the College; the third day shall be devoted to additional subjects re- for the Fellowship. Candidates who do not pass the first two days' examination shall not wed to proceed to the third, but those who do pass shall be entitled to receive the Letters onial of the College, although they may not have passed the third days' examination. No credit given on a subsequent occasion for passing a part only of either examination. First Day consist of three parts:—1. Written questions on (a) Anatomy; (b) Physiology and Histology; emistry and Materia Medica. 2. Oral—(a) Anatomy; (b) Physiology and Histology; (c) stry and Materia Medica. 3. Dissections. Second Day shall consist of four parts:—1. al Examination in Surgery; Clinical Examination in Ophthalmic Surgery. 2. Written ns on—(a) Surgery; (b) Medicine; (c) Medical Jurisprudence; (d) Prescriptions. 3. Oral Surgery; (b) Medicine. 4. Operations. Third Day shall consist of three parts:—1. r Clinical Examination on Surgery. 2. Written Questions—Pathology and Comparative ny. 3. Oral—(a) Surgery and Pathology; (b) Comparative Anatomy; (c) Histology and logy; (d) Therapeutics. *Fees.*—Registration, five guineas; Special Licence Examination, neas; Letters Testimonial, twenty guineas; Total for Licence, thirty guineas. Additional lowship—Urban Practitioner, thirty guineas; Rural Practitioner, twenty guineas. The Registration and Special Licence Examination shall be retained by the College in case of on.

ndidates of the College of less than ten years' standing.—First Day shall consist of two parts: Subjects—(a) Anatomy; (b) Comparative Anatomy; (c) Histology and Physiology. 2. ions. Second Day shall consist of four parts:—1. Clinical Examination in Surgery. 2. n Examination in Surgery. 3. Oral—(a) Theory and Practice of Surgery; (b) Pathology; ory and Practice of Medicine and Therapeutics. 4. Operations on the Dead Subject. *Fees.* n Practitioner, thirty guineas; Rural Practitioner, twenty guineas. 10*l.* 10*s.* to be retained College in case of rejection.

didates of less than ten years' standing, possessing Qualifications in Surgery of other Bodies the Council shall consider satisfactory, shall, if admitted to examination, be examined ng to Grade II. *Fees.*—Urban Practitioner, fifty guineas; Rural Practitioner, forty 10*l.* 10*s.* to be retained by the College in case of rejection.

ntiates of the College of more than ten years' standing.—First Day shall consist of two 1. Oral—Surgical Anatomy. 2. Operations on the Dead Subject. Second Day shall con- two parts: 1. Clinical Examination in Surgery and Medicine. 2. Written Examination ry. Oral—(a) Theory and Practice of Surgery, including the reading of written answers; ed Anatomy. *Fees.*—As in Grade II.

DIPLOMA IN MIDWIFERY.

ry Candidate must be a Fellow or Licentiate of the College. He shall be admitted to an ation for the Diploma in Midwifery upon laying before the Council the following certifi- —(a) That he has attended one course of lectures on Midwifery and Diseases of Women and n, in some School recognised by the Council. (b) Six months' practice of a Lying-in Hospital sed by the Council, or of a Dispensary for Lying-in Women and Children, recognised by the , and devoted to this branch of Surgery alone; and (c) That he has conducted thirty labour t least. The Candidate shall pay 1*l.* 6*s.* for the Midwifery Diploma, provided he takes it

Digitized by Google

out within one month from the receipt of his Letters Testimonial; if that period be exceeded he shall pay a fee of 2*l.* 2*s.* The Examination of Candidates for the Diploma in Midwifery is conducted by the Examiners in Midwifery, and such Examinations are held from time to time as the Council may direct. Candidates for the Midwifery Diploma are examined on:—(*a*) The Organization of the Female; (*b*) The Growth and Peculiarities of the Fœtus; (*c*) The Practice of Midwifery and (*d*) The Diseases of Women and Children. A rejected Candidate is not again admitted to Examination until a period of three months shall have elapsed, and is then obliged to produce satisfactory evidence of his having been engaged during that period in the study of Midwifery.

REGULATIONS FOR THE LICENCE IN DENTAL SURGERY.

The Dental Board of Examiners shall consist of three Fellows of the College, three Registered Dentists, and the President, Vice-President, or other Member of the Council of the College summoned in rotation); and the Member of Council so attending shall act as Chairman of the Board: five Members of the Board shall form a quorum.

The Board shall have the absolute power to refuse the application of any Candidate. Examinations shall be held at such times as the Council shall direct. The Examinations, up to the 1st day of August, 1881, shall be of a practical character, embracing the Anatomy, Physiology, Surgery, and Pathology of the Teeth, Jaws and surrounding parts, and Mechanical Dentistry; and shall be partly Written and partly Oral.

All Candidates shall lodge with the Registrar of the College, at least one fortnight previous to each Examination—1. A Certificate of having attained the age of twenty-one years. 2. Certificates from two Fellows or Licentiates of any College of Surgeons in the United Kingdom, and from two Dentists of repute, testifying that the Candidate is of good character, has been engaged in the practice of Dentistry for at least five years, and has refrained from advertising or other unbecoming modes of attracting business for at least two years previously. 3. A Certificate of having lodged in the Bank of Ireland, to the credit of the College, the fee of Ten Guineas, half of which shall be returned to any Candidate who fails to satisfy the Examiners.

After the 1st day of August, 1881, no Candidate shall be admitted to Examination who has pursued the following curriculum, and lodged with the Registrar of the College, at least a fortnight previous to Examination—1. A Certificate of having attained the age of twenty-one years. 2. Certificate of having been engaged during four years in the acquirement of professional knowledge. 3. Certificates from two Fellows or Licentiates of any College of Surgeons in the United Kingdom, and from two Dentists of repute, testifying that the Candidate is of good character. 4. A Certificate of having passed the Examination in Preliminary Education of one of the Examining Bodies recognised by the General Medical Council. 5. A Certificate of having lodged in the Bank of Ireland, to the credit of the College, the fee of Ten Guineas, half of which shall be returned to any Candidate who fails to satisfy the Examiners; and no Candidate can present himself for re-examination in six months. 6. Certificates of having attended in a recognised school—One Course of Lectures on Anatomy and Physiology, Two Courses of Dissections (with Demonstrations), One Course of Lectures on Surgery, One Course of Lectures on Chemistry, One Course of Practical Chemistry and Metallurgy, One Course of Lectures on Materia Medica, and Two Courses of Lectures on Dental Surgery, including Dental Mechanics. 7. Certificates of having attended General Hospital Practice for Two Winter Sessions; and the Dental Department of a General Hospital, or a Special Dental Hospital for a further period of nine months. 8. A Certificate of having been engaged during at least three years in acquiring a practical knowledge of Dentistry, under the instruction of a Registered Licentiate in Dentistry of one of the Licensing Bodies.

The Examinations shall include all the subjects of the foregoing curriculum, and shall be partly Written and partly Oral, preparations, microscopes, and other appliances being used.

Licentiates in Surgery, or Fellows of any College in the United Kingdom, and Graduates in Surgery of any University recognised by this College, will be examined only in subjects special to Dentistry.

N.B.—Every successful Candidate, previous to receiving the Licence, shall declare that he will not advertise, or pursue any other unbecoming mode of attracting business, so long as he holds the Licence in Dentistry of the College.

APOTHECARIES' HALL OF IRELAND.

(1791.)

Governor, Mr. T. Collins. *Dep.-Governor*, Mr. R. Montgomery. *Direct. and Exam.*, Dr. Bell, Mr. J. Evans, Mr. A. Harvey, Dr. Holmes, Dr. Leet, Sir G. Owens, M.D., Mr. Montgomery, Dr. C. F. Moore, Dr. Nolan, Dr. R. G. O'Flaherty, Dr. O'Neill, Dr. Ryan, Mr. J. Shaw, and Mr. Wyse. *Exam. in Arts*, ——. *Represent. on Med. Counc. of Educat.*, Mr. T. Collins, Dr. C. H. Leet.

REGULATIONS REGARDING THE EDUCATION, QUALIFICATION, AND EXAMINATION OF CANDIDATES FOR THE LICENCE TO PRACTISE AS AN APOTHECARY.

Candidates for the Licence of the Hall must undergo a preliminary and a professional examination.

PRELIMINARY EDUCATION AND EXAMINATION IN ARTS.

The Court, in accordance with the Recommendation of the General Medical Council, has transferred the Preliminary Arts Examination to the recognized National Educational Institutions and will in future accept the Certificate in Arts granted by these bodies, provided the subjects of examination are the same as those required by the General Medical Council.

Sir Patrick Dun's Hospital is visited at nine o'clock daily by the Medical and Surgical Staff, and Clinical Lectures are delivered twice in each week, during eight months of the year. Certificates from this School and Hospital are received by all licensing bodies in Medicine and Surgery.

ST. VINCENT'S HOSPITAL, STEPHEN'S-GREEN, DUBLIN.

ESTABLISHED 1834.

Phys. Dr. F. J. B. Quinlan and Dr. M. F. Cox; *Surgs.*, Dr. E. D. Mapother and Dr. J. S. McArdle; *Gynæcol.*, Dr. J. A. Byrne; *Ophth. and Aural Surg.*, Mr. D. Redmond; *Surg.-Dentist*, Mr. J. Doherty; *House Surg.*, Mr. D. P. Kenna; *Apoth.*, Mr. Boland.

The Hospital is on the plan of the Hôtel Dieu, Paris, and contains 160 beds, constantly occupied by instructive cases. Attached to the Hospital is a General Dispensary, also a Convalescent Home at Blackrock.

There are special wards and Dispensaries of Ophthalmic, Aural, and Gynæcological cases.

Medical and Surgical Clinical Lectures delivered twice a week during the Session, and clinical instruction daily. Operations admitting of delay are performed on Fridays.

Practical Instructions in Medical Chemistry, Spectrum Analysis, and in the use of the Microscope, and of the other Scientific Instruments applicable to Medicine, are given in the Medical Laboratory of the Hospital.

At the commencement of every Winter and Summer Session Two Resident Clinical Assistants are selected from among the most deserving members of the previous classes. The House Surgeon is appointed annually; he receives £100 a year, with apartments, &c.

Certificates of attendance on the practice of this Hospital are recognised by all the Licensing Bodies. For further particulars apply to the Secretary to the Medical Board, Dr. Cox, 7, Stephen's-green South.

ʼAL HISTORICAL AND ARCHÆOLOGICAL ASSOCIATION OF IRELAND.—Established 1849. *Patron* in *Chief*, H.R.H. the Prince of Wales; *Pres.*, The Duke of Leinster; *Gen. Hon. Sec.*, Rev. J. Graves (The Rectory, Inisnag, Stoneyford), and Dr. R. Caulfield, (Cork); *Hon. Provincial Secs.*, (Leinster) Rev. J. Graves; (Munster) M. Lentham, Limerick; (Ulster) W. Gray, Belfast; (Connaught) The O'Connor Don, M.P.; *Hon. Cur. of Mus. and Libr.*, Mr. J. G Robertson.

The Kilkenny Archæological Society was instituted in 1849. At first confined to the county city of Kilkenny, it has since extended its operations to the entire of Ireland, and now ptises upwards of 600 members from all parts of the United Kingdom. Her Majesty, by dated Dec. 27, 1869, signified her pleasure that its title should be "The Royal Historical and ıeological Association of Ireland," and conferred on it the privilege of electing Fellows. The ation meets on the first Wednesday of January (annual meeting), Kilkenny, April (Cork), ılster), and October (Connaught), and publishes a Quarterly Journal and Annual Volume ription of Fellows, 1*l.* per annum, with 2*l.* entrance fee; Members 10s. annually. The ws are entitled to receive the Quarterly Journal and Annual Volume of the Association. The ers are entitled to receive the Journal, and may obtain the Annual Volume on payment of 10s. onal annually. The Fellows of the Association who are not in arrear alone have the privilege ting in cases where the Ballot is called for.

ʼAL MEDICAL BENEVOLENT FUND SOCIETY OF IRELAND.—FOUNDED 1842 BY WILLIAM KINGSLEY, M.D., F.R.C.S.I.

Patron, H.M. Gracious Majesty the Queen.

OBJECT AND RULES OF THE SOCIETY.

That a charitable fund be created by Donations and Subscriptions, to be called the Medical olent Fund of Ireland.

That contributions be received from all persons friendly to the objects of the Society, though longing to the profession.

That the object of the Fund be the relief of Medical men under severe and urgent distress, ned by sickness, accident, or any other calamity.

That any Physician or Surgeon labouring under such afflictions be considered a fit object for arity.

That the claims of contributors shall, as far as possible, have the preference, but that cons to the Fund give no claim of right to relief, the Fund being one of pure charity; and that se be judged according to the urgency of the distress.

That under circumstances of peculiar emergency, relief may be extended to the widows and s (under age) of Physicians and Surgeons, it being understood that it is not the design of nd to relieve Medical men from the necessity of providing for their families by ordinary urances, or such other means as prudence dictates.

That the management of the Fund be conducted by Committees of the contributing members, ly appointed; the Central Committee to be at Dublin, and Local Committees, subordinate to ntral, in the principal cities and towns; the Central Committee having power to appoint Local ttees wherever they may be required.

following are the Committee, Treasurer, Secretaries, and Trustees for the ensuing year:—

Legal Adviser, J. H. Monahan, Esq., Q.C.
Solicitor, T. T. Mecredy, Esq., 28, Westmoreland-street.

---

itate reference to this List, the following explanation is necessary:—
he COUNTIES are arranged *alphabetically*; as are also the UNIONS under each County.
ach *paragraph* contains the particulars of *one union*. The name of the Union is given in *small* and the name of each district in *italics*. The letter P is placed before the *Population* letter A before the *Area* in *Acres*. Then follows the name of the Medical Officer, with the of his salary.
o a few of the Unions an asterisk * has been prefixed, to signify that the Clerks of such have not replied to the inquiries forwarded to them. For the correctness of the entries so the Editors do not hold themselves responsible.
n those cases where the amounts of extras have been given, it may, *as a rule*, be inferred that dical fees and vaccination charges have been included.

ANTRIM.

: *Clerk*, Henry C. Scott.—*Antrim*, P. 4,881, A. 14,579; W. J. Taggart, M.D., 100*l.*——*ndin*, P. 4,271, A. 23,848; B. Burton, 80*l.*——*Templepatrick*, P. 5,962, A. 21,173; McMurray, M.D., 85*l.*——*Doagh*, P. 7,010, A. 15,292; W. A. Clugston, M.D., 85*l.*——*Connor*, 4,738, A. 21,610; J. L. Barnsdale—D. C. Morgan.
Beaufort—A. Adam.
Beechworth—M. F. Cleary; J. A. O'Brien; W. L. Watkins.
Belfast—J. Baird.
Benalla—J. Henry; J. Nicholson.
Bright—G. F. Wickens.
Buninyong—W. A. Sparling.
Camperdown—A. H. Mackmanus.
Carlton—A. G. Black; W. R. Fox; W. Snowball; H. C. Wigg.
Castlemaine—W. Bone; J. D. Geldard; G. M. Reid.
Caulfield—J. A. Irwin.
Chiltern—W. L. Richardson.
Clunes—J. E. Andrew; R. Colquhoun.
Colac—T. Foster.
Coleraine—J. F. Anderson; S. Connor.
Creswick—J. Tremearne.
Daylesford—J. J. McGregor; R. D. Stevenson.
Doncaster—W. Buchanan.
Dunolly—J. H. Wolfenden.
Eaglehawk—J. J. Thom.
East Brighton—*see Brighton.*
East Melbourne—*see Melbourne.*
East St. Kilda—*see St. Kilda.*
Echuca—J. H. Osborne.
Emerald Hill—H. B. Forster.
Fitzroy—W. J. Tattersall.
Flemington—J. Gibson.
Footscray—J. C. Morton.
Geelong—D. B. Reid; S. R. Robinson; S. M. Smith; C. E. Wyer.
Hamilton—G. Annand; H. James.
Harrow—F. D. Hayman.
Hawthorn—T. O. F. Alsop; J. S. Nickoll; A. R. Stackpoole.
Heidelberg—J. Bleeck.
Horsham—G. F. Davidson.
Hotham—S. J. Burke; J. Whitaker.
Kanwa—P. Fairbairn.
Kew—T. T. Dick; W. B. Walsh.
Kilmore—W. H. Semple.
Kyneton—W. Langford.
Lancefield—F. Lawton.
Lilydale—J. B. Elmes.

VICTORIA—*continued.*

Maldon—A. J. Farr.
Maryborough—J. H. Poland.
Melbourne—G. R. W. Adam; G. Airey; M. Andrews; W. Balls-Headley; E. Bartr[illegible] Hon. J. G. Beaney; S. A. Bernays; J. C[illegible] Blyth; T. A. Bowen; D. G. Browne; [illegible] M. Curtayne; F. T. W. Ford; J. Fulton; [illegible] Fyffe; J. R. Gillespie; J. F. Grace; J. [illegible] Gray; G. B. Halford; H. H. H. Harv[illegible] L. Henry; W. H. de B. Hocter; G. Hov[illegible] C. D. Hunter; E. M. James; J. Jam[illegible] G. Le Fevre; A. J. R. Lewellin; F. Lloyd; G. F. Maberly; T. L. McMillan; F. W. W[illegible] Morton; A. Morrison; W. J. Mou[illegible] E. Muskett; E. H. B. Nickoll; R. K. Pa[illegible] cock; R. Peel; J. W. Phillips; J. T. Ra[illegible] C. S. Ryan; J. P. Ryan; C. E. Stra[illegible] Weld; D. W. B. Willie; J. J. K. Wilk[illegible] J. S. Wilson.
Moonee Ponds—G. D. Dickinson; J. W. [illegible] Fishbourne.
Mooroopna—A. H. Dowson.
Mornington—E. P. Goodworth.
Mortlake—W. F. Sweetnam.
Mount Elgin—P. Fairbairn.
Nhill—W. H. Burton.
Northcote—W. H. Stock.
North Fitzroy—J. R. MacInerney; J. O'S[illegible]
Port Nepean—T. S. Bulmer.
Prahran—J. Cooke; G. H. Fetherston; J. [illegible] Ramsey.
Preston—W. C. Wilkinson.
Queenscliffe—D. J. Williams.
Rhill—E. G. K. Marks.
Richmond—H. St. J. Clarke; R. A. Str[illegible] W. Warren.
Rochester—J. H. Courtenay.
Rockhampton—G. W. Paynter.
Rushworth—J. V. Heily.
St. Arnaud—C. B. Duigan; J. J. Wa[illegible]
St. Kilda—W. G. A'Beckett; W. H. Lad[illegible] F. M. Harricks; L. A. La Mert; R. K. [illegible] Schlesinger; J. N. S. Shrapnel; R. L. Sm[illegible] mons; W. C. Woods.
Sandhurst—W. F. McLean; O. Penfold; [illegible] Stilwell.
Sandridge—R. Malcolmson.
South Geelong—*see Geelong.*
Sunbury—A. J. Leggatt.
Swan Hill—J. MacG. MacIntyre.
Talbot—P. H. Cunningham; F. J. Dowling.
Tarnagulla—E. Green.
Toorak—T. H. Steel.
View Point—J. D. Boyd.
Walhalla—A. W. B. Gamble.
Warragul—J. F. Cobb.
Warrnambool—T. F. Fleetwood; P. J. [illegible] mara; H. L. Miller.
Werrnacknebeal—J. Fitzgerald.
West Melbourne—*see Melbourne.*
Williamstown—E. G. Figg; D. P. Mackie.
Yarra Bend—E. Paley.

WESTERN AUSTRALIA.

Albany—E. P. Vines.
Fremantle—C. H. Elliott; J. W. Hope.
Geraldton—C. B. Elliott.
Guildford—C. C. Turnour.
Perth—J. Ferguson; J. A. O'Meehan; R. Sewell; S. Stephens; A. R. Waylen.
Roebourne—C. S. Bompas.
Williams River—J. C. Rossellott.

REGULATIONS

OF THE

ARMY & NAVY MEDICAL DEPARTMENTS

AND

INDIAN MEDICAL SERVICE.

MEDICAL DEPARTMENT OF THE ARMY.

Office, 6, *Whitehall-yard*, *London*, S.W.

tor-General, T. Crawford, M.D.; *Surg.-Gen.* (*Medical Branch*), W. A. Mackinnon, C.B.; *Dep.-Surg.-Gen.* (*Statistical Branch and Sanitary Branch*), J. A. Marston, M.D.; *Surgeons Major*, W. Nash, M.D., and W. Johnston, M.D.; *Senior Clerk*, Theophilus H. Clarke, Esq.

DULE OF QUALIFICATIONS NECESSARY FOR CANDIDATES DESIROUS OF OBTAINING COMMISSIONS IN THE ARMY MEDICAL DEPARTMENT, WITH THE CONDITIONS OF SERVICE.

Every Candidate for a commission in the Army Medical Department must be 21 years of nd not over 28 years at the date of commencement of the competitive examination. He produce an extract from the register of his birth, or in default, a declaration, made before a strate by one of his parents or guardians, giving his exact age. He must also produce a reendation from some person of standing in society—not a member of his own family—to the that he is of regular and steady habits, and likely in *every* respect to prove creditable to the rtment if a commission be granted; and also a certificate of moral character, from the hial clergyman, if possible.

The Candidate must sign a declaration upon honour that both his parents are of unmixed ean blood, and that he labours under no mental or constitutional disease, nor has any itary tendency thereto, nor any imperfection or disability that can interfere with the efficient rge of the duties of a medical officer in any climate; also that he does not hold, and has held, any commission or appointment in the public services. His physical fitness will be nined by a Board of Medical Officers, who are required to certify that his vision is ently good to enable him to perform any surgical operation without the aid of glasses. derate degree of myopia will not be considered a disqualification, provided it does not necessie use of glasses during the performance of operations, and that no organic disease of the eyes . The Board must also certify that he is free from organic or other disease, and from tutional weakness, or tendency thereto, or other disability of any kind likely to unfit him for ry service in any climate.

Certificates of age, registration of diplomas, &c., and of character, must accompany the ation when signed and returned.

Candidates will be examined by the Examining Board in the following compulsory ts, and the highest number of marks attainable will be distributed as follows:—

	Marks.
a. Anatomy and physiology	1000
b. Surgery	1000
c. Medicine, including therapeutics, the diseases of women and children	1000
d. Chemistry and pharmacy, and a practical knowledge of drugs	100

N.B.—The examination in Medicine, and Surgery, will be in part practical, and will includo operations on the dead body, the application of Surgical Apparatus, and the examination of Medical and Surgical Patients at the bedside.

e eligibility of each Candidate for the Army Medical Service will be determined by the of examinations in these subjects only.

aminations will also be held in the following voluntary subjects, for which the maximum er of marks will be—

	Marks.
French and German (150 each)	300
Natural Sciences	300

e knowledge of modern languages being considered of great importance, all intending etitors are urged to qualify in French and German.

Digitized by Google

The natural sciences will include comparative Anatomy, Zoology, Natural Philosophy, Physical Geography, and Botany, with special reference to Materia Medica.

The number of marks gained in both the voluntary subjects will be added to the total number of marks obtained by those who shall have been found qualified for admission, and whose position on the list of successful competitors will thus be improved in proportion to their knowledge of modern languages and natural sciences.

5. After passing this examination, every qualified Candidate will be required to attend one Course of Practical Instruction at the Army Medical School, as a probationer, on—(1.) Hygiene. (2.) Clinical and Military Medicine. (3.) Clinical and Military Surgery. (4.) Pathology of Diseases and Injuries incident to Military Service.

6. All Candidates will be required to conform to such rules of discipline as the Senate may from time to time enact, and they will be required to provide themselves with uniform, viz.; the regulation undress uniform of a Surgeon, but without sword.

7. They will be required to attend the A. M. D. mess at Netley, and to conform to the rules and regulations thereof.

RANK AND PAY.

The ranks and rates of pay of the Officers of the Army Medical Department shall be as follows :—

		Exclusive of Allowances. £	s.	d.	Charge Pay.
Surgeon-General	(daily)	2	15	0	
At Head-quarters	(yearly)	1,300	0	0*	The Principal Medical Officer of an army in the field, consisting of 10,000 men and upwards, 11. daily; of less than men and upwards, 10s. daily; of less than 5,000, 10s. daily.
Deputy Surgeon-General	(daily)	2	0	0	
At Head-quarters	(yearly)	900	0	0*	
Brigade Surgeon	(daily)	1	10	0	
After 5 years in the rank	„	1	13	0	
At Head-quarters	(yearly)	750	0	0*	
Surgeon-Major	(daily)	1	0	0	
After 15 years' service	„	1	2	6	
„ 20 „	„	1	5	0	The Principal Medical Officer of a colony where the number of commissioned officers and enlisted men is 1,500 and upwards, 8s. daily.
„ 25 „	„	1	7	6	
At Head-quarters	(yearly)	650	0	0*	
Surgeon	„	200	0	0	
After 5 years' service	„	250	0	0	
„ 10 „	(daily)	0	15	0	
Surgeon on probation	„	0	8	0	

The relative rank of Officers of the Army Medical Department shall be as follows:—A Director-General and a Surgeon-General as Major-General; a Deputy Surgeon-General as Colonel, ranking among themselves according to the dates of their commissions as such; a Brigade Surgeon, and a Surgeon-Major after twenty years' service, but junior to Brigade Surgeons, as Lieutenant-Colonel; a Surgeon-Major, of less than twenty years' service, as Major; a Surgeon as Captain; a Surgeon on probation as Lieutenant.

The pay of Medical Officers shall be issued monthly in arrear.

FIRST APPOINTMENTS.

Every candidate for appointment to the Medical ranks of the Army Medical Department shall possess two diplomas or licences, recognised by the General Medical Council, one to practise medicine and the other surgery, and shall be registered under the Medical Act in force in the United Kingdom at the time of his appointment.

A public and open competition shall be held twice in the year for the admission of qualified candidates as probationers. The number of appointments so competed for shall be not less than half of the number of vacancies which shall have arisen in the last completed half-year ending June 30 or December 31.

Not less than half the number of vacancies shall be filled up by competition, and it shall be competent for our Secretary of State to fill up the remaining number from such qualified candidates as may be proposed by the governing bodies of public schools of medicine in our United Kingdom or in our Colonies, as he may think proper. Every candidate so proposed shall be certified by the governing body proposing him to be duly qualified according to a standard to be laid down by our Secretary of State, and shall be approved by the Director-General.

Our Secretary of State shall from time to time fix the order of precedence and the proportion in which the several schools of medicine shall be offered the nomination of candidates.

A Surgeon on probation shall on appointment be sent to some large station for instruction in Ambulance and Hospital Corps duties, until the commencement of the next course of study at the Army Medical School. After passing through such course at the Army Medical School as our Secretary of State shall decide, the Surgeon on probation, after passing a qualifying examination in the military medical subjects taught there, and satisfying the Director-General that he is a person of proper skill, knowledge, and character for permanent appointment in the Army Medical Department, shall be commissioned as Surgeon.

The Surgeons on probation who pass out of the Army Medical School at one qualifying examination shall take precedence among each other Surgeons, as follows :—(a) Those appointed on nomination according to their date of joining on probation ; (b) Those appointed on competition

* Inclusive of allowances.

Digitized by Google

according to the last day of the competitive examination, and in the order of merit at such examination with priority over any joining under sub-section (*a*) on the last day of the competitive examination.

A Surgeon's commission shall bear the date of the day of his passing out of the Army Medical School.

PROMOTION.

Brigade Surgeon.—A Brigade Surgeon shall be selected, on the recommendation of our Commander-in-Chief, for ability and merit, from Surgeons-Major who shall have served abroad for at least eight years as Surgeon-Major and Surgeon.

Deputy Surgeon-General and Surgeon-General.—All promotions from the rank of Brigade Surgeon to that of Deputy Surgeon-General, and from the rank of Deputy Surgeon-General to that of Surgeon-General, shall be given for ability and merit upon the selection of our Commander-in-Chief with the approval of our Secretary of State; and the grounds of such selection shall be stated to us in writing. In all such cases the amount of foreign service shall be expressly stated.

On appointment as Honorary Physician or Honorary Surgeon to Her Majesty, under Article 20, an officer below the rank of Deputy Surgeon-General shall, if duly qualified under Article 313, be promoted to that rank, and shall remain supernumerary of his rank until he would have attained the rank of Deputy Surgeon-General in ordinary course.

An Officer shall not be eligible for promotion to the rank of Deputy Surgeon-General unless he shall have served at least ten years abroad, including three years in India.

RETIREMENT.

Voluntary Retirement.—A Medical Officer, after completing 10 years' service, may be permitted to retire on the gratuity or pension laid down in Article 982, when it shall be deemed expedient by our Secretary of State. Before such voluntary retirement be permitted it shall be specially recommended by our Commander-in-Chief, and approved by our Secretary of State.

Any Officer who shall voluntarily retire before the age of fifty-five years shall be liable to be called upon to serve, in a case of national emergency, in a rank not lower than that from which he shall retire, until he shall complete the age of fifty-five.

A Medical Officer of the rank of Brigade Surgeon, Surgeon-Major, or Surgeon, shall be placed on the Retired List at the age of fifty-five, and a Surgeon-General, or Deputy Surgeon-General, at the age of sixty years.

Honorary Rank on Retirement.—A Medical Officer retiring after full-pay service of twenty years and upwards, may, if recommended for the same by our Commander-in-Chief, receive a step of honorary rank, but without any consequent increase of half-pay.

EXCHANGES.

An Officer of the Army Medical Department shall be permitted to exchange with another officer of the same Department under such conditions and regulations as shall from time to time be approved by us.

SERVICE ON THE WEST COAST OF AFRICA.

Service of Medical Officers upon the West Coast of Africa shall be voluntary, except for those who enter the Department specially for African Service.

Each year or portion of a year shall be allowed to reckon double towards retirement, provided that the Officer shall have served at least twelve months on the West Coast of Africa, but it shall not reckon double towards temporary half-pay or increased pay.

For each year's service on the Coast a Medical Officer shall be entitled to a year's leave at home, and for every additional period beyond a year he shall have an equivalent extension of leave.

Officers who may have entered the Department expressly for service on the West Coast of Africa since the 1st March 1873, and volunteers since the 1st March 1873, for that service from the Department, shall receive double pay while actually serving on the Coast.

Officers who enter the Department expressly for service on the West Coast of Africa shall enter under the same qualifications as other Medical Officers, but they may be admitted at a later age. They will be required to complete three years' actual service on the Coast, after which they shall be eligible for general service. If it shall be certified by a Medical Board that any such Officer is unfit for further duty on the Coast, he shall be eligible for general service, though he may not have completed three years' service there.

A Surgeon-Major of the African service who was promoted while serving on the Coast, and who served that service before the 1st March, 1873, may, on the completion of three successive tours of service on the Coast, each of twelve months, in the rank of Surgeon-Major, be transferred to the General List.

A Medical Officer transferred from the African Service under the conditions laid down in Article 332 shall join the General Service according to the date of his actual Commission.

SICK LEAVE.

An Officer may, on the recommendation of a Medical Board, be allowed sick leave of absence on full pay for a period of six months; but in special cases our Secretary of State may, on the recommendation of the Director-General, extend such sick leave on full pay for a further period not exceeding six months.

TEMPORARY HALF-PAY.

A Medical Officer who may become temporarily unfit for service in consequence of wounds or injuries received while on military duty, or of ill-health contracted in and by the performance of military duty, as certified by a Medical Board, may be granted half-pay until he shall recover, or until an opportunity shall occur for his re-employment. He shall not, however, remain on half-

Digitized by Google

pay beyond the age fixed for retirement from his rank. In special cases in which the circumstances may appear to our Secretary of State to call for exceptonal consideration, it shall be sufficient that the disability shall have been contracted in the Service.

If, after remaining for a period of not less than one year on half-pay, a Medical Officer be reported by a Medical Board to be permanently unfit for further Service, he may, provided he shall have been on full pay for a total period of at least five years, be placed upon retired pay under Section 2, Part II., or, if his service be not long enough to entitle him to ordinary retired pay, on a special retired pay equal to the half-pay of his rank.

NON-EFFECTIVE PAY.

The rates of Gratuity, Retired Pay, or Half-pay for Medical Officers, shall be as follows:—

Half-Pay of Officers on the Active List.

			£	s.	d.

ARMY MEDICAL SCHOOL AT NETLEY.

President of the Senate.—T. Crawford, M.D., Director-General of the Army Medical Department.

Members of the Senate.—Surgeon-General Sir Joseph Fayrer, M.D., K.C.B., C.S.I., President of the Council of India; The Principal Medical Officer Royal Victoria Hospital, and the Professors of the Army Medical School.

Professors.—Surgeon-General T. Longmore, C.B., Professor of Military Surgery; Inspector-General W. C. Maclean, M.D., C.B., Professor of Military Medicine; William Aitken, M.D., F.R.S., Professor of Pathology; Surgeon-Major F. S. B. F. de Chaumont, M.D., Professor of Military Hygiene.

Assistant Professors.—Surgeons-Major W. Cherry, R. Tobin, S. Moore, M.B., and T. Lewis, M.B.

Candidates for commissions in the Army and in the Queen's Indian Service proceed to Netley after passing the examination in London. At Netley they attend the medical and surgical practice of the Royal Victoria Hospital, and learn the system and arrangements of military hospitals. During four months they attend the lectures given by the professors and assistant-professors, and go through a course of practical instruction in the hygienic laboratory and microscopical room.

MEDICAL DEPARTMENT OF THE NAVY.

Office, 44, *Spring-gardens, London*, S.W.

Director-General, Sir John Watt Reid, K.C.B., M.D.; *Senior Clerk*, E. Lyon, Esq.

REGULATIONS FOR ENTRY OF CANDIDATES FOR COMMISSIONS IN THE MEDICAL DEPARTMENT OF THE ROYAL NAVY.

ADMIRALTY, 1st May 18[illegible]

1. Every Candidate for admission into the Medical Department of the Royal Navy must be under 21 nor over 28 years of age on the day on which he presents himself for examination, and must produce an extract from the Register of the date of his birth; or, in default thereof, a declaration made before a magistrate, from one of his parents or other near relative, stating the date of birth. He must also produce a certificate of moral character and a recommendation, signed by a Clergyman or Magistrate to whom he has been for some years personally known, or by the President or Senior Professor of the College at which he was educated.

Digitized by Google

2. *He must* be registered, under the Medical Act in force at the time of his appointment, as ssessing two diplomas or licences recognised by the General Council, one to practise Medicine d the other Surgery in Great Britain and Ireland.

3. He must sign a declaration that he is a British subject, the son of parents of unmixed ropean blood, that he labours under no mental or constitutional disease or weakness, or any er imperfection or disability which may interfere with the most efficient discharge of the duties a Medical Officer in any climate; and that he does not hold, and has never held, any commission ppointment in the public services.

He must also declare his readiness to engage for general service at home or abroad as required.

He must be free from organic or other disease, and his physical fitness will be determined by a ard of Medical Officers, who are to certify that his vision comes up to the required standard, ich will be ascertained by the use of Snellen's Test Types.

The Certificates of registration, character, and age, must accompany the Declaration, which is e filled up and returned as soon as possible, addressed as above.

4. Candidates will be examined in the following subjects:—

Anatomy and Physiology.

Surgery.

Medicine, including Therapeutics, and the diseases of women and children, Chemistry and Pharmacy, and a practical knowledge of Drugs. (The examination in Medicine and Surgery will be in part practical, and will include operations on the dead body, the application of Surgical Apparatus, and the examination of Medical and Surgical patients at the bedside.)

he eligibility of each Candidate will be determined by the result of the examinations in these cts only.

andidates who desire it will be examined in Comparative Anatomy, Zoology, Natural Philo-, Physical Geography, and Botany, with special reference to Materia Medica; also in French ierman; and their position on the list of successful competitors will be improved by the er of marks gained in Natural Science and Modern Languages.

Every Candidate, immediately after passing this examination, will receive a Commission as a en in the Royal Navy, and will undergo a course of practical instruction in Naval Hygiene, t Haslar Hospital.

REGULATIONS AS TO PAY, RETIREMENT, &C., OF MEDICAL OFFICERS.

e Lords Commissioners of the Admiralty, having had under their consideration the position Medical Officers of the Navy, are pleased, under the authority of Her Majesty's Order in il of 1st April, 1881, to establish the following Regulations, modifying existing rules, to take from that date, except as regards Surgeons entered since 1st January, 1881, in whose cases ill apply from date of entry.

Numbers.—The active list of Medical Officers will not exceed:—Inspectors and Deputy In- s General of hospitals and fleets (of whom not more than four to be Inspectors-General), 16; Surgeons, Staff Surgeons, and Surgeons, 400.

Promotion.—An Inspector-General of hospitals and fleets will be selected from amongst Inspectors-General who have completed in that rank—Three years' foreign service; or four ixed service, of which not less than two have been abroad; or five years' home service in ppointments as preclude foreign service, provided they have not refused to go abroad if en to do so.

A Deputy Inspector-General of hospitals and fleets will be selected, for ability and merit, from t Fleet Surgeons.

(a) The rank of Fleet Surgeon will be granted to Staff Surgeons on completion of 20 full-pay service, if recommended for advancement by the Medical Director-General, to their Lordships' approval.

Special promotions from the rank of Staff Surgeon to that of Fleet Surgeon will be t their Lordships' discretion, in cases of distinguished service or conspicuous professional Such promotions will be exceptional, and will not exceed the rate of one in two years; l number at any one time of Fleet Surgeons holding that rank by such promotions will eed six.

A Staff Surgeon specially promoted to that rank under clause 5 (*b.*) will be eligible, if ended by the Medical Director-General, for promotion to the rank of Fleet Surgeon after ears' full-pay service as Staff Surgeon.

(c.) Rank as Staff Surgeon will be granted, subject to their Lordships' approval, to Surgeons expiration of 12 years from the date of entry, provided they are recommended by the l Director-General, and have passed such examination as may be required after completion t years from the date of entry, in the rank of Surgeon.

Special promotions will be made, at their Lordships' discretion, to the rank of Staff n, in cases of distinguished service or conspicuous professional merit. Such promotions exceptional, and not exceed the rate of one a year. The total number at any one f Staff Surgeons holding that rank by such special promotions will not exceed eight. er will be so promoted unless he passes the examination prescribed for other Surgeons, such a case the requirement of eight years' time in rank of Surgeon will be dispensed

When a Surgeon's promotion to the rank of Staff Surgeon has been retarded by failure the qualifying examination, he will, should he pass and be promoted, be dealt with as

Digitized by Google

He will be granted the seniority as Staff Surgeon he would have received had he passed in ordinary course.

He will reckon service for increase of full and half-pay only from the date of appointment to full-pay as Staff Surgeon.

If on half-pay, or if placed on half-pay when promoted, he will receive the lowest rate of half-pay of the new rank from the date of passing the qualifying examination.

Where delay in passing the qualifying examination may be due to unavoidable circumstances special consideration will be given.

(*d.*) The seniority of Surgeons on entry will be determined by the order of merit in which they pass the competitive examination in London.

6. *Relative Rank.*—Existing Regulations will remain in force, with the exception that in matters wherein the army and army administration are concerned, Fleet Surgeons will rank with and as Brigade Surgeons.

7. *Full Pay and Allowances.*—The undermentioned scale of Full Pay is substituted for that hitherto in force:—

Rank.	Daily. £ s. d.	Yearly £
Surgeon: On entry	0 11 6	20[illegible]
„ After 4 years' full-pay service	0 13 6	24[illegible]
„ „ 8 „ „	0 15 6	2[illegible]
Staff Surgeon: On promotion	1 1 0	3[illegible]
„ After 4 years' full-pay service in rank	1 4 0	4[illegible]
Fleet Surgeon: On promotion	1 7 0	4[illegible]
„ After 4 years' full-pay service in rank	1 10 0	54[illegible]
„ 8 „ „	1 13 0	[illegible]
Deputy Inspector-General	2 2 0	7[illegible]
Inspector-General	2 15 0	1,0[illegible]

On first appointment to the service, Medical Officers will receive Full Pay from date of appointment, but subject to the provisions of Art. 1,255, clause 2, of the Queen's Regulations, 18[illegible].

8. The allowance of 5s. a day, in addition to Full Pay, at present granted to the Fleet Surgeon of a flag ship bearing the flag of a Commander-in-Chief on a foreign station, will be granted to the Senior Medical Officer of such ship, being a Fleet or Staff Surgeon, and an allowance of 2s. a day to the Senior Medical Officer, being a Fleet or Staff Surgeon, of the ship of a Commodore or Senior Officer commanding a foreign station.

Medical Officers conducting the course of instruction at Haslar Hospital will receive the following allowances:—

The Senior Officer employed upon this duty	£150 a year
The Junior Officer assisting	50 a year

9. The Hospital Allowances for Naval Medical Officers at Home and Abroad, in lieu of provisions for themselves and servants, and for fuel and light, are as follows:—

	At Home. £	Abroad £
Inspectors-General of Hospitals	85	130
Deputy Inspectors-General	67	112
Fleet Surgeons and Staff Surgeons	53	112
Surgeons	39	104

10. The travelling allowances, extra pay, lodging money, and compensation for losses are for Naval Medical Officers according to their relative rank in the Service.

HALF-PAY.

11. The undermentioned scale of half-pay is substituted for that hitherto in force:—

Rank.	Daily £ s. d.	Yearly £
Surgeon: Under 2 years' full-pay service	0 6 0	1[illegible]
„ After 2 years' full-pay service	0 7 0	1[illegible]
„ „ 4 „ „	0 8 0	14[illegible]
„ „ 6 „ „	0 9 0	16[illegible]
„ „ 8 „ „	0 10 0	1[illegible]
„ „ 10 „ „	0 11 0	[illegible]
Staff Surgeon: On promotion	0 12 0	[illegible]
„ After 2 years' full-pay service in rank	0 13 0	[illegible]
„ „ 4 „ „	0 14 0	[illegible]
„ „ 6 „ „	0 15 0	[illegible]
Fleet Surgeon: On promotion	0 17 0	[illegible]
„ After 2 years' full-pay service in rank	0 1[illegible] 0	[illegible]
„ „ 4 „ „	0 19 0	[illegible]
„ „ 6 „ „	1 0 0	[illegible]

ter 27 years' service (including proportion of half-pay time)	—			*1	5	0	456	5	0
ter 30 years' service (including proportion of half-pay time)	—			†1	10	0	547	10	0
ty Inspector-General	—			1	15	0	638	15	0
ector-General	—			2	0	0	730	0	0

5. An officer retired with less than twenty years' service, on account of disability contracted in attributable to the service, will receive the half-pay of his rank, or, with the consent of their hips, a gratuity on the scales given in paragraphs 14 and 16*b*, but such Officer will not be ed to receive any special compensation for the disability in addition to the gratuity as above.

6. An officer retired with less than twenty years' service on account of disability contracted in ot attributable to the service will receive,—

(a.) If he has over eight years' full-pay service, either a gratuity on the scale given in paragraph 14, lf-pay, according as their Lordships think fit.

(b.) If he has less than eight years' full-pay service, such gratuity as their Lordships think fit, not ding the rate of 125*l.* for each year of full-pay service.

7. Under circumstances other than those specified in paragraphs 15 and 16, an officer retired less than 20 years' service will not be allowed half-pay or retired pay, but will receive a uity on the scale laid down in paragraph 14 if he has 8 years' full-pay service, and on that ded in paragraph 16 (*b*) should his full-pay service not amount to eight years.

8. Every officer on the active list on 1st January, 1881, will, if compulsorily retired, be ed at his option to receive half-pay, but subject to the provisions of the Orders in Council eduction of half-pay and retired pay.

9. The power vested in their Lordships of granting reduced rates of half-pay and retired pay ses of misconduct is extended to the award of gratuities on retirement, and the gratuity ded will be reduced to such an amount as is thought fit.

10. An officer retiring after twenty years' full-pay service will be eligible, if recommended by Medical Director-General for distinguished or meritorious service, to receive a step of honorary , such step to be awarded at their Lordships' discretion, and not to confer any claim to ase of retired pay or of widows' pension.

11. All retired officers will be liable, till the age of fifty-five, to serve in time of declared onal emergency in a rank not lower than that held on retirement.

his liability will not exist in cases of withdrawal on the conditions specified in paragraph

* To obtain this rate an officer must hold the commission of Fleet Surgeon.

† Or on compulsory retirement at the age of 55.

Digitized by Google

22. Retired officers will receive special consideration as regards appointments on shore connected with the Admiralty now filled by civilians.

23. Officers compulsorily retired at the age of fifty-five under the provisions herein stated, instead of at sixty, being allowed to receive the improved rates of retired pay specified in paragraph 11 will not be entitled to any further compensation.

INDIAN MEDICAL SERVICE.

REGULATIONS FOR THE EXAMINATION OF CANDIDATES FOR THE APPOINTMENT OF SURGEON IN HER MAJESTY'S INDIAN MEDICAL SERVICE.

1. The Regulations are those in force at the present time. They are subject to any alterations that may be determined on.

2. All natural-born subjects of Her Majesty, between 22 and 28 years of age at the date of the examination, and of sound bodily health, may be candidates. They may be married or unmarried. They must possess a Diploma in Surgery, or a licence to practise it, as well as a Degree in Medicine or a licence to practise it in Great Britain or Ireland.

3. They must subscribe and send in to the Military Secretary, India Office, Westminster, *as to reach that address at least a fortnight before the date fixed for the Examination*, a declaration according to the annexed form.

4. This declaration must be accompanied by the following documents:—

(*a.*) Proof of age, either by extract from the register of the parish in which the Candidate was born, or, where such extract is unattainable, by his own declaration (pursuant to the Act, 5 & 6 Will. IV. c. 62), form of which can be obtained at the India Office. A certificate of baptism which does not afford proof of age will be useless.

(*b.*) A certificate of moral character from a magistrate, or a minister of the religious denomination to which the Candidate belongs, who has personally known him for at least the two years preceding the date of his application.

(*c.*) A certificate of registration, in accordance with the Medical Act of 1858, of the degrees, diplomas, and licences possessed by the Candidate.

5. The physical fitness of Candidates will be determined previous to examination by a Board of Medical Officers, who are required to certify that the Candidate's vision is sufficiently good to enable him to perform any surgical operation without the aid of glasses. A moderate degree of Myopia would not be considered a disqualification, provided it did not necessitate the use of glasses during the performance of operations, and that no organic disease of the eye existed.

Every Candidate must also be free from organic disease of other organs, and from constitutional weakness, or other disability likely to unfit him for Military Service in India.

6. On producing the foregoing qualifications, the Candidate will be examined by the Examining Board in the following compulsory subjects, and the highest number of marks attainable will be distributed as follows:—(*a.*) Anatomy and Physiology, 1000 marks. (*b.*) Surgery, 1000 marks. (*c.*) Medicine, including Therapeutics, the Diseases of Women and Children, 1000 marks. (*d.*) Chemistry and Pharmacy, and a practical knowledge of Drugs, 100 marks. (The examination in medicine and surgery will be in part practical, and will include operations on the dead body, the application of surgical apparatus, and the examination of medical and surgical patients at the bedside.)

7. The eligibility of each Candidate for the Indian Medical Service will be determined by the result of the examinations in these subjects only.

8. Candidates, who desire it, will be examined in French, German, and Hindustani. Comparative Anatomy, Zoology, Natural Philosophy, Physical Geography, and Botany, with special reference to Materia Medica.

9. The number of marks gained in these subjects will be added to the total number of marks obtained in the obligatory part of the examination by Candidates who shall have been duly qualified for admission, and whose position on the list of successful competitors will thus be improved in proportion to their knowledge of Modern Languages and Natural Sciences.

10. The maximum number of marks allotted to the voluntary subjects will be as follows:—French, German, and Hindustani (150 each), 450 marks; Natural Science, 300 marks.

11. The subjects for this part of the examination will be taken from the following books:—"Animal Kingdom," by W. S. Dallas, F.L.S. "Outlines of the Structure and Functions of the Animal Kingdom," by Rymer Jones; or "Cours Elémentaire d'Histoire Naturelle," par M. Milne Edwards. Lindley's "School Botany," Lindley's "Medical and Economic Botany," Henfrey's "Elementary Course of Botany." "Elements of Natural Philosophy," by Golding Bird and C. Brooks. "Physical Geography," by Mrs. Somerville.

12. The Examiners in London will prepare a list in order of merit, with the marks affixed to the different subjects, to be transmitted to the Director-General and communicated to the Professors of the Army Medical School. If any Candidate is found to be deficient in any particular subject, this shall be stated, in order that he may receive special instruction on the point at Netley.

13. After passing this preliminary examination, Candidates will be required to attend the entire course of practical instruction at the Army Medical School, before being admitted to examination for a commission, on—(1) Hygiene. (2) Clinical and Military Medicine. (3) Clinical and Military Surgery. (4) Pathology of Diseases and Injuries Incident to Military Service. These courses are to be of not less than four months' duration; but Candidates who have already passed through a course at Netley as Candidates for the Army or Navy Medical Service may, if thought desirable, be exempted from attending the School a second time.

Digitized by Google

14. During the period of his residence at the Army Medical School, each Candidate will receive an allowance of 8s. per diem, with quarters, or when quarters are not provided, with the usual lodging and fuel and light allowances of subalterns, to cover all costs of maintenance; and he will be required to provide himself with uniform (viz., the regulation undress uniform of a Surgeon of the British Service, but without the sword).

15. All Candidates will be required to conform to such rules of discipline as the Senate may from time to time enact.

16. At the conclusion of the course, Candidates will be required to pass an examination on the subjects taught in the School. The examination will be conducted by the Professors of the School. The Director-General, or any medical officer deputed by him, may be present and take part in the examination. If the Candidate give satisfactory evidence of being qualified for the practical duties of an Army Medical Officer, he will be eligible for a commission as Surgeon.

17. The position of the Candidates on the list of Surgeons will be determined by the combined results of the preliminary and of the final examinations, and, so far as the requirements of the service will permit, they will have the choice of Presidency in India, according to their position on that list.

INDIA OFFICE,
August, 1882.

N.B.—There will be an examination for five appointments in February, 1884.

SCHOOLS OF DENTAL SURGERY.

DENTAL HOSPITAL OF LONDON SCHOOL OF DENTAL SURGERY.

40, *Leicester Square*, W.C.

The Hospital was opened on Monday, October 3rd, 1859, for the reception of Pupils, who receive practical instruction from the Dental Officers, and when sufficiently advanced are themselves entrusted with the treatment of cases.

The Lectures on the subjects specially pertaining to Dental Surgery (excepting those upon Mechanical Dentistry and Metallurgy) are given during the Summer Medical Session, in order that Students may be at liberty to attend at any of the existing Medical Schools those lectures enjoined by the Curriculum upon subjects which are not peculiar to Dental Surgery.

Dental Anatomy and Physiology (Human and Comparative): Mr. C. S. Tomes. *Dental Surgery and Pathology*: Mr. A. Coleman. *Mechanical Dentistry*: Dr. Walker. *Metallurgy in its Application to Dental Purposes*: Prof. Huntington. *Dental Surgs.*: Messrs. G. Gregson, A. Hill, H. Moon, D. Hepburn, S. J. Hutchinson, and R. H. Woodhouse. *Asst. Dental Surgs.*: Messrs. R. H. Woodhouse, F. Canton, W. S. Bennett, A. S. Underwood, C. E. Truman, G. W. Parkinson, and C. Rogers.

For further particulars, see page 1430.

NATIONAL DENTAL HOSPITAL AND COLLEGE.

Great Portland Street, London, W.

The National Dental Hospital was established in 1861; the College in May, 1877. The Hospital is open for the reception of patients every week day from nine till eleven o'clock a.m. Clinical Demonstrations will be given by the Medical Officers on cases of particular interest; also Demonstrations upon the Preparing and Filling of Cavities, and other operations upon the Teeth and contiguous parts.

Dental Anatomy and Physiology: Mr. T. Gaddes. *Dental Surgery and Pathology*: Mr. W. Weiss. *Dental Mechanics*: Mr. H. Rose. *Dental Metallurgy*: Mr. A. Tribe. *Operative Dental Surgery and Therapeutics*: Dr. W. St. G. Elliott. *Elements of Histology*: Mr. T. Gaddes. *Demonstrator of Dental Mechanics*: Mr. W. R. Humby. *Dental Surgs.*: Messrs. G. A. Williams, H. Rose, F. Canton, F. H. Weiss, T. Gaddes, and A. Smith. *Asst. Dental Surgs.*: Messrs. W. Weiss, W. R. Humby, G. D. Curnock, G. Bradshaw, M. Davis, and H. G. Reid. *House Surg.*: Mr. C. Glassington. T. Gaddes, *Dean.*

For further particulars, see page 1438.

MANCHESTER DENTAL SCHOOL AND HOSPITAL.

Established 1883. All the Dental Lectures required for the Dental Diploma, together with the Hospital Practice, can be attended.

Operative Dental Surgery: Mr. A. C. Farnsworth. *Dental Surgery and Pathology*: ——. *Dental Anatomy and Physiology*: ——. *Dental Mechanics*: Mr. F. A. Huet. *Dental Metallurgy*: Mr. H. C. Smale. *Cons. Phys*: Dr. D. L. Roberts. *Cons. Surg.*: J. Hardie, M.D. *Cons. Dental Surgs.*: Messrs. J. Hooton and F. A. Huet. *Dental Surgs.*: Messrs. H. C. Smale, W. Spencer, R. Walker, G. Crocker, and A. C. Farnsworth. *Administ. Anæsthet.*: J. J. K. Fairchild, M.D. *Sec.*: Mr. T. North (96, Bloomsbury, Manchester.)

EDINBURGH DENTAL SCHOOL AND HOSPITAL.

Instituted 1878 for the training of Students in the Specialities of Dental Surgery.

Dental Anatomy and Physiology: Mr. A. Wilson. *Dental Surgery and Pathology*: Mr. G. W. Watson. *Dental Mechanics*: Mr. W. B. Macleod. *Asst. Demonstrator*: Mr. J. S. Durward. *Dental Surgs.*, Messrs. C. Matthew, W. B. Macleod, M. Finlayson, A. Wilson, G. W. Watson, M. Macgregor and A. E. Cormack; *Asst. Dental Surgs.*, Messrs. J. S. Durward, J. S. Amoore, J. Lessels, G. Forrester, and J. Stewart. W. B. Macleod, *Dean.*

ST. JAMES'S BRANCH—1, ST. JAMES'S STREET, S.W.

Roland G. Hill, *District Secretary.*

WESTMINSTER BRANCH—1, GREAT GEORGE STREET, WESTMINSTER.

Granville R. Ryder, *Superintendent of the Branch.*

LIFE DEPARTMENT.

In a Life Assurance Contract, Security should be the paramount consideration, and next Security in importance are the terms and conditions on which a Policy of Assurance may obtained. The conditions of the *Alliance* have been placed on a footing eminently ourable to the Assured, and the rates of Premium for Policies which do not participate profits have been materially reduced. Assurances may be thus effected with the Office from many restrictions which usually attach to Life Policies and at a minimum cost in mium, while the Security afforded by the large Capital and Reserves of the Company f the highest character.

Participating Policy-holders receive 80 per cent. of the declared divisible profit from all Assurances.

Important concessions have been made to the Assured as regards Foreign travel and dence.

Under favourable circumstances Whole World Policies are granted free of extra premium.

The following are specimens of the reduced charges for Assurance for the whole of life, hout profits :—

£1	12s.	7d.	per cent.	per annum	for life aged	20	next birthday.
2	1	8	,,	,,	,,	30	,,
2	16	4	,,	,,	,,	40	,,
4	2	0	,,	,,	,,	50	,,

Premiums for Policies payable during the lifetime of the Assured, and for other classes ion-participating Policies, are equally favourable.

FIRE DEPARTMENT.

Fire policies are granted on the usual terms.

The Company have Branch Offices at Edinburgh, Glasgow, Dublin, Liverpool, Manchester, ffield, Birmingham, Ipswich, Bury St. Edmunds, Newcastle-on-Tyne, and Wrexham.

Life and Fire proposal forms, detailed prospectuses, and statements of accounts may be on application to the Head Office of the Company, or to any of the branch offices.

The Directors are open to entertain applications for Agencies from ties who are in a position to introduce business of a high class.

ROBERT LEWIS, *Chief Sec.*

ATLAS ASSURANCE COMPANY,

FIRE, LIFE, ACCIDENT.

92, CHEAPSIDE, LONDON.

ESTABLISHED 1808,

And Empowered by Act of Parliament of the 54th Geo. III. c. 79.

CAPITAL—£1,200,000.

DIRECTORS.

Chairman—Sir William J. W. Baynes, Bart.
Thos. Chapman, Esq., F.R.S.
James Pattison Currie, Esq.
William Cotton Curtis, Esq.
Benjamin Buck Greene, Esq.
Frederick Greene, Esq.

Deputy-Chairman—Charles Andrew Prescott, Esq.
John Oliver Hanson, Esq.
Admiral Sir A. L. Montgomery, Bart.
Eugene Frederick Noel, Esq.
Richard Blaney Wade, Esq.
Philip Ainslie Walker, Esq.

Auditors—Sir Thomas Douglas Forsyth, C.B., K.C.S.I., and Edwin Waterhouse, Esq.
Secretary—Richard Ray, Esq.
Actuary—William Henry Tyndall, Esq.
Solicitors—Messrs. G. F. Hudson Matthews & Co.
Medical Officer—Buxton Shillitoe, Esq., F.R.C.S.
Bankers—Messrs. Prescott, Cave, Buxton, Loder & Co.

This Office has been established more than 75 years, and its present magnitude and prosperity prove the soundness of the principle on which it has been conducted.

LIFE DEPARTMENT.

The Accumulated Life Fund is over **£1,500,000.**

Large Bonuses have been declared and paid as additions to the amounts assured.

Premiums on Policies have been extinguished through the application of Bonus.

Persons assuring have the option of **Participating** Rates of Premium, and **Non-Participating** Rates.

Policies made payable during Life.

Unlimited Foreign residence under favourable conditions.

Advances are made on Policies to the extent of their surrender value.

Persons desiring to surrender their Assurances may receive their value in money, or, in lieu thereof, a new Policy for a reduced amount **without further payment of Premium**

Prompt payment of claims.

The Directors are ready to receive proposals for Assurances on any contingency involving payment of sum at death.

ACCIDENT DEPARTMENT.

This company assures against Accident whether fatal or occasioning disablement.

The Premiums for such Assurances are very moderate, the Compensation in the result of Accident is great.

FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom at Rates of Premium and upon principles which will be found quite as advantageous to the interest of the Assured as those offered by any other Office. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the many years it has been established.

Renewals should be paid within fifteen days after the respective Quarter-days when they become due.

Losses occasioned by **Lightning** will be paid.

The **Policies** of the **Company** extend to cover **Losses** occasioned by the **Explosion of Gas.**

The Company is ready to receive applications for Agencies in those Towns and Districts in which it is not at present represented. Application to be made to the Secretary.

No charge for Policy Stamp.

Tables of Rates, Forms of Proposal, and every information needful to effect Life, Fire or Accident Assurances may be obtained on application at the Office, No. 92, Cheapside, London, or to any of the Company's Agents.

CLERGY MUTUAL ASSURANCE SOCIETY.

1 & 2, THE SANCTUARY, WESTMINSTER, S.W.

PATRONS.

His Grace the Archbishop of Canterbury. | His Grace the Archbishop of York.

PRESIDENT.

The Right Hon. and Right Rev. the Lord Bishop of London.

TRUSTEES.

His Grace the Archbishop of Canterbury.
His Grace the Archbishop of Dublin.
The Right Rev. the Lord Bishop of Winchester.
The Archdeacon of Maidstone.

Chairman—The very Rev. the Dean of Westminster. *Deputy-Chairman*—Robert Few, Esq.

Open to the Clergy and their Lay Relatives.

(FOR QUALIFICATION, SEE BELOW.)

Attention is particularly requested to the following points respecting this Society, as being of special importance to Clergymen and their Lay relatives desiring to assure their lives :—

1. **SECURITY.**—The security offered by this Society for the due fulfilment of its engagements consists of Funds, amounting to **£3,002,005**, created from Premiums accumulated at compound interest, together with an Annual Income derived from Premiums and interest on these funds of **£333,189**. The average rate of interest obtained on the Society's Funds during the financial year 1864 was **£4 3s. 2d.** per cent. The investments comprise Mortgages of Freehold Estates in England and Wales, of long Leaseholds in the cities of London and Westminster, of Rates under Acts of Parliament, and of Life Interests and Reversions; Railway, Gas, and Water-works Debenture Stocks; and Loans on the Society's Policies within the surrender values.

2. **BONUS.**—This Society being purely **mutual**, has no **Proprietors**, and consequently no **Proprietors' Fund** upon which to pay interest. **All the Profits are the Property of the Assured Members.** The total Profits **realized and divided** since the establishment of the Society amount to **£1,619,812**, of which **£437,347** was distributed at the Last Quinquennial Bonus among **7,882** Policies. Of these, **1,070** were then, by means of Bonus, not only altogether released from the payment of Annual Premiums, but had, in almost every case, additions made to the sums originally assured.

3. **PREMIUMS.**—The Rates of Premium for which assurances may be effected in this Society are less than those charged by the great majority of Life Assurance Offices. One fifth of the Annual Premium may remain a charge upon the Policy, to be paid wholly or in part at each Quinquennial Division of Profits. Assurances upon Life are granted for any amount not exceeding **£7,500.**

4. **MANAGEMENT.**—This Society **neither employs Agents nor allows Commission** for the introduction of new business. The expenses of management on all accounts were in the past financial year only **£3 15s.** per cent. of the Total Revenue, and less than **£5 16s.** per cent. of the Premium Revenue. So that for **£5 16s. out of every £100 received for Premiums,** which is **very little more than the most moderate allowance paid by other Offices for Commission alone—the whole business of this Society is conducted.**

NO LIABILITY INCURRED BY THE ASSURED.

The business of the Society is chiefly with a class of persons in which the average duration of Life is allowed to be beyond that ordinarily found in the community at large. The experience of the duration of Life among the Members has hitherto been very favourable.

STEWART HELDER, *Actuary.*
MATTHEW HODGSON, *Secretary.*

QUALIFICATION.

The following may make an assurance upon his or her own life, and also for his or her own benefit upon the Life of any other person, provided He or She may have an interest in such Life to the amount of the capital sum to be assured :—

1. Any Clergyman of the respective Churches of England and Ireland, or of the Protestant Episcopal Church in Scotland.
2. Any Wife, Widow, Child or Grandchild, or any Father, Mother, Brother, Sister, Uncle, Aunt, Nephew or Niece of any such Clergyman.
3. Any Father, Mother, Brother, Sister, Uncle, Aunt, Nephew or Niece of the Wife or Widow of any such clergyman.
4. The Wife or Widow of any son, or the husband or Widower of any Daughter of any such Clergyman.
5. Any Director, or other person holding any Office in the Society.

Any person not thus qualified may make assurances upon Life, if the persons upon whose lives such Assurances are to be made, are themselves qualified.

Applications for Assurances, &c., &c., may be made personally at the Offices, 1 and 2, The Sanctuary, Westminster, or by letter addressed to the Secretary.

Rev. RICHD. WHITTINGTON, M.A., Rector of St. Peter's, Cornhill.

Actuary and Secretary.
BENJAMIN NEWBATT, Esq.

Financial Position on the 30th June, 1883.

The Annual Income for the Year then ending, was	...	**£296,226**
The Assurance Fund at that date was ...	...	**2,451,102**
The New Policies in the Year were **512** in number, for	...	**357,374**
The New Annual Premiums thereon amounted to	...	**11,726**
The Bonus added to Policies in January, 1882, was	...	**406,755**
The Total Claims by Death, paid to date, amounted to	...	**4,666,835**
The Subsisting Assurances and Bonuses were	...	**6,648,995**

DISTINCTIVE FEATURES.

CREDIT of half the first five Annual Premiums allowed on whole-term Policies on healthy Lives not over 60 years of age.

ENDOWMENT ASSURANCES granted, without Profits, payable at death or on attaining a specified age.

INVALID LIVES assured at rates proportioned to the risk.

NON-FORFEITABLE POLICIES granted, the Premiums being all paid during a limited number of years.

IMMEDIATE SETTLEMENT OF CLAIMS.—Claims paid immediately on proof of death and title.

NON-PROFIT PREMIUMS lately reduced.

NEW AND LIBERAL CONDITIONS OF ASSURANCE (see New Prospectus).

BONUS.

The Profits are divided quinquennially, and Policies participate in proportion to the number and amount of Premiums paid on them during the Quinquennium. Persons who effect new Policies before the end of June next will therefore be entitled, at the division in January, 1887, to one year's additional share of Profits.

The New Prospectus, Bonus and Annual Reports, the Returns made to the Board of Trade, Forms of Proposal, and every information, can be obtained at either of the Society's Offices, or from any of its Agents.

B. NEWBATT, *Actuary and Secretary.*

N.B. Medical Attendants of Proposers always consulted, and the full Fee of One Guinea paid.

Solicitor—George Rooper, Esq., 17, Lincoln's Inn Fields. *Medical Officer*—E. Symes Thompson, M.D., 33, Cavendish Square. *Actuary and Secretary*—G. W. Berridge, Esq.

SUMS ASSURED, £5,900,000. TOTAL INCOME, £202,310. ASSETS, £1,818,431.

EXPENSES OF MANAGEMENT, £7,864.

The Reserve retained by the Society in respect of its Liabilities under Policies has been calculated according to the **highest Standard**, viz., the Tables of the Institute of Actuaries, interest being taken at 3 per cent. and all the loading on premiums reserved.

Nine-tenths of the Total Profits are divided among the Assured. Considerably more than One-tenth of the Profits is derived from Policies which do not participate in Profits, so that the assured have larger Bonuses than if they formed a Mutual Insurance Company, and received the whole of the Profits derived from their own Policies.

At an extraordinary General Meeting held on June 18, 1880, the sum of £1,239,650 was set aside as the value of the Society's Liabilities under its Assurance and Annuity Contracts, and **£244,409 was ordered to be divided as Bonus**; leaving a balance of undivided Profit of £52,407.

Nine-tenths of the sum divided was allotted among holders of Policies for £2,865,571.

TABLE of the TOTAL ADDITIONS made up to December 31st, 1879, to POLICIES of £1000 each.

Age at Entry.	Number of Premiums paid.			
	Thirty-five.	Twenty-five.	Fifteen.	Five.

The arrangements of this Company include an ADVANTAGEOUS BONUS SYSTEM, by which Policyholders enjoy an Increasing Share of the Profits as they advance in years; a Special NON-FORFEITURE SYSTEM, applied to nearly all classes of Policies, by which the Assured are protected against loss from the discontinuance of Premiums; and a New Plan of TERMINATING PREMIUMS, under which, by an application of the earlier (but without sacrificing the later and larger) Bonuses, the ordinary Whole-Life Premiums are made to cease in the life-time of the Assured.

PENSIONS to MEDICAL MEN & THEIR WIDOWS.

By E. C. GARLAND, L.R.C.P. Ed., Yeovil,

President of the West Somerset Branch of the British Medical Association.

(*Abridged and Amended from the* British Medical Journal *of July* 12, 1873.)

In common with several other members of the British Medical Association, I have long felt that there ought to be some plan of providing pensions to widows of medical men, and to medical men themselves after a certain time of life. At the present moment there are many members of the Association who are not in a position to contemplate with complacency the circumstances in which they could leave their widows were they to die soon, nor that their own circumstances may be in the later years of life.

Taking round figures, a medical man aged 30, by paying £30 yearly, can secure £1000, to be paid to himself at age 60, or to his representatives if he die before 60.

Suppose that he dies at age 50, leaving a widow of the same age; if she be a delicate person, she will rather take the £1000 in cash than a pension which will terminate with her life; if she be healthy, she may choose to exchange the £1000 for a life income, in which case she may have £65 yearly while she lives.

Should the husband live to 60, he may similarly either take the £1000 in cash, or exchange it for a yearly income of £96 during his own life, or of £83 during his wife's life, or of £70 as long as either of them is alive.

Such is the plan I would recommend for adoption. It is extremely simple, and adapts itself to all circumstances. The medical man may be married not at the time of joining; his wife may be any number of years older or younger than himself, or he may never marry at all; his wife may die before him and he may not marry again, or he may marry a lady of a different age: none of these circumstances entails a loss.

It would be unwise for the Association in its corporate capacity to involve itself in pecuniary liabilities connected with life contingencies, as such responsibilities are unquestionably quite beyond the scope of its functions. Having received from the Edinburgh Life Office a considerable amount of information on the subject of these remarks, and also the figures already quoted, what I would suggest is that the members should apply individually to that Office, and secure a definite provision such as I have indicated, in return for a definite rate of payment varying with the present age of the member. This plan of dealing with an established institution would completely obviate the difficulties inseparable from any endeavour to start a new organisation, as each member would at once be one of a large body of selected persons, sufficiently numerous and widely spread to yield an average rate of mortality, and would have the security of an accumulated fund amounting to considerably over a million sterling. I should mention that what is here proposed contains nothing absolutely new and untried, but is a combination, and adaptation to a special purpose, of two kinds of business which the Company has carried on for half a century.

During the period which has elapsed since the publication of the above article in the *British Medical Journal*, many Medical Men in all parts of the country have adopted the plan it sets forth, and a considerable number of thousands of pounds sterling are now secured to be paid by the Company to members of the profession or their representatives—as capital sums or, optionally, as pensions. The original title, "Proposition," is therefore no longer so appropriate as at first, the suggestion being now in full operation, and fresh applications are still being sent in by practitioners desirous of joining.

The Yearly cost to any individual may be ascertained on an inquiry, stating date of birth, being addressed to the Secretary, The Edinburgh Life Office, 11, King William Street, London, E.C.

ENDOWMENT ASSURANCES

Combining the advantages of Personal and Family Provisions, being PAYABLE TO THE ASSURED themselves on attaining a SPECIFIED AGE, or to their representatives at death, should that happen sooner.

NON-FORFEITURE POLICIES.—LIMITED PREMIUMS.

Under the NON-FORFEITURE SYSTEM the Premiums are restricted to a LIMITED NUMBER of yearly payments, each of which, under certain conditions, absolutely secures an EQUIVALENT AMOUNT of ASSURANCE, irrespective of any future payment.

CLAIMS PAID, £2,000,000.

Six Divisions of Profits have taken place; the rate of the BONUS ADDITION never having been less than **£1 10s.** PER CENT. PER ANNUM on the Sums assured under Whole-Life Policies.

NETT ANNUAL INCOME AT CHRISTMAS, 1882 ...	£185,318
INVESTED FUNDS	1,245,500

LIFE DEPARTMENT.

The Last Quinquennial Valuation was made on the basis of the Institute of Actuaries' (H^M) Table of Mortality and 3 per cent. interest. The Valuation was strictly a net premium one, the whole of the loading being reserved.

FEATURES OF LIFE POLICIES.

PAYMENT OF CLAIMS is generally made immediately after proof of death and title.

A GUARDIAN Policy of 5 years' standing can be revived within thirteen months on payment of the premiums overdue and a fine, no evidence of health being required.

A GUARDIAN Policy of 5 years' standing is free from all restrictions as to foreign residence and travel, provided the life assured has attained the age of 30, and has not previously exceeded the free limits, or is in the military, naval, nor mercantile marine services.

Forfeiture of a GUARDIAN Policy on account of Suicide is limited to thirteen months.

A GUARDIAN Policy is indisputable on the ground of any *bonâ fide* error in the proposal after the age has been admitted.

The GUARDIAN issues, when required, special forms of Trust Policies for Wife and Children.

The GUARDIAN system of Paid-up and Non-Forfeiture Policies gives ample protection to Policy-holders who from any cause cannot continue their periodical payments.

LIFE FUND (1882), £2,175,000. LIFE INCOME, £279,000.

FIRE DEPARTMENT.

Insurances Effected upon Property at Home and Abroad at Moderate Rates.

FIRE FUND (1882), £410,000. FIRE INCOME £327,000.

Reversionary Bonuses hitherto allotted	6,198,991

The Expenses of Management (including Commission) are about 4¼ per cent of the Income.

Assurances upon lives are granted for any desired amount, either with participation in Profits, or at a lower rate of Premium without participation in Profits.

Profits are divided every fifth year, four-fifths thereof being appropriated to the persons assured on the participating scale of Premiums, who have been so assured for two full years and upwards prior to the date of the division.

The next division of profits will be made as at December 31, 1884.

Loans are granted on security of Life Interests and Reversions in connexion with policies of assurance, also on unencumbered policies of the Society nearly to the extent of their surrender value.

Claims are paid at the expiration of One Month after the requisite evidence of death, upon satisfactory proof of title being furnished in the meantime.

Commission allowed to Solicitors and others on Assurances introduced through their agency.

Prospectus and form of proposal will be sent on application.

October, 1883. GRIFFITH DAVIES, *Actuary.*

LIFE ASSOCIATION OF SCOTLAND.

Founded 1838. *For Life Assurance and Annuities.*

AT END OF THE 44th YEAR (5th April, 1883).

Assurances in Force	**£11,816,273**
Claims Paid under Policies	**£3,446,813**
Funds in hand	**£2,739,493**
Revenue from Premiums & Interest	**£470,400**

This ASSOCIATION differs from other Assurance Offices in the mode of DISTRIBUTING PROFITS and the SPECIAL RESULTS to the POLICY HOLDERS. Assurers have the choice of two Classes of Policies affording distinctive advantages and benefits, so as to meet their varying wants.

CLASS A. CURRENT SERIES.—The System of ALLOCATING PROFITS in this Class is adapted to remove a serious objection to Life Assurance on the usual plan—namely, the burden of making annual payments during life.

A Policy effected with the Association in this class at the ordinary premium payable annually during the whole of life is transformed, after a few years, into a PAID-UP POLICY for the FULL SUM ASSURED requiring no payments and no care to keep it in force, carrying the high value and privileges of such a document, and entitled to Bonus Additions at future Divisions of profits, or Assurers may elect to have their share of Profits applied wholly in Bonus Additions, the Premium being then Payable as stipulated in the Policy.

CLASS B. The Bonuses in this class are declared every Five Years, and are in the form of Contingent Additions to the Sums assured. Four divisions of profit have been made, namely, at 5th December, 1865, 1870, 1875, and 1880; and at each division there was attached to each Participating Policy a BONUS ADDITION, at the rate of £1 per cent. for every year's Premium paid during the preceding five years—such addition to be payable at death along with the sum assured, provided the life assured attain the average expectation of life of persons of his age when he entered.

Directors at London.

Rt. Hon. Sir Lyon Playfair, K.C.B., M.P., &c., *Chairman*

George Moffatt, Esq., 6, Lime Street.

Richard Rothwell, Esq.
Edgar P. Stringer, Esq.
Charles John Todd, Esq.
Captain Ernest Villiers.

Medical Officers—W. Sedgwick Saunders, Esq., M.D., F.S.A.; William Wadham, Esq., M.D.
Solicitor—William Burchell, Esq. *Actuary*—Henry William Manly, Esq.

FEATURES OF THIS SOCIETY.

1. The **Premiums are moderate**, and, at the younger ages, are small compared with most Offices.

2. The Society is **strictly mutual**: the WHOLE OF THE PROFITS being apportioned annually among the with-profit Policy-holders.

3. Every policy is **unconditionally** and **absolutely** free and **indisputable** after it has been in force five years, and the life assured has attained thirty years of age.

4. Liberal **surrender values** are given to members wishing to retire.

5. **Paid-up Policies,**—in nearly all cases **exceeding the total amount of Premiums paid,**—are granted in lieu of surrender.

6. **Loans** are granted on the security of the Society's Policies to nearly the full amount of the surrender value.

7. EVERY CLASS of Life Assurance business is transacted by the Society.

8. Premiums may be paid **Yearly, Half-yearly, or Quarterly.**

9. Policies accidently allowed to lapse are REVIVED on payment of a small fine.

10. The **Financial position** is **exceedingly strong**: the Society actually possessing over **thirteen years'** premium income in hand.

11. **Claims** are payable **immediately** on proof of death and title.

Prospectuses, Forms of Proposal, Board of Trade Returns, and every information may be obtained at the Head Office of the Society, 39, King Street, Cheapside, London, E.C., on personal application or by letter.

VICE-PRESIDENTS.

His Grace the DUKE OF SUTHERLAND, K.G. His Grace the DUKE OF ABERCORN, K.G.

LIFE DEPARTMENT.

Funds on 31st December, 1882	£3,747,983
Revenue for 1882	593,793

The Life Assurance Business of the Company combines the system of Mutual Insurance with the safety afforded by a large protecting Capital.

Those assured by participating Policies enjoy the advantages of Mutual Insurance, and receive large Bonuses—the interests of Policyholders and Shareholders in this Office are identical, not opposed,—while they have the great additional security of a subscribed Capital of Two and a half Millions, which is no more costly to them than would be one of smaller amount. These facts are fully explained in the Company's Prospectus.

Every description of Life Insurance and Annuity Business transacted on favourable terms.

The Directors have instituted all reasonable measures to render the Company's Policies free from unnecessary restrictions.

Fire and Life Funds wholly distinct, by Act of Parliament, and free from mutual liability.

Medical Officers in London—

A. H. HASSALL, M.D.; R. CHEVALLIER CREAM, M.D.; HERMANN WEBER, M.D.

Medical Officer in Edinburgh—JOHN MOIR, M.D., F.R.C.P.

FIRE DEPARTMENT.

The Company insures against Fire almost every description of property, at home and abroad, at the lowest rates of premium corresponding to the risk.

The Fire Premiums and Interest for the year 1882 amounted to **£1,157,074.**

Chief Offices:

London: 61, THREADNEEDLE ST., E.C.; West End Office, 8, WATERLOO PLACE, S.W.; Edinburgh, 64, PRINCES STREET.

John Stewart, Esq.
William Walkinshaw, Esq.

Fire Department—James Robb, *Manager*. *Life Department*—Thos. H. Cooke, *Actuary*.
General Manager—Jas. Valentine.

FIRE DEPARTMENT.—Insurances are granted on Property situate in all parts of the British Dominions, and in most Foreign Countries, at rates which are computed according to the actual risk incurred. The Company has already paid over **Four Millions Sterling** in the settlement of Claims under its Fire Policies.

LIFE DEPARTMENT.—The Company offers the advantages of perfect Security, with great Economy in management and Moderate Rates of Premium. The total expenses in the year 1882 were slightly under 7½ per cent. of the Income from Premiums and Interest, or excluding Commissions paid to Agents, less than 4 per cent.

In the Participation Branch the whole of the ascertained surplus at each valuation belongs to the Assured. The amount for the Quinquennium ending 31st December, 1880, was sufficient to provide a Bonus of £1 10s. per cent. per annum upon the sum Assured, or £7 10s. per cent. for the whole Quinquennium, beside leaving £46,311 to be carried forward.

ROBERT C. TUCKER, *Actuary and Secretary.*

PROVIDENT LIFE OFFICE.

FOUNDED 1806.

50, REGENT STREET, LONDON, W.,
AND 14, CORNHILL, E.C.

Existing Assurances exceed	£7,000,000
Invested Funds	2,300,000
Annual Income	300,973
Claims Paid exceed	6,800,000
Bonuses Declared	2,591,000

HALF-CREDIT SYSTEM,

Applicable only to With-Bonus Policies for the Whole Term of Life (TABLE A *in Prospectus*), *and to Lives not exceeding* 60 *years of age.*

Under this system, one-half the Premium only is payable during the first 5, 7, or 10 years, in the option of the Assured; the other half-premium remains a charge against the Policy, bearing 5 per cent. interest, payable in advance.

The arrears of half-premium may be paid off at any time, or be deducted from the sum assured when the claim arises, or from the Office Value in case of surrender.

This system offers the advantage of a low Premium during the early years of life.

The large Bonuses declared by this Office may reasonably be expected (except upon Policies of a very recent date) to clear off any charge which may be due for these arrears of Premium.

Prospectuses, and further Information to be obtained at the Head Office, or of any of the Agents.

CHARLES STEVENS, *Secretary.*

MUTUAL ASSURANCE with MODERATE PREMIUMS.

SCOTTISH PROVIDENT INSTITUTION.

EDINBURGH—6, ST. ANDREW SQUARE. LONDON OFFICE—17, KING WILLIAM ST. E.C.

THIS SOCIETY differs in its principles from other Offices.

INSTEAD of charging rates higher than are necessary, and afterwards returning the excess in the shape of periodical bonuses, it gives from the first as large an Assurance as the Premiums will with safety bear—reserving the Whole Surplus for those members who have lived long enough to secure the Common Fund from loss.

The PREMIUMS are so moderate that at most ages an assurance of £1,200 or £1,250 may be secured from the first for the same yearly payment which would generally elsewhere assure (with profits) £1,000 only,—the difference being equivalent to an immediate and certain "Bonus" of 20 to 25 per cent.

The WHOLE PROFITS go to the Policyholders, on a system at once safe, equitable, and favourable to good lives—no share being given to those by whose early death there is a *loss*.

THE FIFTH SEPTENNIAL INVESTIGATION

showed a SURPLUS of £624,473, which, after reserving £208,158 for future division, was divided among 6,652 Policies entitled. Policies—say of £1,000 sharing a first time were increased to sums varying from £1,180 to £1,300 or more. Other Policies were raised to £1,400, £1,500 and upwards. A few of the early Policies have been doubled.

The NEW ASSURANCES have for several years exceeded A MILLION.

The EXPENSES (9·4 per cent. of Premiums and 6 6 per cent. of Year's Income), are much under those of any other Office doing a large new business.

The REALIZED FUNDS EXCEED £4,500,000. Only two Offices in the Kingdom (both much older) have as large a Fund.

Claims are now payable one month after proof of death.

EXAMPLES OF PREMIUMS FOR £100 AT DEATH (WITH PROFITS).

Age.	Payable during life.	Limited to 21 Payments.	Age.	Payable during life.	Limited to 21 Payments.	Age.	Payable during life.	Limited to 21 Payments.
25	£1 18 0	£2 12 6	35	£2 6 10	£3 0 2	45	£3 5 9	£3 17 6
30	2 1 6	2 15 4	40	2 14 9	3 7 5	50	4 1 7	4 12 1

The rates for other ages, or limited to other periods (as 7 or 14), may be had on application.

Results of the Business for the Year ending 15th November, 1882 :—

Proposals accepted and Policies issued, amounting to ...	£1,487,475	12	10
Annual Premiums thereon	51,123	17	1

The business of the Company has increased steadily year by year since its establishment in 1825. During the last thirty years its progress has been very rapid.

From 1850 to 1855 the amount of Assurances effected was	£2,492,988	6	7
From 1855 to 1860 the amount of Assurances effected was	2,815,455	3	0
From 1860 to 1865 the amount of Assurances effected was	3,834,365	5	6
From 1865 to 1870 the amount of Assurances effected was	5,713,813	7	3
From 1870 to 1875 the amount of Assurances effected was	6,048,364	4	4
From 1875 to 1880 the amount of Assurances effected was	6,193,186	11	8

Since 1865 the amount of New Assurances effected has considerably exceeded a MILLION STERLING annually.

The **Accumulated Fund** is now upwards of **Six Millions sterling.**

The **Annual Income** exceeds **Eight-hundred and Eighty thousand pounds sterling.**

The Directors invite particular attention to the Terms and Conditions of the FREE ASSURANCE SCHEME, under which persons assured are allowed to reside in any part of the world free of extra premium.

Invested Funds, £3,000,000. Yearly Revenue, £700,000

LIFE ASSURANCE.

Early Bonus Scheme (E.B.). The following, among other special advantages, apply to Polices issued under this Scheme. Besides being payable One Month after proof of Death, they are at the end of Three Years

Entitled to rank for Bonus Additions:
Indisputable on the ground of Errors or Omissions;
World-wide without Extra Charge; and
Liable only to reduction in amount on non-payment of the Premium.

Special Bonus Scheme at Non-profit Rates (D.B.). Under this Scheme *Policies share* in the Profits when the Premiums received, with Interest, amount to the Sum Assured. Policies at these cheap rates practically *receive a Large Bonus at the outset.* At age 30, £1200 with right to profits can be insured for the same Premium as would be charged for £1000 under the usual Profit Schemes of most Offices.

FIRE INSURANCE.

Property of almost every description Insured at Moderate Premiums, and with absolute Security. Settlement of Claims Prompt and Liberal.

CHIEF ESTABLISHMENTS OF THE COMPANY:

EDINBURGH—35, St. Andrew Square. | LONDON—3, King William Street, E.C.

DUBLIN—28, Westmoreland Street, and 52, Dame Street.
LIVERPOOL—1, Rumford Place; GLASGOW—150, West George Street;
LEEDS—3, Park Row; MANCHESTER—110, King Street; NEWCASTLE, 21, Mosley Street.
BRADFORD—15 and 17, Bank Street; BIRMINGHAM—51 and 53, Colmore Row.

General Manager—JOHN M. M'CANDLISH.

WESTMINSTER AND GENERAL LIFE ASSURANCE ASSOCIATION,

28, *KING STREET, COVENT GARDEN, LONDON, W.C.*

ESTABLISHED 1836.

Trustees.

ARTHUR T. PRATT BARLOW, Esq. | EDWARD B. HARDISTY, Esq.
ALBERT MOTT, Esq.

Medical Officer.

W. SPENCER WATSON, Esq., M.B., F.R.C.S., 7, Henrietta Street, Cavendish Square, W.

Entire Security is given to the Assured by a Guaranteed Capital of nearly £120,000, and a Fund amounting to £430,000 invested in the Public Stocks, and on Mortgages, &c., being the accumulated Premiums received on Assurances.

The Rates of Premium are moderate and the conditions of Assurance liberal.

Eighty per Cent. of the net profits are divided every five years among the holders of Policies under the participating class of Assurers.

The Profits may either be received in Cash, or a Bonus added to the Policy, or a reduction made in all future Annual Premiums.

At the Ninth Division of Profit, declared 21st February, 1881, on the business of the Association for the Five Years ending 31st December, 1881, Reversionary Additions were made to the sums assured of **38** per cent. and under (according to the Age of the Life Assured) on the Premiums paid on the Policies since the Division of 1877.

The Stamp Duty on Life Assurance Policies is paid by the Office.

Immediate, Deferred, and Survivorship Annuities granted upon favourable terms.

Every information on the subject of life Assurance can be obtained on application at the office, or to any of its Agents. **EDWARD CUTBUSH, Actuary.**

This Society offers great advantages to persons desirous of effecting Assurances on their own lives, or on the lives of others.

Without Profit Assurances. Special'y low premiums. Recent reduction of rates beneficial to entrants at all ages.

With Profit Assurances. Low premiums and Large Bonuses. Bonuses declared at regular intervals since 1843, amount in the aggregate to **£1,536,035**.

The Cash Bonus declared in 1883 averaged 173 per cent, and the Reversionary Bonus averaged 284 per cent. of the annual premium.

Endowment Assurances, with and without profits granted.

TONTINE BONUS SYSTEM.—The class now forming will close 24th June, 1887. Low Premium. Payment of the sum Ossured to each member of the class, with division of the Profits amongst those members attaining the age of 70 years and upwards.

Foreign Residence, without payment of extra premium permitted north of the 35th degree of North Latitude (excepting Asia) in Egypt, Syria or Madeira; also in any part of the Southern Hemisphere, South of the 30th degree of South Latitude, including Natal. Voyages by sea within, and to and from these limits included.

Claims arising on Policies hereafter effected will be paid without any delay, as soon as certificates of Death have been exhibited, and the title to receive payment established. Policies effected with the Society in Scotland, are treated as Scotch contracts; and the claims are paid on Scotch Confirmations through the Agencies in which the Policies are effected.

UNION ASSURANCE SOCIETY.

Instituted in the Reign of Queen Anne, A.D. 1714.

CHIEF OFFICE—81, CORNHILL, E.C.
WESTERN BRANCH—70, BAKER STREET, W., LONDON.

DIRECTORS, TRUSTEES, ETC.

Chairman—Stephen Soames, Esq. *Deputy-Chairman*—Charles Mortimer, Esq.

William James Ford, Esq.
John Hibbert, Esq.
Edmund Holland, Esq.
Wm. Burrowes Lewis, Esq.
John Miles, Esq.
J. Trueman Mills, Esq.
John Morley, Esq.
John Thornton Rogers, Esq.
Leonard Shuter, Esq.
James Thompson, Esq.
Sir Sydney H. Waterlow, Bart., M.P.
E. Heysham Wood, Esq.

Managing Director—William Burrowes Lewis, Esq. *Actuary*—William Wallis, Esq.

Secretary—Charles Darrell, Esq.

Medical Examiners— { Dr. J. S. Ramskill, No. 5, St. Helen's Place.
H. Spencer Smith, Esq., 92, Oxford Terrace, W.

THE UNION ASSURANCE SOCIETY has been established upwards of 160 years, during which period it has ever maintained its present high position amongst similar institutions. The total Funds of the Society amount to upwards of **£1,800,000**, an amount of accumulated resources which enables the Society to offer to intending Assurers the most perfect security.

FIRE DEPARTMENT.

The Directors are ready to receive proposals for Insuring Property generally at equitable rates against the risk of Fire.

LIFE DEPARTMENT.

Four-fifths or Eighty per cent. of the office Profits are appropriated to the benefit of the assured every five years, the next division taking place in January, 1888. During the last thirty years the **Bonus** has averaged **One Pound Ten Shillings per cent. per annum** on the sum assured, the effect of which, as applied to particular Policies, will appear from the following Table:—

Age at Entrance.	Sum Assured.	Amount added to Policy after				
		10 Years.	15 Years.	20 Years.	25 Years.	30 Years.
	£	£	£	£	£	£
20	4000	580	780	1080	1480	1820
30	2000	290	390	540	740	910
40	3000	435	585	810	1110	1365
50	1000	145	195	270	370	455

The amount of the Bonus can either be appropriated to increase the sum assured, to reduce the annual premium, or its present value can be taken in cash.

Officers in the Royal Navy, or in H.M. Marine Forces, can insure by uniform annual premiums, not subject to increase for residence in any part of the world.

The free limits within which the insured can reside, without extra payment or forfeiture of their Policies, have recently been very considerably extended.

Prospectuses, Forms of Proposal, and copies of the last Annual Report and Accounts of the Society can be obtained on application.

WM. BURROWES LEWIS, *Managing Director.*
CHARLES DARRELL, *Secretary.*

UNIVERSITY LIFE ASSURANCE SOCIETY,

25, PALL MALL, LONDON, S.W.

ESTABLISHED 1825. *INCORPORATED BY ROYAL CHARTER.*

Capital, £600,000.

President.

His Grace Edward, Lord Archbishop of Canterbury.

Directors.

J. Copley Wray, Esq., *Chairman.*

A. W. Barclay, Esq., M.D.
Chas. S. Bagot, Esq.
Francis Barlow, Esq.
S. B. Bristowe, Esq., Q.C.
The Ven. Archdeacon Charles Burney.
The Hon. Mr. Justice Chitty.
Francis H. Dickinson, Esq.
Sir Francis H. Doyle, Bart.
John Floyer, Esq , M.P.
The Right Rev. the Lord Bishop of Gloucester and Bristol.
Arthur Thomas Malkin, Esq.
R. G. C. Mowbray, Esq.
The Most Hon. the Marquis of Salisbury, K.G.
Reginald Southey, Esq., M.D.
The Right Hon. Spencer H. Walpole.
The Rev. Benjamin Webb.
Robert Woodhouse, Esq.

AMOUNT OF CAPITAL originally subscribed, £600,000, on which has been paid up	**£30,000**
AMOUNT ACCUMULATED FROM PREMIUMS	**1,000,000**
ANNUAL INCOME	**92,145**
AMOUNT OF POLICIES IN EXISTENCE AND OUTSTANDING ADDITIONS, upwards of	**2,077,134**
AMOUNT OF CLAIMS PAID (including Additions) ...	**2,325,830**

Nine-Tenths of the Profits are appropriated to the Assured, either *by a proportionate diminution of Premium, by addition to the amount of the Policy,* or *by a present payment of the value in money,* at the option of the party.

The TWELFTH QUINQUENNIAL DIVISION of PROFITS will be declared in JUNE, 1885.

The additions to Policies for the last fifty-five years have been at the rate of nearly 2 per cent. per annum.

The Bonus declared in 1880 amounted to Two per Cent. per annum for the Five Years, or £100 Reversionary Bonus added to the Policy for each £1000 Assured.

A bonus of 1¼ per cent. per annum is paid on Policies becoming claims in the interval of each five years.

NEW COMBINED SYSTEM OF LIFE ASSURANCE.

This System offers NEW AND SPECIAL ADVANTAGES important to Insurers, EMBRACING THE REAL BENEFITS OF THE VARIOUS SCHEMES which have already been brought before the public by the different Companies, viz.:—

Terminable Premium Plans. Paid Up Policies.
Non-Forfeiture.
Fixed Surrender Values. Provision for Old Age.
Large Profits for Good Lives.

EDUCATIONAL ANNUITIES.

Educational Annuities may be secured, payable upon the lives of children for a term of 5 years, with a return of the whole of the Annuity Premiums paid, in the event of the death of the child.

SPECIAL FEATURE.—By a small additional payment the Premium may be made to cease in the event of the death of the Parent or Guardian effecting the Assurance, the Annuity notwithstanding to become payable at the specified age.

FIRE INSURANCES.

This Office insures against Loss or Damage by Fire in Great Britain and Ireland. Moderate Premiums. Prompt and Liberal Settlement of Losses.

Copies of the New Prospectus, Proposal Forms for effecting Insurance and every information may be obtained at the Chief Office, Exeter, or at any of the Branch Offices or Agencies.

BRANCH OFFICES: DUBLIN, LIVERPOOL, MANCHESTER, BURY, NEWCASTLE-ON-TYNE, LEEDS, BRISTOL, GLASGOW, EDINBURGH, DUNDEE, &c.

Clinical Instruction.—The Physicians and Surgeons give daily Clinical Instruction at the bedside in the Wards of the Hospital, and Clinical Lectures are delivered regularly. Clinical Instruction is also given daily in the Out-Patients' Department of the Hospital by the Assistant Physicians and Surgeons. All Students of the Hospital are admitted, without additional Fee, to the practice, Clinical Instruction, and Demonstrations of the (adjoining) Royal Westminster Ophthalmic Hospital.

Demonstrations and Tutorial Instruction.—The Anatomical Studies are carefully supervised by the Demonstrator and his Assistants, and the knowledge of the Students is frequently tested by examination. Tutorial Classes are formed for instruction in Case-taking and Physical Diagnosis, and systematic Courses of Practical Medicine and Practical Surgery are given annually. Practical instruction in Dental Surgery is given three times a week.

Scholarships and Prizes.—Two entrance Scholarships of £30 and £20 respectively. The Llewellyn Scholarship (£25), the Golding Scholarship (£15), and the Pereira Prize of £5 (with Bronze Medal), are awarded annually. A Gold Medal for Clinical proficiency is given by the Governors, and Silver and Bronze Medals and Certificates of Honour are awarded in all the classes. The Appointments open to Students are, Medical Registrar (£40 per annum), Surgical Registrar (£40 per annum), House Surgeon (2), Resident Obstetrical Officer, House Physician (2), (each tenable for Six Months), Pathological Assistants, Clinical Clerks, and Surgeons' Dressers.

Special Classes for the Preliminary Scientific Examination of the University of London are held during each Winter and Summer Session. The Fee for the full period of Lectures and Hospital Practice required by the Examining Boards is £89 15s., which may be paid in five instalments. The Composition Fee for Dental Surgery is £12 2s., payable in two instalments. Special arrangements have been made in the hours of lectures to suit the convenience of Dental Students. Charing Cross Hospital is within three minutes walk of the Dental Hospital of London.

A prospectus containing much additional information will be forwarded on application to the Secretary, who attends daily at the office of the School, Chandos Street, Charing Cross, between the hours of 10 and 4.

J. Mitchell Bruce, M.A., M.D., F.R.C.P., *Dean*. James Cantlie, M.A.; M.B.; F.R.C.S., *Sub-Dean*.

THE MIDDLESEX HOSPITAL MEDICAL SCHOOL.

Hospital Staff and Lecturers.—Consulting Physicians—Dr. Goodfellow, Dr. H. Thompson, Dr. Greenhow, F.R.S. Physicians—Dr. Cayley, Dr. Coupland, Dr. Douglas Powell. Obstetric Physician—Dr. J. Hall Davis. Assistant-Physicians—Dr. D. W. Finlay, Dr. J. K. Fowler, Dr. C. Y. Ross. Physician to Skin Department—Dr. Robert Liveing. Assistant Obstetric Physician—Dr. Arthur W. Edis. Consulting Surgeons—Mr. Shaw, Mr. Nunn. Surgeons—Mr. Hulke, F.R.S., Mr. Lawson, Mr. Henry Morris. Assistant-Surgeons—Mr. Andrew Clark, Mr. A. Pearce Gould. Ophthalmic Surgeon—Mr. Wm. Lang. Aural Surgeon—Mr. Hensman. Consulting Dental Surgeons—Mr. Tomes, F.R.S., and Mr. Turner. Dental Surgeon—Mr. Storer Bennett. Assistant Dental Surgeon—Mr. Claude Rogers. Other Lecturers—Mr. B. Thompson Lowne, Dr. Thorowgood, Mr. Foster Mr. H. Case, and Mr. J. E. Sutton.

NINE RESIDENT CLINICAL APPOINTMENTS are open to the Students of the Hospital annually.

ALL CLERKSHIPS and DRESSERSHIPS are awarded without fee, and the Clinical Clerk and Dresser of the Physician and Surgeon of the week dine at the Board-room table, to have the opportunity of seeing accidents and other fresh cases admitted during the evening. A limited number of General Students are also allowed, under certain regulations, a similar privilege.

TWO BRODERIP SCHOLARSHIPS, of the annual value of £30 and £20 respectively, each tenable for two years, are also awarded every year for proficiency in Clinical Knowledge.

The MURRAY SCHOLARSHIP, founded in connexion with the University of Aberdeen, is awarded every third year to a Student of the Middlesex Hospital.

The GOVERNORS' PRIZE OF TWENTY GUINEAS is given annually to the Student, for Clinical proficiency, who shall have most distinguished himself during his three years' curriculum, and Prizes are given in all the classes.

The LYELL MEDAL, value £5 5s., is awarded annually to second years' students.

EXHIBITION.—An Exhibition in Osteology, Elementary Anatomy, and Physiology, value £10 10s., will be given to the Student who, at the end of his first Winter Session, shall pass the best written and practical examination.

Middlesex Hospital Entrance Scholarships.—Two Scholarships, tenable for two years, of the annual value of £25 and £20 respectively, and a Science Scholarship of the value of £50, are offered for competition at the commencement of Winter Session. They are open, under certain conditions, to all students commencing their Medical Education. Successful candidates are required to become general students of the School.

THE TUTORS *assist all Students, especially those who are preparing for examinations, without extra fee; thus the necessity of obtaining private instruction is obviated.*

MEDICAL and SURGICAL REGISTRAR, RESIDENT MEDICAL OFFICER, DEMONSTRATOR of ANATOMY.—These valuable appointments are open to qualified men as they become vacant.

GENERAL FEE for the curriculum required by the Royal College of Physicians and Surgeons and the Society of Apothecaries, Ninety guineas; for DENTAL STUDENTS, Forty Guineas. The fees may be paid by instalments.

For further information apply to the Dean or the Resident Medical Officer, at the Hospital.

ANDREW CLARK, *Dean*.

Chemistry— } Prof. Bloxam, F.C.S. *Demonst.* { J. M. Thomson, F.C.S. G. S. Johnson, F.C.S.
Practical Chemistry— }

Medicine, Principles and Practice of—Prof. Beale, M.B., F.R.S.

Clinical Medicine—Prof. George Johnson, M.D., F.R.S.

Surgery, Principles and Practice of—Prof. Henry Smith, F.R.C.S.

Clinical Surgery—Prof. John Wood, F.R.S., and Prof. Joseph Lister, F.R.S.

Hygiene—Prof. C. Kelly, M.D.

Botany—Prof. Robert Bentley, F.L.S.

Materia Medica and Therapeutics—Prof. E. B. Baxter, M.D.

Obstetric Medicine, Diseases of Women, &c.—Prof. W. S. Playfair, M.D.

Forensic Medicine—Prof. Ferrier, M.D., F.R.S.

Comparative Anatomy—Prof. F. Jeffrey Bell, B.A.

Pathological Anatomy—Prof. Duffin, M.D.

Dental Surgery—Prof. Samuel Hamilton Cartwright.

Ophthalmology—Prof. M. M. McHardy, F.R.C.S.Ed.

Psychological Medicine—Prof. E. Sheppard, M.D.

Dean of the Faculty—Prof. Curnow, M.D.

Medical Tutor and Sub-Dean—N. I. C. Tirard, M.D.

KING'S COLLEGE HOSPITAL.

CLINICAL LECTURES are given daily by the Physicians and Surgeons. Clinical instruction is also given in Diseases of the Throat and in Skin Diseases.

Physicians—Dr. G. Johnson, Dr. L. S. Beale, Dr. Duffin, Dr. J. Burney Yeo, Dr. Ferrier, Dr. Curnow, Dr. Baxter. *Physicians for Diseases of Women and Children*—Dr. W. Playfair; Dr. Hayes. *Surgeons*—John Wood, F.R.S., Joseph Lister, F.R.S., H. Smith, F.R.C.S., H. Royes Bell, F.R.C.S., W. Rose, F.R.C.S. *Dental Surgeon*—S. H. Cartwright. *Ophthalmic Surgeon*—M. M. McHardy, F.R.C.S. *Assistant Surgeon*—W. W. Cheyne, C.M., F.R.C.S. *Aural Surgeon*—U. Pritchard, M.D. *Vaccinator*—W. Dunn, Esq.

An Ophthalmic Department, a Dental Department, and a Ward for Children are attached to the Hospital. The Physician's Assistant, Physician-Accoucheur's Assistant, and House Surgeon, as also their Assistants, Clinical Clerks, and Dressers, are selected by examination from amongst the Students without extra fees.

SCHOLARSHIPS, REGISTRARSHIPS, AND PRIZES.

WARNEFORD SCHOLARSHIPS.—Students entering the Medical Department of this College in October, 1884, will have the exclusive privilege of contending for two Scholarships of £25 each for three years. These Scholarships are given for proficiency in Divinity, Classics, Mathematics, Natural Science, History, and English. Two Sambrooke Exhibitions, one of £60 and one of £40, for proficiency in General Literature and Science, are given annually at the commencement of the Winter Session. The subjects may be ascertained by applying to the Secretary.

Five Medical Scholarships are awarded at the close of each Winter Session, for proficiency in Professional subjects—viz., one of £40 for two years; one of £30 for one year; and three of £20 for one year. Two SCIENCE SCHOLARSHIPS, one of £50, and one of £25, each tenable for two years, are open annually to Medical Students under 19 years of age at the commencement of their First or Second Winter Session. A WARNEFORD SCHOLARSHIP of £[illegible] for two years, is also annually awarded to Resident Medical Students. SARRAZIN REGISTRARSHIPS.—Two of £50, tenable for one year, are annually awarded to matriculated Students of this department. DANIELL SCHOLARSHIPS.—One of £20, for two years, given for proficiency in Chemistry, is open to Students of the Medical department. Endowed Prizes of the value of £25, £15, £10, and £4 4s. each, and College Prizes of the value of £50, are annually awarded. For further information, apply personally, or by letter, to J. W. Cunningham, Esq., Secretary.

THE

LONDON HOSPITAL & MEDICAL COLLEGE,

MILE END, E.

The Hospital, which is the largest in Great Britain, contains 800 Beds. There are Medical and Surgical Wards for Children, Special Departments for Diseases of Women, Diseases of the Eye, Ear, and Skin, and special arrangements for Diseases of the Throat; Cancer and Tumours, Fistula and Piles, and Diseases of the Bladder, including Stone; also a Maternity Department in connexion with the Hospital.

For Instruction in Mental Diseases, Students can attend, without further fee, the Practice of Dr. John Millar, of Bethnal House Asylum, a few minutes' walk from the Hospital.

The In-patients during 1882 were 7,171.

Clinical Lectures, Medical and Surgical, every week.

At the Medical College, Lectures are given on all subjects required by the examining Boards.

Perpetual Fee to Lectures and Hospital Practice, with two years' Practical Anatomy, 90 guineas, payable in one sum, or 100 guineas in three instalments—First year, 45; Second year, 40; and third year, 15 guineas.

Library Fee, one guinea. Practical Physiology (for apparatus) one guinea. Special entries can be made to Lectures or Practice.

Colonial and Foreign Graduates are admitted to Hospital Practice, &c., with 3 Months' Dressership, or Clinical Clerkship, for a Fee of 10 guineas.

HOSPITAL STAFF.

Consulting Physicians—Dr. Herbert Davies and Dr. Ramskill.
Consulting Surgeons—Mr. Curling, F.R.S. Mr. Jonathan Hutchinson, F.R.S.,
Physicians—Sir Andrew Clark, Bart., Dr. Langdon Down, Dr. Hughlings-Jackson, F.R.S., Dr. Sutton, Dr. Fenwick, Dr. Stephen Mackenzie, Dr. A. E. Sansom, Dr. Charlewood Turner,
Assistant Physicians—Dr. Gilbart-Smith, Dr. F. Warner, Dr. C. H. Ralfe.
Obstetric Physician—Dr. Herman.
Surgeons—Mr. Couper, Mr. Rivington, Mr. Jas. Adams, Mr. Waren Tay, Mr. J. McCarthy.
Assistant Surgeons—Mr. Reeves, Mr. Fredk. Treves, Mr. C. W. Mansell-Moullin. Mr. E. D. Fenwick.
Ophthalmic Surgeons—Mr. Jas. Adams, Mr. Waren Tay.
Skin Department—Dr. Stephen Mackenzie.
Surgeon Dentist—Mr. Ashley Barrett.
Aural Surgeons—Dr. Edward Woakes, Mr. T. Mark Hovell.

LECTURERS.

Medicine—Dr. Stephen Mackenzie.
Surgery—Mr. Jas. Adams.
Practical Surgery—Mr. Reeves.
Anatomy—Mr. Rivington.
Practical Anatomy—Mr. Fredk. Treves.
Chemistry—Dr. C. Meymott Tidy.
Practical Chemistry—Mr. F. J. M. Page.
Physiology and Practical Histology—Mr. McCarthy.
Comparative Anatomy—Mr. C. W. Mansell-Moullin.
Midwifery—Dr. Herman.
Dental Surgery—Mr. Ashley Barrett.
Ophthalmic Surgery—Mr. James Adams.
Toxicology—Dr. Tidy.
Medical Jurisprudence—Dr. A. E. Sansom.
Materia Medica—Dr. Prosser James.
Botany—Dr. Warner.
Physics—Mr. F. J. M. Page.
Aural Surgery—Dr. Edward Woakes.
Pathology and Morbid Anatomy—Dr. Sutton.
Diseases of the Throat—Dr. Morell Mackenzie.

Two Entrance Science Scholarships, value £60 and £40, and Two Buxton Scholarships, value £30 and £20, are offered for competition to new Students.

The Letheby Prize, value £30, for proficiency in Chemistry.

A Scholarship in Human Anatomy and Physiology, value £20.

A Scholarship in Anatomy, Physiology, and Chemistry, value £25.

A Hospital Scholarship in Clinical Medicine, value £20.

A Hospital Scholarship in Clinical Surgery, value £20.

A Hospital Scholarship in Clinical Obstetrics, value £20.

The Duckworth-Nelson Prize, value £10; examination in Practical Medicine and Surgery (biennial).

Money Prizes to the value of £60 to Dressers of Out-Patients.

The Appointments consist of—

Five House Physicians, appointed for six months each, and renewable for two further periods of three months.
Five House Surgeons, appointed for six months each. do. do.
A Resident Accoucheur, also for six months. do. do.
Three Clinical Assistants (two in the Medical, and one in the Surgical Out-Patient Department), with a salary of £80 each.
Medical Registrar, salary £100.
Surgical Registrar, salary £100.
Maternity Assistants.
In-Patient Dressers, Clinical Clerks, Post-Mortem Clerks, Dental Assistant, &c.
Two of the Maternity Pupils and two of the Dressers constantly reside in the Hospital.
All Appointments are free to full Students, and all Resident Appointments have board free.

For further information apply personally or by letter to—

MUNRO SCOTT, *Warden.*

ST. BARTHOLOMEW'S HOSPITAL
AND COLLEGE.

FOUNDED BY RAYHERE, A.D. 1123.

THE Clinical practice of this Hospital comprises a service of 710 Beds, of which 227 are allotted to the Medical Cases, 322 to the Surgical Cases, 26 to Diseases of the Eye, 20 to Diseases of Women, and 81 to the Syphilitic; while 34 are for Convalescent Patients at Lauderdale House, Highgate. The Hospital receives within its Wards upwards of 6000 Patients annually, whilst the Out-Patients amount to more than 150,000.

PUPILS' APPOINTMENTS.

Four House-Physicians, each holding office for one year, are appointed by the Physicians. Each House-Physician is provided with rooms by the Hospital authorities. Ten House-Surgeons, each holding office for one year, are appointed by the Surgeons. Each House-Surgeon is provided with rooms by the Hospital authorities.

The Midwifery-Assistant holds office for six months, and is appointed by the Physician-Accoucheur. He is provided with rooms by the Hospital authorities.

The Ophthalmic House-Surgeon is appointed by the Ophthalmic Surgeons. All the above officers receive a salary of £25.

Two Resident Assistant Chloroformists are appointed annually. The Senior receiving £50, and the Junior £25.

The Clinical Clerks, the Obstetric Clerks, the Clerks to the Out-Patients, the Dressers to the Out-Patients, and the Clerks and Dressers in the Special Departments are chosen from the diligent Students. No fee is paid for any of these appointments.

Forty In-Patient Dresserships are annually given to the most diligent Students. Other In-Patient Dresserships may be obtained on payment of the usual fees.

MEDICAL AND SURGICAL STAFF.

Consulting Physicians—Sir G. Burrows, Bart., D.C.L., F.R.S., Dr. Farre, Dr. Harris, Dr. Martin.
Physicians—Dr. Andrew, Dr. Church, Dr. Gee, Dr. Duckworth,
Assistant-Physicians—Dr. Hensley, Dr. Brunton, F.R.S., Dr. Legg, Dr. Norman Moore.
Consulting Surgeon—Sir J. Paget, Bart., D.C.L., F.R.S., Luther Holden, Esq.
Dental Surgeon—Mr. Coleman.
Surgeons—Mr. Savory, F.R.S., Mr. T. Smith, Mr. Willett, Mr. Langton, Mr. Baker.
Assistant-Surgeons—Mr. Marsh, Mr. Butlin, Mr. Walsham, Mr. Cripps, Mr. Slater.
Physician-Accoucheur—Dr. Matthews Duncan.
Assistant Physician-Accoucheur—Dr. Godson.
Ophthalmic Surgeons—Mr. Power, Mr. Vernon.
Asst.—Mr. Lyons, Mr. Ewbank.

THE COLLEGE.

Students attending the Practice of the Hospital, or the Lectures in the Medical School, are admitted to residence in the College within the Hospital walls, subject to the College Regulations.

LECTURES.

Medicine—Dr. Andrew, Dr. Gee.
Surgery—Mr. Savory.
Descriptive and Surgical Anatomy—Mr. Langton, Mr. Marsh.
General Anatomy and Physiology, with Histology—Mr. Morrant Baker and Dr. Klein, F.R.S.
Chemistry and Practical Chemistry—Dr. Russell, F.R.S.
Materia Medica—Dr. Brunton, F.R.S.
Botany—Rev. George Henslow.
Forensic Medicine—Dr. Southey
Hygiene—Dr. Thorne.
Comparative Anatomy—Dr. Moore.
Pathological Anatomy—Dr. Legg.
Ophthalmic Surgery—Mr. Power.
Dental Anatomy and Surgery—Mr. Coleman.
Psychological Medicine—Dr. Clayton Shaw.

CLINICAL LECTURES

Are given during the Winter and Summer Session.
Clinical Medicine—Dr. Andrew, Dr. Southey, Dr. Church, Dr. Gee.
Clinical Surgery—Mr. Savory, Mr. Willett, Mr. T. Smith, Mr. Langton, Mr. Baker.
Midwifery and Diseases of Women—Dr. Matthews Duncan.

SPECIAL DEPARTMENTS.

Morbid Anatomy—Dr. Norman Moore.
Diseases of the Skin—Dr. Legg.
Orthopædic Surgery—Mr. Walsham.
Diseases of the Ear—Mr. Cumberbatch.
Diseases of the Eye—Mr. Power, Mr. Vernon.
Practical Surgery—Mr. Butlin, Mr. Walsham.
Practical Anatomy and Operative Surgery—Mr. Bruce Clark, Mr. Edwards, Mr. Lockwood. Assistant Demonstrators—Mr. Jessop, Mr. Kilner.
Practical Physiology—Dr. V. Harris. Assistant Demonstrators—Dr. Ormerod, Dr. Nall.
Mechanical and Natural Philosophy—Mr. F. Womack.

Medical Registrar—Dr. S. West.
Tutors—Dr. S. West, Mr. W. J. S. Griffith.
Surgical Registrars—Mr. Maxwell, Mr. Eve.
Assistant Tutor—Dr. P. Kidd.

SCHOLARSHIPS AND PRIZES.—Open Scholarships in Science (founded 1873). These Scholarships of the value of £130, are tenable for one year. Candidates must not be more than twenty-five years of age for one, and not more than twenty years of age for the other, and must not have entered to the medical or surgical practice of any metropolitan medical school. The subjects of examination are Physics, Chemistry, Botany, and Zoology.—Preliminary Scientific Exhibition (founded 1873). The subjects of examination are identical with those of the Open Scholarship in Science. This Exhibition, of the value of £50, is tenable for one year. The examination is confined to students of the hospital of less than six months' standing.—The Jeffreys Exhibition, of the value of £50, is an open exhibition in Classics, Mathematics, and Modern Languages.—A Senior Scholarship, £50, in Anatomy, Physiology, and Chemistry.—Lawrence Scholarship, and Gold Medal of the value of 40 guineas (founded 1873 by the family of the late Sir William Lawrence).—Two Brackenbury Scholarships, each 30 guineas, in Medicine and Surgery.—Junior Scholarships in the subjects of study of the first year: 1. £50; 2. £30; 3. £20.—The Wix Prize is awarded for the best essay on the following subject: "The life and works of Dr. Thomas Willis."—The Bentley Prize for the best report on Medical cases occurring in the wards of the hospital during the previous year.—The Kirkes Gold Medal for Clinical Medicine.—The Hichens Prize for the best examination in "Butler's Analogy."—Foster Prize for the best examination in Practical Anatomy (senior).—The Treasurer's Prize for the best examination in Practical Anatomy (junior).—The Harvey Prize for the best examination in Practical Physiology.

Special Classes are held for the Matriculation, for the Prel. Scientific, and for other Examinations of the University of London. Students preparing for other Examining Boards are arranged in classes and examined by the Lecturers, Demonstrators, and Medical Tutor.

Fee for Lectures and Hospital Practice 125 *guineas, if paid in one sum, or* 130 *guineas if paid by Instalments.*
Payment in either of these ways entitles a Student to a Perpetual Ticket.

All communications to be addressed to Dr. Norman Moore, Warden of the College, St. Bartholomew's Hospital.

ST. MARY'S HOSPITAL MEDICAL SCHOOL.

HOSPITAL STAFF.

Consulting Physician—Dr. T. K. Chambers.
Consulting Surgeons—Mr. S. A. Lane, Mr. H. Spencer Smith, Mr. White Cooper, Mr. James R. Lane.
Physicians—Dr. Handfield Jones, F.R.S., Dr. Sieveking, Dr. Broadbent, Dr. Cheadle.
Physicians in charge of Out-Patients—Dr. A. B. Shepherd, Dr. Lees.
Physician to assist in the Out-Patient Department—Dr. S. P. Phillips.
Surgeons—Mr. Haynes Walton, Mr. A. T. Norton, Mr. Owen.
Surgeons in charge of Out-Patients—Mr. H. W. Page, Mr. W. Pye, Mr. A. J. Pepper.
Physician-Accoucheur—Dr. Alfred Meadows.
Physician-Accoucheur in charge of Out-Patients—Dr. Wiltshire.
Ophthalmic Surgeon—Mr. Critchett.
Junior Ophthalmic Surgeon—Mr. H. Juler.
Surgeon in charge of the Department for Diseases of the Throat—Mr. Norton.
Aural Surgeon—Mr. Field.
Surgeon-Dentist—Mr. Howard Hayward.
Surgeon in charge of the Department for Diseases of the Skin—Mr. Malcolm Morris.
Physician in charge of the Electrical Department—Dr. de Watteville.

OTHER LECTURERS.

Chemistry—Dr. Alder Wright, F.R.S.
Medical Jurisprudence and Hygiene—Dr. Randall.
Comparative Anatomy—Mr. St. G. Mivart, F.R.S.
Botany—Rev. J. M. Crombie, M.A.
Medical Tutor—Mr. Pepper.
Medical Superintendent—Mr. A. Stewart Brown.

DEMONSTRATORS.

Anatomy—Dr. Phillips, Mr. J. E. Lane.
Physiology—Dr. S. Nall.
Chemistry—Mr. C. Thompson.
Pathologist—Mr. A. Q. Silcock.

The School buildings, to which large additions have been made, especially as regards the Laboratories for the teaching of Physiology and Chemistry, are ready for occupation. A "Students' Club and Refreshment Room," for the convenience of the Pupils of the Hospital, has lately been opened.

The Hospital contains 200 beds, and a New Wing containing 70 additional beds will be completed by the end of the year, and a new building for Out-Patients has recently been added.

The course of teaching at this School insures careful and complete preparation for all the Examining Boards, the Public Services, and the higher University Examinations. In addition to the Clinical instruction and Lectures given in the wards daily, distinct Clinical Lectures will be given on Wednesdays throughout the academical year at 4.30 p.m., in the Anatomical Theatre.

The MEDICAL TUTOR assists the Students in preparing for the final examinations. Ophthalmic, Aural, and Dental Surgery, Comparative Anatomy, Histology, and Pathology are carefully and systematically taught both by Lectures and practical Demonstrations. There are also departments for the Diseases of Women and Children, of the Eye and Ear, of the Skin, and of the Throat.

Special Classes are held for the Preliminary Scientific and Intermediate M.B. of the University of London, and for the F.R.C.S. Examinations.

SCHOLARSHIPS.

Four Scholarships of £50 awarded every year by open competition in Natural Science previous to entrance at the School. A Scholarship of £20 in Anatomy, and a Scholarship of £40 in Pathology carrying with it the appointment of Assistant-Curator, are awarded annually. Three Scholarships of the value of £20, £25, and £30 will be given at the end of the first, second, and third years to the Students of those years respectively.

PRIZES.

Prizes are given in each class at the close of every Session. In addition, there will be given at the end of each year a Prize in Clinical Medicine, and another in Clinical Surgery, each of the value of £5 5s.

The Rolleston Prize in Biology, £5 5s.

Two Prizes, each of the value of £10 10s., in Ophthalmology.

APPOINTMENTS.

A Demonstrator of Anatomy is appointed at a salary of £70 a year, and a Junior Demonstrator at a salary of £50 a year. A Demonstrator of Physiology is appointed at a salary of £100 a year. Two Prosectors of Anatomy and two Assistant Demonstrators of Physiology, are appointed annually, and receive a certificate and £5 each for satisfactory service in their respective departments.

Four House-Surgeoncies, each tenable for one year. A Resident Obstetric Assistantship, tenable for six months.

These Resident Medical Appointments are open to the Pupils without expense of any kind, and are equivalent to Five Scholarships of the Annual value of £50.

For the Prospectus and further particulars apply to—

GEORGE P. FIELD, *Dean of the School.*

Digitized by Google

ST. THOMAS'S HOSPITAL,

ALBERT EMBANKMENT, WESTMINSTER BRIDGE, S.E.

The WINTER SESSION commences on October 1st, and the SUMMER on May 1st. Students can enter at either Session.

The Fees may be paid in one sum or by instalments. Special entries may be made to Lectures and Practice. Arrangements are made for Students entering in second or subsequent years, also for Dental Students. Qualified Practitioners can obtain perpetual tickets on payment of a small fee.

Special Classes are held for the Matriculation, Preliminary Scientific, and Intermediate M.B. of the University of London.

PRIZES AND APPOINTMENTS.—*Two Open Entrance Science Scholarships* of £100 and £50 will be awarded to First Year's Students in October, after an examination in Chemistry, Physics, and Botany, or Zoology. *First Year's Prizes.*—Winter: The William Tite Scholarship, of £30; College Prizes, £20 and £10. Summer: College Prizes of £15, and £10. *Second Year's Prizes.*—Winter: The Peacock Scholarship, of 40 Guineas, tenable for two years, and College Prizes of £20 and £10. Summer Prizes: College Prizes of £15, and £10. *Third Year's Prizes.*—The Musgrove Scholarship of 40 guineas, £20, £15, and £10. There are also awarded the following Silver and Gold Medals, &c.—viz., the "Cheselden," the "Mead," the "Solly" Medal and Prize, the Treasurer's Gold Medal, and the "Grainger" Prize. Three House Physicians and an Assistant House Physician, two House Surgeons, and an Assistant House Surgeon, and the Resident Accoucheur are selected from Students holding qualifications; an Ophthalmic Assistant with a salary of £50 is also appointed. Clinical Clerks and Dressers to in and out-patients are selected from gentlemen attending the Hospital. Two Registrars at a Salary of £100 each are chosen from third or fourth year's students. There are also numerous appointments of Assistants in the Physiological Laboratory, Anatomical Assistants, Prosectors, Obstetric Clerks, &c., open to Students without charge.

MEDICAL OFFICERS, &c.: *Consulting Physicians* — Dr. Barker, Sir J. Risdon Bennett. *Consulting Surgeons*—Mr. Le Gros Clark, Mr. J. Simon, C.B. *Consulting Ophthalmic Surgeon*—Dr. Liebreich. *Physicians*—Dr. Bristowe, Dr. Stone, Dr. Ord, Dr. Harley. *Obstetric Physician*—Dr. Gervis. *Surgeons*—Mr. Sydney Jones, Mr. Croft, Sir W. MacCormac, Mr. Mason. *Ophthalmic Surgeon*—Mr. Nettleship. *Assistant Physicians*—Dr. Payne, Dr. Sharkey, Dr. Gulliver. *Assistant Obstetric Physician*—Dr. Cory. *Assistant Physician for Diseases of the Throat.*—Dr. Semon. *Assistant Surgeons*—Mr. Mackenzie, Mr. Clutton, Mr. Anderson, Mr. Pitts. *Dental Surgeon*—Mr. Ranger. *Assistant Dental Surgeon*—Mr. Truman, *Resident Assistant Physician*—Dr. R. Percy Smith. *Resident Assistant Surgeon*—Mr. Mason. *Apothecary*—Mr. Plowman.

LECTURERS, &c.: Medicine—Dr. Bristowe, Dr. Ord. Clinical Medicine—Dr. Bristowe, Dr. Stone, Dr. Ord, Dr. Harley. Surgery—Mr. Sydney Jones, Sir W. MacCormac. Clinical Surgery—Mr. Sydney Jones, Mr. Croft, Sir W. MacCormac, Mr. Mason. Descriptive Anatomy—Mr. Reid and Mr. Anderson. General Anatomy and Physiology.—Dr. J. Harley, and Mr. Stewart. Ophthalmic Surgery—Mr. Nettleship. Chemistry and Practical Chemistry—Dr. Bernays. Midwifery and Diseases of Women and Children—Dr. Gervis. Physics and Natural Philosophy—Dr. Stone. Materia Medica and Therapeutics—Dr. Stone. Forensic Medicine—Mr. Clutton and Dr. Cory. Pathological Anatomy—Dr. Payne and Dr. Sharkey. Botany—Mr. A. W. Bennett. Comparative Anatomy—Mr. C. Stewart. Mental Diseases—Dr. H. Rayner. State Medicine—Dr. Alfred Carpenter.

W. M. ORD, M.B., *Dean.* | G. Rendle, M.R.C.S. *Secretary.*

Any further information will be given by Mr. Rendle on application.

WESTMINSTER HOSPITAL MEDICAL SCHOOL.

The Hospital, which has recently been enlarged and improved, contains 215 beds, and has a special Ward for the Diseases peculiar to Women. Upwards of 2,000 In-patients and 25,000 Out-patients are received annually. The practice of the National Hospital for Paralysis, and that of the Royal Westminster Ophthalmic Hospital, can be attended by General Students of this School without further fee.

Chief Prizes and Appointments open to competition:—Two Entrance Scholarships, value £60 and £40 respectively; an Exhibition in Anatomy and Physiology, value £10 10s., for First-year's men; a Scholarship in Anatomy and Physiology, value 20 guineas, for Second-year's men; Prizes for Clinical Medicine and Surgery, of £5 each; the Chadwick Prize, value 20 guineas, for General Proficiency, for Third or Fourth year's men; The Frederic Bird Prize and Medal, value £15, for Fourth-year's men; numerous Clerkships and Dresserships; and the posts of Medical and Surgical Registrar, each with £40 a year; Pathological Curator of Museum, with 50 guineas a year; and of two House Physicians, House-Surgeon, Resident Accoucheur, Assistant, Assistant House-Surgeon, Physician's Assistant, Surgeon's Assistant, and Ophthalmic Assistant.

Hospital Staff.—*Consulting Physicians*—Dr. Radcliffe, Dr. Fincham. *Physicians*—Dr. Sturges, Dr. Allchin, Dr. H. Donkin. *Assistant-Physicians*—Dr. De Havilland Hall, Dr. Hughes Bennett, Dr. Murrell. *Consulting Surgeons*—Mr. Barnard Holt, Mr. Holthouse. *Surgeons*—Mr. Cooke, Mr. Davy, Mr. Macnamara. *Assistant Surgeons*—Mr. Cooke, Mr. Bond, Mr. Boyce Barrow. *Obstetric Physician*—Dr. Potter. *Assistant Obstetric Physician*—Dr. Grigg. *Dental Surgeon*—Mr. Walker, Mr. Morton Smale. *Aural Surgeon*—Mr. Keene. *Surgeon in Charge of the Eye Department*—Mr. Cowell. *Physician in Charge of the Skin Department*—Dr. Colcott Fox. *Physician in Charge of Throat Department*—Dr. Hall. *Surg. in Charge of Orthopædic Department.*—Mr. Davy. *Pathologist and Curator*—Dr. Hebb. *Medical Registrar*—Mr. Hebbert. *Surgical Registrar*—Mr. [illegible]

Lecturers.—*Principles and Practice of Medicine*—Dr. Sturges and Dr. Allchin. *Surgery*—Mr. Cooke, Mr. Macnamara. *Practical Surgery*—Mr. Davy. *Anatomy*—Mr. James Black. *Dissections*—Dr. Sanderson. *Physiology*—Dr. Heneage Gibbes. *Practical Physiology and Histology*—Dr. Heneage Gibbes. *Chemistry and Toxicology*—Dr. Dupré, F.R.S. *Materia Medica and Therapeutics*—Dr. Murrell. *Botany*—Mr. Worsley-Benison. *Midwifery and Diseases of Women and Children*—Dr. Potter. *Forensic Medicine and Hygiene*—Dr. De Havilland Hall. *Pathology and Morbid Anatomy*—Dr. Allchin. *Comparative Anatomy*—Dr. Leslie Ogilvie. *Experimental Physiology*—George Ogilvie. *Psychological Medicine*—Dr. Sutherland. *Ophthalmic Surgery*—Mr. Cowell. *Skin Diseases*—Dr. Colcott Fox. *Aural Surgery*—Mr. Keene. *Dental Surgery*—Dr. Walker. *Pathology*—Dr. De Havilland Hall and Mr. Barrow.

GENERAL FEES.—£100, in one sum at entrance; or in two moieties of £52 10s.; in payments of £23 at the beginning of each of the first five sessions, Library and Tutorial fees included.

For the Dental Diploma the fees are £50 in one sum, or payments of £32 10s. and £[illegible] at the commencement of the first and second years, Library and Tutorial Fees included.

Special classes for the preliminary Scientific M.B. Examinations of the University of London commence in January.

Graduates in Medicine of Foreign or Colonial Universities are admitted to the Hospital Practice and Lectures on payment of a fee of £12 12s.

Westminster Hospital. W. H. ALLCHIN, *Dean.*

UNIVERSITY COLLEGE, LONDON.

FACULTY OF MEDICINE.—SESSION 1883-84.

Classes in the order in which Lectures are delivered during the day :—

WINTER SESSION.

Medicine—Professor Sydney Ringer, M.D.

Anatomy and Physiology (including Practical Physiology and Histology)—E. A. Schafer, F.R.S.

Chemistry—Prof. Williamson, F.R.S. *Anatomy*—Prof. Thane.

Comparative Anatomy and Zoology—Professor E. R. Lankester, M.A., F.R.S.

Surgery—Professor Marshall, F.R.S.

Practical Surgery—Professor Berkeley Hill, Mr. Marcus Beck, and Mr. E. A. Barker.

Dental Surgery—Mr. S. J. Hutchinson.

Practical Anatomy—The pupils are directed in their studies during several hours daily by Prof. Thane, Messrs. R. J. Godlee, M.S., M.B., F.R.C.S., D. Collingwood, M.B., B.S., F.R.C.S., E. T. Thring M.R.C.S., H. H. Brown, E. Hudson, M.R.C.S., J. R. Bradford (Demonstrators).

SUMMER SESSION.

Botany—Prof. Oliver, F.R.S., F.L.S.

Midwifery—Prof. Graily Hewitt, M.D. *Pathological Anatomy*—Prof. H. Charlton Bastian, M.A., M.D., F.R.S

Medical Jurisprudence—Prof. G. V. Poore, M.D.

Materia Medica and Therapeutics—Prof. F. T. Roberts, M.D. *Practical Chemistry*—Prof. Williamson, F.R.S.

Elementary Biology with Laboratory Work—Prof. E. R. Lankester, F.R.S.

Practical Instruction in Operative Surgery — Mr. Marcus Beck, M.S., M.B.

Ophthalmic Medicine and Surgery—Professor John Tweedy, F.R.C.S.

Analytical Chemistry—Professor Williamson. *Hygiene*—Prof. Corfield, M.D.

CLINICAL INSTRUCTION.—Hospital Practice daily throughout the year.

Consulting Physicians—W. H. Walshe, M.D., F.R.C.P., J. Russell Reynolds, M.D., F.R.C.P., F.R.S., Sir W. Jenner, Bart., K.C.B., M.D., F.R.S.

Physicians—Dr. Wilson Fox, F.R.S., Dr. Ringer, Dr. H. Charlton Bastian, F.R.S., and Dr. F. T. Roberts. Dr. W. R. Gowers, Dr. G. V. Poore.

Assistant Physician—Dr. Thomas Barlow.

Obstetric Physicians—Dr. Graily Hewitt and Dr. John Williams.

Physician to Skin Department—Dr. H. R. Crocker.

Consulting Surgeons—Mr. R. Quain, F.R.S., Mr. J. E. Erichsen, F.R.S., Sir H. Thompson, M.B., F.R.C.S.

Surgeons—Mr. Marshall, F.R.S., Mr. Berkeley Hill, F.R.C.S., and Mr. Christopher Heath, F.R.C.S., Mr. Marcus Beck, M.S., M.B.

Assistant Surgeons—Mr. A. E. Barker, M.R.C.S. Ireland, Mr. R. J. Godlee, M.S., M.B., B.A.

Ophthalmic Surgeon—Mr. J. F. Streatfeild. *Assistant Ophthalmic Surgeon*—Mr. John Tweedy.

Dental Surgeon—Mr. S. J. Hutchinson. *Assistant Professors of Clinical Medicine*—Dr. Gowers and Dr. Barlow.

Assistant Professor of Clinical Surgery—Mr. Arthur Barker.

Resident Medical Officer—Mr. Henry Maudsley, M.B., B.S. *Teacher of Pharmacy*—Mr. A. W. Gerrard.

Surgical Registrar—Mr. Victor Horsley, M.B., B.S.

Medical Clinical Lectures by Dr. Ringer, Dr. Graily Hewitt, and Dr. Bastian, also Dr. Wilson Fox, Holme Professor of Clinical Medicine, whose special duty it is to train the pils in the practical study of disease, and who gives a series of lessons and examinations on the sical phenomena, diagnosis, and treatment of disease to classes consisting of a limited number and eting at separate hours. Dr. Gowers and Dr. Barlow also give special instruction in the method physical diagnosis and of clinical observation to classes of students constituted for this purpose. Surgical Clinical Lectures, by Mr. Heath, Holme Professor of Clinical Surgery, Mr. Marshall, Hill, Mr. Erichsen and Sir Henry Thompson. The Holme Professor of Clinical Surgery will e a week give a Clinical Lecture, and hold a Clinical Examination. The Assistant Professor of ical Surgery will also hold Examinations of the Senior Students throughout the year, and ng the Summer months will instruct the Second Year's Students in the observation and nination of Patients twice a week, as required by the Royal College of Surgeons.

Lectures on Ophthalmic Cases by Mr. Streatfeild, and Mr. John Tweedy.

PRACTICAL PHARMACY.—Pupils are instructed in the Hospital Dispensary.

PRIZES.—In most of the classes Gold and Silver Medals for excellence in the examina- at the close of the courses.—Liston Gold Medal for Clinical Surgery.—Dr. Fellowes' Medals for cal Medicine, two gold and two silver.—Filliter Exhibition for proficiency in Pathological omy, £30.—An Atkinson-Morley Scholarship for the promotion of the study of Surgery, £45 nnum, tenable for three years. Sharpey Physiological Scholarship for proficiency in Biological ce, about £105, tenable for three years. Alexander Bruce Gold Medal for proficiency in Patho- and Surgery. Cluff Memorial Prize for proficiency in Anatomy, Physiology, and Chemistry.

ATCHISON SCHOLARSHIP.—About £55 per annum, tenable for two years. Erichsen Prize perative Surgery.

ENTRANCE EXHIBITIONS.—At the commencement of every Session, three Entrance Exhibi- of the respective values of £100, £60, and £40 per annum, are awarded upon Examina- to gentlemen who are about to commence their first winter's attendance in a Medical l. The subjects of the Examination are those of the Preliminary Scientific Examination University of London.

RESIDENCE OF STUDENTS.—Several Members of the Medical Staff receive students to reside with and in the Office of the College there is kept a register of persons, unconnected with the College, eceive boarders into their families. Among these are several medical gentlemen. The r affords information as to terms and other particulars.

Prospectuses and copies of the Regulations relating to the various Scholarships, Exhibitions, and may be obtained at the Office of the College.

BERKELEY HILL, M.B., *Dean of the Faculty.*

ber, 1883. TALFOURD ELY, M.A., *Secretary to the Council.*

Prospectuses of the Classes of the Faculties of Arts and Laws and of Science, of the Fine Arts Depart- nd of the School, may be obtained on application at the College. The Calendar for Session 1883-84 hand of Messrs. Taylor & Francis, Red Lion Court, Fleet Street, E.C., and at the Office of the College, . 6d.

FOREIGN ARMY, NAVY, DENTAL &C.

WEST LONDON HOSPITAL
PREPARATORY SCHOOL OF MEDICINE
AND
SCHOOL OF NATURAL SCIENCE.

(The latter in connection with the Science and Art Department of the Committee of Council on Education, South Kensington).

The Objects aimed at may be shortly stated as follows:—

1. To give in a more complete and systematic manner than has heretofore ever been attempted, all the advantages of a year or a year and a half's pupilage at a first-class provincial infirmary or county hospital.
2. To give thorough and practical instruction in Natural Science, such to be carried up to the standard of the Preliminary Scientific (M.B.) Examination of the London University.
3. To give intending Medical Students an early insight into Medical work, so that they may, without needless loss of time or money, be able to judge whether or not they have chosen the right profession.

The Secretary of the School has a list of the names of practitioners who are willing to take the Students of the School into residence in their houses.

LECTURERS.

Clinical Medicine—G. GODDARD ROGERS, M.D., M.R.C.P.
Clinical Surgery—ALFRED COOPER, F.R.C.S.
Elementary Principles of Medicine—DONALD W. C HOOD, M.D. Cantab., M.R.C.P.
Elementary Principles of Surgery—C. B. KEETLEY, F.R.C.S.; F. SWINFORD EDWARDS, F.R.C.S.
Elementary Practical Medicine—F. G. DAWTREY DREWITT, M.D. Oxon, M.R.C.P.
Elementary Practical Surgery—W. BRUCE CLARKE, M.A., M.B. Oxon, F.R.C.S.; A. BOYCE BARROW, M.B. Lond., F.R.C.S.
Elementary Ophthalmology—B. J. VERNON, F.R.C.S.
Elementary Physiology and Histology—THEODORE DYKE ACLAND, M.B. Oxon, M.R.C.P.
Elementary Pathology—WILMOT PARKER HERRINGHAM, M.B. Oxon, M.R.C.P.
Materia Medica and Pharmacy—ALBERT VENN, M.D., M.R.C.P.; W. P. HERRINGHAM, M.B. M.R.C.P.
Osteology—C. A. BALLANCE, M.S. Lond., F.R.C.S; W. BRUCE CLARKE, M.A., F.R.C.S.

IN THE SCIENCE SCHOOL.

Mechanical Philosophy } A. B. BARROW, M.B., F.R.C.S.
Physics (Heat, Light, Electricity, &c.) }
Chemistry—F. G. D. DREWITT, M.A., M.D., M.R.C.P. *Demonstrator*—R. C. TRESIDDER.
Botany—G. S. BOULGER.
Zoology—J. G. GARSON, M.D.
Drawing—

The Lectures on the more advanced subjects will be purely elementary, being in fact adapted to excite an intelligent interest in, and to give a general idea of, Hospital Practice. But the instruction in Materia Medica, Osteology, and the subjects of the Science School will be more complete.

It is intended that the Student shall be efficiently prepared, if he desires it, for—

The 1st PROFESSIONAL EXAMINATION for the L.R.C.P. London, and for
The PRELIMINARY SCIENTIFIC (M.B.), London University.

All the instruction will be as far as possible, practical; and the Lectures will, for the most part, approach the character of Demonstrations.

The Hospital contains 101 beds.

FEES, payable in advance:—

For the Complete Course, including one year and a half's Hospital Practice,	25 guineas	For one Winter Session ...	18 guineas
For an extra six months ..	7 guineas	For one Summer Session ...	12 guineas

Separate Courses of Lectures may be attended for 2 guineas each Course: but only Students taking out tickets for the Complete Course may attend the Hospital Practice.

For any explanation and further information, apply to the SECRETARY of the Medical School, at the West London Hospital, Hammersmith Broadway, or to

Mr. C. B. KEETLEY, 20, Princes Street, Hanover Square, W.

LONDON SCHOOL OF MEDICINE FOR WOMEN.

30, Henrietta Street, Brunswick Square, and Royal Free Hospital, Gray's Inn Road.

Medical Officers and Lecturers.—*At the School:* Anatomy and Practical Anatomy—Mr. Stanley Boyd, M.B., F.R.C.S. Physiology and Practical Physiology—Dr. Augustus Waller. Chemistry and Practical Chemistry—Mr. Heaton, F.C.S. Principles and Practice of Medicine—Mrs. Garret Anderson, M.D. and Dr. Horatio Donkin. Principles and Practice of Surgery—Mr. A. T. Norton. Botany—Dr. Stokoe. Materia Medica and Therapeutics—Dr. Samuel West. Midwifery and Diseases of Women—Dr. Ford Anderson and Dr. Louisa Atkins. Forensic Medicine—Dr. Dupré, F.R.S. and Mr. Bond. Comparative Anatomy—Dr. Murie. Pathology—Dr. W. Allen Sturge. Ophthalmic Surgery—Mr. Adams. Mental Pathology—Dr. Sankey. Minor Surgery—Mr. James Shuter, F.R.C.S. *At the Hospital:* Clinical Medicine—Dr. Cockle. Dr. Buchanan Baxter. Assistant Physician, Dr. Samuel West. Clinical Surgery—Mr. Grant and Mr. Rose. Assistant Surgeon, Mr. James Shuter. Diseases of Women—Dr. W. Hayes. Ophthalmic Surgery—Mr. Grosvenor Mackinlay. Pathological Demonstrator—Dr. Samuel West.

Fee for all the Lectures in the ordinary curriculum £80, or if paid in instalments, £40 for the first year, £30 for the second, and £15 for the third. Fees for single courses of Lectures are £8 8s. for each course in the winter session, and £5 5s. for each course in the summer session. The fee for Hospital instruction will be £45 if paid in one sum, or £20 for the first year, and £15 for each of the second and third years. No student will be admitted to the Hospital for less than one year.

Further information will be given on application to Mrs. Thorne, Honorary Secretary, at the School.

ELIZABETH GARRETT ANDERSON, M.D., *Dean.*

SCHOOL OF ANATOMY, PHYSIOLOGY, AND SURGERY.

Duly Licensed under the Anatomy Act by the Secretary of State for the Home Department.

Lecturer :—Mr. THOMAS COOKE, F.R.C.S., Senior Assistant Surgeon to the Westminster Hospital; PRIVATE ADDRESS, 16, WOBURN PLACE, RUSSELL SQ., W.C.

THE SCHOOL meets the requirements of two distinct classes of Students, *i.e.*—I. Advanced Students and Qualified Practitioners, who may wish either to extend their knowledge of the foregoing subjects, or to recall to mind what they once knew and have since forgotten. II. Beginners entering upon their Medical studies by a short term of Apprenticeship. For the former, rapid advanced Classes, complete in three months, but still thoroughly practical, are provided; and for the latter, when required, more elementary classes of six months' duration, also thoroughly practical. The teaching is adapted to the requirements of the better class of Students, rather than to those of idle men.

TIMES AND FEES FOR LECTURES

ANATOMY AND PHYSIOLOGY:—Tuesdays, Thursdays, and Saturdays at 4.30—*Fees:* Three months, £4 4s; six months, £5 5s.—SURGERY, PATHOLOGY AND BANDAGING:—Mondays, Wednesdays, and Fridays at 5—*Fees:* Three months, £5 5s; six months, £8 8s.—OPERATIVE SURGERY (one course), £5 5.—DISSECTIONS daily, from 10 A.M. to 6 P.M.

Prospectus forwarded on application.

THE HOSPITAL FOR

DISEASES OF THE THROAT.

GOLDEN SQUARE, W. AND NEWINGTON BUTTS.

HONORARY MEDICAL STAFF.

Physicians.

Morell Mackenzie, M.D. | M. Prosser James, M.D.
R. Hunter Semple, M.D. | W. MacNeill Whistler, M.D.

Surgeons. Edward Woakes, Esq. T. Mark Hovell, Esq.

Dental Surgeon. Oakley Coles, Esq.

Daily Laryngoscopic Demonstrations are given by the Physician in attendance at 2.30.

From 3,000 to 4,000 Out-patients and 200 In-patients are treated annually.

PROSSER JAMES, M.D.

CENTRAL LONDON THROAT AND EAR HOSPITAL,

GRAY'S INN ROAD, W.C. (*close to King's Cross Railway Station*).

President.—HIS GRACE THE ARCHBISHOP OF CANTERBURY.

Honorary Medical Staff.

Consulting Surgeon—SYDNEY JONES, Esq., F.R.C.S.

Consulting Surgeons—LENNOX BROWNE, Esq., F.R.C.S.E.—attending every Monday and Thursday, at 2.30 p.m. LLEWELYN THOMAS, Esq., M.D.—attending every Wednesday and Saturday, at 2.30 p.m. FRANCIS HAMILTON, Esq., M.R.C.S.,—attending every Tuesday, at 6.30 p.m., and Thursday, at 2.30 p.m.

Assistant Surgeons— ARTHUR W. ORWIN, Esq., M.D.—attending every Friday at 6.30 p.m., and with Surgeon, every Wednesday at 2.30 p.m. J. DUNDAS GRANT, Esq., M.A., M.D.,—attending with Surgeon every Monday and Saturday, at 2.30 p.m.

Registrar and Pathologist—PERCY JAKINS, Esq. M.R.C.S.

Dental Surgeon—GEORGE WALLIS, L.D.S., R.C.S. *Defects of Speech*—WILLIAM VAN PRAAGH, Esq.

Chloroformist—JAMES MURRAY, Esq., M.D

The Hospital contains accommodation for 20 In-Patients, and has a very extensive Out-Patient Department, which is open to all Medical Practitioners and Students for the purpose of Clinical Demonstration and Instruction during the hours of the Surgeons' visits. Lime Light Illumination is employed. For three months' attendance, two guineas; for six months, three guineas.

A course of Lectures on the Special Diseases treated at this Hospital will be delivered during the Four Months by members of the Staff. These Lectures will be free to qualified Practitioners and Advanced Students of Medicine.

e Royal Infirmary, which, including the Thornton Wards for Diseases of Women, and ock Hospital, contains 350 beds, is situated close to the School of Medicine. Clinical ction is given at the bedside, daily, by the Physicians and Surgeons, and Clinical res are delivered regularly. The Medical and Surgical Tutors attend in the wards every ng from ten to twelve o'clock to assist in case-taking and clinical study.

new Physical Laboratories, under the direction of Professor Lodge, and the new Zoo- Laboratories, under the direction of Professor Herdman, with their respective class- are now completed. An extensive series of Chemical Laboratories and Class-rooms out to be erected.

Eye and Ear Infirmary, the Lying-in Hospital, and the Children's Infirmary are l within a few minutes' walk of the School of Medicine. Opportunities for practical ics are afforded in connection with the Ladies' Charity and Lying-in Hospital, where 000 labours are conducted and attended yearly.

ral Scholarships and numerous Prizes, gold, silver, and bronze Medals are offered petition annually in the various classes.

House Surgeons and two House Physicians, who board and lodge in the Infirmary charge, are appointed for periods of six months from among Students of the School ve obtained legal qualification. Clinical Clerks and Dressers are appointed in , January, and May of each year.

ng, Smoking, and Luncheon Rooms are provided for the use of Students.

nts from a distance, can, if they desire it, obtain board and lodging at the houses is Medical Practitioners who reside near the College.

spectus and further information apply to Dr. CATON, Dean of the Medical Faculty.

VICTORIA UNIVERSITY.

Incorporated College.

THE OWENS COLLEGE, MANCHESTER.

Chancellor of the University and President of the College,

THE DUKE OF DEVONSHIRE, K.G., LL.D., F.R.S.

Vice-Chancellor of the University and Principal of the College,

J. G. GREENWOOD, LL.D.

DEPARTMENT OF ARTS, SCIENCE, AND LAW.

PROFESSORS AND LECTURERS.

Greek	Hulme Professor, J. G. Greenwood, LL.D., Fellow of Univ. Coll., Lond.
Latin	Professor A. S. Wilkins, M.A., LL.D., Fellow of Univ. Coll., Lond. Assistant Lecturers in Classics, E. B. England, M.A., and Sidney Owen, B.A.
English Language	Smith Professor, Thomas N. Toller, M.A., late Fellow of Christ's Coll., Camb.
English Literature ... ... Ancient and Modern History	Professor A. W. Ward, M.A., LL.D., late Fellow of St. Peter's Coll., Camb. Assistant Lecturer, J. P. Whitney, B.A.
Pure Mathematics	Professor Thomas Barker, M.A., late Fellow of Trin. Coll., Camb. Assistant Lecturers { R. F. Gwyther, M.A. (Fielden Lecturer). F. T. Swanwick, M.A.
Applied Mathematics	Beyer Professor, Arthur Schuster, Ph.D., F.R.S.
Physics ... ... Practical Physics	Langworthy Professor, Balfour Stewart, LL.D., F.R.S. Professor Thomas H. Core, M.A. Demonstrator, W. W. H. Gee.
Civil and Mechanical Engineering ... Geometrical and Mechanical Drawing ...	Beyer Professor, Osborne Reynolds, M.A., F.R.S., late Fellow of Queens' Coll., Camb. Assist. Lecturer, John B. Millar, M.E.
Logic, and Mental and Moral Philosophy	Professor Robert Adamson, M.A., LL.D.
Political Economy	Faulkner Professor and Cobden Lecturer, J. E. Munro, LL.D.
Jurisprudence and Law	Professor Alfred Hopkinson, M.A., B.C.L., late Stowell Fellow of Univ. Coll., Oxford. Professor J. E. C. Munro, LL.M., LL.D. Special Lecturers, J. K. Bradbury, M.A., J. T. Foard.
Chemistry ... ... Chemical Laboratory	Professors H. E. Roscoe, LL.D., F.R.S., and C. Schorlemmer, F.R.S. Assistant Demonstrators, Watson Smith, F.C.S., Harry Baker, F.C.S., A. Smithells, B.Sc., W. Bott, Ph.D.
Zoology	Beyer Professor, A. Milnes Marshall, M.D., D.Sc., M.A., Demonstrator, C. Herbert Hurst.
Botany	Professor W. C. Williamson, LL.D., F.R.S. Demonstrator, H. Marshall Ward, M.A.
Geology and Palæontology	Professor W. Boyd Dawkins, M.A., F.R.S., F.G.S.
Mineralogy	Lecturer, Charles A. Burghardt, Ph.D.
Oriental Languages	Professor T. Theodores.
French Language and Literature ...	Lecturer, J. F. H. Lallemand, B. ès. L. & Sc.
German Language and Literature ...	Lecturer, Herman Hager, Ph.D.
Free Hand Drawing	Lecturer, William Walker.
Harmony and Musical Composition ...	Lecturers, Edward Hecht, and Henry Hiles, Mus.Doc.

Candidates for admission must not be under fourteen years of age, and those under sixteen will be required to pass a Preliminary Examination in English, Arithmetic, and the Elements of Latin.

The Session commenced on the 2nd of October, 1883, and will terminate on the 27th of June, 1884. New Students may enter at or after the beginning of the Lent Term, 8th January, 1884.

Department of the Evening Classes.—Classes for Evening Instruction are held during the Winter Session, from October to April.

MEDICAL DEPARTMENT.

The Manchester Royal School of Medicine is incorporated with the College.

Dean of the Medical Department—Professor Arthur Gamgee, M.D., F.R.S.

PROFESSORS AND LECTURERS.

Physiology and Histology	Brackenbury Professor, Arthur Gamgee, M.D., F.R.S.
Descriptive Anatomy	Professor Morrison Watson, M.D., F.R.S.E. Demonstrators, Alex. Fraser, M.B., Ch.M., & Jos. Collier, M.R.C.S.
Practical Anatomy	
Comparative Anatomy	Professor A. M. Marshall, M.D., D.Sc., M.A.
Chemistry	Professors H. E. Roscoe, Ph.D., F.R.S., and C. Schorlemmer, F.R.S.
Medicine	Professors W. Roberts, M.D., F.R.S., and J. E. Morgan, M.D., M.A.
Surgery	Professor Edward Lund, F.R.C.S. Asistant Lecturer, F. A. Southam, M.B., M.A., F.R.C.S.
Practical Surgery	Thomas Jones, M.B., B.S., F.R.C.S.
Ophthalmology	David Little, M.D.
Pathology, Morbid Anatomy & Histology	Professor J. Dreschfeld, M.D.
Surgical Pathology	Alfred H. Young, M.B., F.R.C.S.
Midwifery & Diseases of Women ...	Professor J. Thorburn, M.D., M.R.C.P.
Diseases of Children	Henry Ashby, M.D., M.R.C.P.
Mental Diseases	Geo. W. Mould, M.R.C.S.
Operative Surgery	Thomas Jones, M.B., F.R.C.S.
Embryology	Professor A. M. Marshall, M.D., M.A., D.Sc.
Materia Medica and Therapeutics ...	Professor D. J. Leech, M.D., F.R.C.P. Asst. Lect. in Pharm. W. Elborne.
Botany	Professor W. C. Williamson, F.R.S.
Elementary Biology	Professors Marshall and Williamson.
Medical Jurisprudence	C. J. Cullingworth, M.D., M.R.C.P.
Public Health	Arthur Ransome, M.D., M.A.
Clinical Medicine and Surgery	Physicians and Surgeons to the Royal Infirmary.

Prospectuses of the several departments and of the Scholarships and Entrance Exhibitions tenable at the College, will be sent on application. J. HOLME NICHOLSON, M.A., Registrar.

UNIVERSITY OF DURHAM.

COLLEGE OF MEDICINE, NEWCASTLE-UPON-TYNE.

LECTURES:—WINTER SESSION, 1883-4.

Anatomy	Dr. Mears.
Physiology	Mr. Williamson and Dr. Oliver.
Chemistry	Professor Bedson, D.Sc. Lond.
Medicine	Professor Philipson, M.D., D.C.L.
Surgery	Dr. Heath and Dr. Arnison.
Hygiene	Mr. Henry E. Armstrong.
Psychology	Mr. Wickham.

SUMMER SESSION, 1884.

Botany	Dr. Murphy.
Materia Medica	Mr. McBean.
Practical Chemistry	Professor Bedson, D.Sc.
Practical Physiology	Dr. Oliver.
Midwifery	Dr. Nesham.
Diseases of Women	Dr. Gibson.
Medical Jurisprudence	Mr. Page.
Therapeutics	Dr. Barron.
Pathology	Dr. Gibb and Dr. Drummond.
Operative Surgery	Dr. L. Armstrong.
Medical Tutor	Dr. Mears.
Tutor in Arts	Rev. J. Bulmer, B.D.

Licenses, Degrees, and Certificates in Medicine, Surgery and Sanitary Science.—Two Licenses, three Degrees, and one Certificate are conferred by the University of Durham—viz., Licenses in Medicine and in Surgery, the Degrees of Bachelor of Medicine, Master in Surgery, and Doctor of Medicine, and a Certificate of proficiency in Sanitary Science.

Attendance at the University of Durham College of Medicine during one of the four years of professiona study, or subsequently to qualification elsewhere, is required as part of the curriculum for the Degrees except in the case of Practitioners of more than fifteen years' standing, who can obtain the Degree after examination only.

The first Examination for the Degree of M.B. may be passed prior to commencing attendance at Newcastle.

The extra-preliminary may be passed at any Examination previous to the candidate's entering for his final Examination for the Degree.

Lists of the questions of former examinations may be obtained from the Registrar.

Scholarships, &c.—A University of Durham Scholarship, value £25 for four years, annually, for proficiency in Arts, awarded to Perpetual Students in their first year only.—The Dickenson Scholarship, value £15, annually, for Medicine, Surgery, Midwifery, and Pathology.—The Tulloch Scholarship—value the interest of the sum of £400, annually, for Anatomy, Physiology, and Chemistry.—The Charlton Scholarship, value £35, annually (together with a Gold Medal), for Medicine.—The Gibb Scholarship—value the interest of the sum of £500, annually, for Pathology. The Gordon Memorial Scholarship, value the interest of £325 annually for Clinical Medicine and Clinical Surgery at the Newcastle Infirmary. At the end of each Session a Silver Medal and Certificates of Honour are awarded in each of the regular Classes. An Assistant Curator of the Museum is annually appointed from among the Senior Students, and receives an honorarium of £12.—Four Assistant Demonstrators of Anatomy (each receiving an honorarium of £5), two Assistant Physiologists and two Pathological Assistants, are also elected.—Four Resident Assistants, Three Non-Resident Clerks and Sixteen Non-Resident Dressers are chosen every three months.

NEWCASTLE-UPON-TYNE INFIRMARY.

Medical and Surgical Staff.

Physicians	Dr. Philipson, Dr. Drummond, Dr. Oliver.
Surgeons	Dr. Arnison, Dr. L. Armstrong, Dr. Hume and Mr. Page.
Assistant Surgeons	Mr. T. H. Dodd and Mr. Williamson.
Pathologist	Dr. Drummond.
Dental Surgeon	Mr. E. Fothergill.
Senior House Surgeon	Dr. J. Limont.
Junior House-Surgeon	Mr. W. G. Black.

The Infirmary contains 230 beds. There are special Wards for the treatment of Children and for Ophthalmic and Syphilitic Diseases. Clinical Lectures are delivered by the Physicians and Surgeons in rotation three times a week. Pathological Demonstrations are given as opportunity offers by the Pathologists. Practical Midwifery can be studied at the Newcastle Lying-in Hospital, where there is an Out-door Practice of about 400 cases annually. There are special Departments for Ophthalmology, Dermatology, Gynæcology, Diseases of the Throat and Ear, and minor Surgery.

Lectures are given on Psychological Medicine at the Coxlodge Lunatic Asylum by R. H. B. Wickham, F.R.C.S., Medical Superintendent.

Fees.—*a.* A Perpetual Ticket for Lectures at the College may be obtained—

I. By payment of 60 guineas on entrance.

II. By payment of 35 guineas at the commencement of the First and Second Winter Sessions.

III. By three annual instalments (the first of 30 guineas, the second of 25 guineas, and the third of 20 guineas, at the commencement of the Sessional year.

b. Fees for attendance on Hospital Practice:—

For three months'	Medical and Surgical	Practice,		5	guineas.
„ six	„	„	„	8	„
„ one year	„	„	„	12	„
„ perpetual	„	„	„	25	„

Or by three instalments at the commencement of the Sessional year—viz., First year, 12 guineas; Second year, 10 guineas; Third year, 6 guineas; or by two instalments—viz., first year 14 guineas; second year 12 guineas.

c. Single Courses of Lectures or Tutorial Classes, 5 guineas.

Fees for Lectures, &c., at the College must be paid to the Registrar, and Fees for Hospital Practice to the Senior House-Surgeon at the time of entry.

Further particulars with regard to Examinations may be obtained from Dr. Luke Armstrong, 26, Clayton Street West, Newcastle-on-Tyne; or on all other matters connected with the College from Mr. Henry E. Armstrong, 6, Wentworth Place, Newcastle-on-Tyne.

UNIVERSITY OF ABERDEEN.

Chancellor—His Grace the DUKE OF RICHMOND.
Lord Rector—ALEXANDER BAIN, LL.D.
Vice-Chancellor and Principal—The Very Rev. W. R. PIRIE, D.D.

FACULTY OF MEDICINE—SESSION 1883-84.

WINTER SESSION,

Commencing on Wednesday, October 24th.

Anatomy—Professor Struthers. 11 A.M. £3 3s.
Practical Anatomy and Demonstrations—Professor Struthers and Assistant. 9 to 4, and 9 A.M. £2 2s.
Chemistry—Professor Brazier. 3 P.M. £3 3s.
Institutes of Medicine—Professor Stirling. 2 P.M. £3 3s.
Surgery—Professor A. Ogston. 10 A.M. £3 3s.
Practice of Medicine—Professor Smith-Shand. 11 A.M. £3 3s.
Midwifery and Diseases of Women and Children—Professor Stephenson. 4 P.M. £3 3s.
Medical Logic and Medical Jurisprudence—Professor Matthew Hay. 9 A.M. £3 3s.
Materia Medica—Professor A. D. Davidson. 4 P.M. £3 3s.
Pathological Anatomy (Sir Erasmus Wilson Chair)—Professor D. J. Hamilton. 3 P.M. £3 3s.
Practical Pathological Anatomy—Professor D. J. Hamilton. £3 3s.
Natural History—Professor Alleyne Nicholson. 2 P.M. £3 3s.

SUMMER SESSION,

Commencing on Monday April 28th.

Botany—Professor Jas. W. H. Trail. 8 A.M. £3 3s.
Practical Botany—Professor Jas. W. H. Trail.
Practical Anatomy and Demonstrations—Professor Struthers and Assistant. 9 to 4, and 9 A.M. £2 2s.
Practical Chemistry—Professor Brazier and Assistant. 10 A.M. to 2 P.M. £3 3s.
Natural History—Professor Alleyne Nicholson. 2 P.M. £3 3s.
Practical Natural History—Professor Alleyne Nicholson. 3 to 5 P.M. £2 2s.
Practical Physiology—Professor Stirling. 2 P.M. £3 3s.
Practical Pathological Anatomy—Professor D. J. Hamilton. 8 A.M. £3 3s.
Operative Surgery—Professor Alex. Ogston. 10 A.M. £2 2s.
Practical Pharmacy—Professor A. D. Davidson and Assistant. 4 P.M. £2 2s.
Practical Midwifery and Gynæcology, and Clinical Diseases of Children—Professor Stephenson. 11 A.M. £2 2s.

The Anatomical Course in Summer includes instruction in Histology and in the use of the Microscope; and Instruction in Osteology for Beginners.

Matriculation Fee (including all dues) for the Winter and Summer Sessions, £1. For the Summer Session alone, 10s.

The following additional Courses of Practical Instruction are delivered in the University or at the Institutions mentioned:—

Practical Ophthalmology—Professor A. D. Davidson. £1 1s.
Practical Toxicology—Professor Matthew Hay.
Dental Surgery—Dr. Williamson. £1 1s.
Insanity—Dr. Reid, Royal Lunatic Asylum. £1 1s.
Public Health—Dr. Simpson. £1 1s.
Diseases of the Ear and Larynx—Dr. McKenzie Booth, Dispensary. £1 1s.
Diseases of the Skin—Dr. Garden, Royal Infirmary and Sick Children's Hospital. £1 1s.
Royal Infirmary: Daily at noon. Perpetual Fee to Hospital Practice, £6; or, first year, £3 10s.; second year, £3.
Clinical Medicine—Drs. Smith-Shand, Beveridge, and A. Fraser. £3 3s.
Clinical Surgery—Drs. A. Ogston, Will, and Garden. £3 3.
Pathological Demonstrations—Dr. Rodger.
Sick Children's Hospital. Daily at 11 A.M.
General Dispensary, and Lying-in and Vaccine Institution: Daily, 10 A.M. Eye Institution: Daily, 2.30 P.M.
Royal Lunatic Asylum: Physicians—Drs. Jamieson and Reid.

The Regulations relative to the Registration of Students of Medicine, and the Granting of Degrees in Medicine and Surgery, may be had of Prof. Brazier, Dean of the Faculty of Medicine.

Full information regarding the Classes and Degrees in the Faculties of Arts, Law, and Divinity, and in regard to Bursaries and Scholarships, will be found in the UNIVERSITY CALENDAR, published by A. King & Co., Aberdeen, Printers to the University. By Post, 2s 3d.

UNIVERSITY OF EDINBURGH.

FACULTY OF MEDICINE. WINTER SESSION.

The Winter Session commences in October.

Materia Medica	Prof. T. R. Fraser, M.D.
Chemistry	Prof. Crum Brown, M.D.
Surgery	Prof. Chiene, M.D.
Institutes of Medicine or Physiology	Prof. Rutherford, M.D.
Midwifery and Diseases of Women and Children	Prof. Simpson, M.D.
Clinical Surgery (Mon. & Th.) ...	Prof. Annandale, M.D.
Clinical Medicine (Mon., Th., Tu., & Fr.)	Profs. Maclagan, Grainger Stewart, Fraser, and Greenfield, and Prof. Simpson on Diseases of Women.
Anatomy	Prof. Turner, M.B.
Practice of Physic	Prof. Grainger Stewart, M.D.
General Pathology	Prof. Greenfield, M.D.
Anatomical Demonstrations ...	Prof. Turner.
Botany	Prof. Dickson, M.D.
Natural History	Prof. Ewart, M.D.
Medical Jurisprudence	Prof. Maclagan, M.D.

Royal Infirmary, at noon, daily.

SUMMER SESSION.

The Summer Session commences in the beginning of May.

Botany, by Prof. Dickson. Medical Jurisprudence, by Prof. Maclagan.
Anatomical Demonstrations, by Prof. Turner.
Clinical Medicine, by Profs. Maclagan, Grainger Stewart, Fraser and Greenfield; and Prof. Simpson on Diseases of Women.
Clinical Surgery, by Prof. Annandale.
Chemistry (Advanced Class), by Prof. Crum Brown.
Natural History, by Prof. Ewart.
Natural Philosophy (short course for Medical Students), by Prof. Tait.

The following means are afforded for Practical Instruction :—

WINTER AND SUMMER.

Practical Anatomy, under the superintendence of Prof. Turner.
Anatomical Demonstrations, by Prof. Turner.
Practical Chemistry, under the superintendence of Prof. Crum Brown.
Practical Physiology, under the superintendence of Prof. Rutherford.
Morbid Anatomy and Practical Pathology, under the superintendence of Prof. Greenfield.
Practical Materia Medica and Pharmacy, under the superintendence of Prof. Thomas R. Fraser.
Tutorial Class of Clinical Medicine in the Wards of the Royal Infirmary, under the superintendence of the Clinical Professors.
Tutorial Class of Clinical Surgery, in the Infirmary, under the Superintendence of the Clinical Professor.
Obstetrical and Gynæcological Operations, under the superintendence of Prof. Simpson.
Chemical Laboratory, under the superintendence of Prof. Crum Brown.
Physical Laboratory and Museum, under the superintendence of Prof. Tait.
Medical Jurisprudence Laboratory, under the superintendence of Prof. Maclagan.
Physiological Laboratory and Museum, under the superintendence of Prof. Rutherford.
Pathological Laboratory, under the superintendence of Prof. Greenfield.
Natural History Laboratory, under the superintendence of Prof. Ewart.
Royal Botanic Garden Herbarium and Museum, under the superintendence of Prof. Dickson.
Anatomical Museum, under the superintendence of Prof. Turner.
Materia Medica Museum and Laboratory, under the superintendence of Prof. Fraser.

WINTER.

Bandaging and Surgical appliances, under the superintendence of Prof. Chiene.

SUMMER.

Practical Botany, by Prof. Dickson. Vegetable Histology, by Prof. Dickson.
Practical Natural History, by Prof. Ewart.
Operative Surgery, by Prof. Chiene.

A copy of the Regulations for Graduation in Medicine and Surgery may be had on application to the Dean of the Medical Faculty.

LECTURERS—Mental Diseases, T. L. Clouston, M.D.; Diseases of the Eye, D. Argyll Robertson, M.D.

UNIVERSITY OF EDINBURGH, *December*, 1883.

SCHOOL OF MEDICINE, EDINBURGH.

FOUNDED 1505.

The LECTURES qualify for the University of Edinburgh and the other Universities; the Royal Colleges of Physicians and Surgeons of Edinburgh, London, and Dublin, and the other Medical and Public Boards.

WINTER SESSION, 1883-84.

On Monday, 1st October, the Practical Anatomy Rooms and Chemical Laboratories were opened. Tuesday, 23rd October, the Lectures commenced.

Anatomy { Practical Anatomy, Course of Lectures, Course of Demonstrations, } **Mr. J. Symington.**

Anatomy { Practical Anatomy, Course of Lectures, Course of Demonstrations, } **Mr. Charles W. Cathcart.**

Chemistry { Lectures, Practical Chemistry, Analytical Chemistry, } **Dr. Stevenson Macadam.**

Chemistry { Lectures, Practical Chemistry, Analytical Chemistry, } **Mr. J. Falconer King.**

Chemistry { Practical Chemistry, Analytical Chemistry, } **Mr. Ivison Macadam.**

Chemistry { Lectures, Practical Chemistry, Analytical Chemistry } **Dr. Drinkwater.**

Chemistry { Lectures, Practical Chemistry, Analytical Chemistry, } **Mr. J. Y. Buchanan.**

Practice of Physic—Dr. John Wyllie. Practice of Physic—Dr. J. O. Affleck.
Practice of Physic—Dr. Byrom Bramwell.
General Pathology.—Dr J. B. Buist.
Surgery—Mr. Duncan.
Surgery—Mr. A. G. Miller.
Surgery—Dr. C. W. MacGillivray.
Midwifery and Diseases of Women and Children—Dr. Charles Bell, Dr. Peter Young
Institutes of Medicine—Dr. James.
Institutes of Medicine } Practical Physiology } **Mr. James Hunter.**

Royal Infirmary :—
Clinical Medicine—Drs. Claud Muirhead, Brakenridge, and Wyllie; Dr. Angus Macdonald (for Diseases of Women.)
Clinical Medicine—Tutorial Class for Physical Diagnosis.*
Clinical Surgery—Mr. Joseph Bell.
Clinical Surgery—Tutorial Class for Practical Surgery.*
Medical Jurisprudence and Public Health—Dr. Littlejohn.
Materia Medica and Therapeutics—Dr. Francis W. Moinet.
Materia Medica and Therapeutics, Practical Materia Medica, including Practical Pharmacy—Dr. William Craig.
Diseases of the Ear—Dr. Kirk Duncanson. Diseases of the Eye—Dr. John Robertson.
Vaccination—Dr. Husband. Diseases of Children—Dr. James Andrew.
Diseases of Children—Dr. James Carmichael. Practical Gynæcology—Dr. Halliday Croom.
Practical Midwifery—Dr. Charles Bell. Practical Midwifery—Dr. Angus Macdonald.
Practical Midwifery and Clinical Gynæcology—Dr. Peter Young.
Practical Gynæcology—Dr. D. Berry Hart.

* Under the Superintendence of the Lecturers on Clinical Medicine and Surgery.

SUMMER SESSION, 1884.

On Thursday, 1st May, the Lectures will be commenced.

Anatomy { Practical Anatomy, Course of Demonstrations, } **Mr. J. Symington.**

Anatomy { Practical Anatomy, Course of Demonstrations, } **Mr. Charles W. Cathcart.**

Chemistry { Practical Chemistry, Analytical Chemistry, } **Dr. Stevenson Macadam; Mr. J. Falconer King; Mr. Ivison Macadam; Dr. Drinkwater and Mr. J. Y. Buchanan.**

Materia Medica and Therapeutics—Dr. Francis W. Moinet; Dr. William Craig.
Practical Materia Medica, including Practical Pharmacy—Dr. William Craig.
Midwifery and Diseases of Women and Children—Dr. Angus Macdonald.
Midwifery and Diseases of Women—Dr. Halliday Croom.
Midwifery and Diseases of Women and Children—Dr. Charles Bell, Dr. Peter Young, Dr. David Berry Hart.
Medical Jurisprudence and Public Health—Dr. Littlejohn.

Royal Infirmary :—
Clinical Medicine—Drs. Claud Muirhead, Brakenridge and Wyllie. Dr. Angus Macdonald (for Diseases of Women).
Clinical Medicine—Tutorial Class for Physical Diagnosis.*
Clinical Surgery—Mr. Joseph Bell.
Clinical Surgery—Tutorial Class for Practical Surgery.*
Practical Physiology—Mr. James Hunter.
Practical Pathology—Dr. J. B. Buist.

Digitized by Google

Natural History (Zoology a d Comparative Anatomy)—Dr. Andrew Wilson.
Diseases of the Eye—Dr. John Robertson and Mr. George Berry.
Practical Medicine and Medical Diagnosis—Dr. Byrom Bramwell.
Diseases of the Ear—Dr. Kirk Duncanson and Dr. P. McBride.
Vaccination—Dr. Husband.
Diseases of Children—Dr. James Andrew and Dr. James Carmichael.
Insanity—Dr. J. Batty Tuke. Diseases of the Skin—Dr. Allan Jamieson.
Practical Surgery—Mr. Duncan. Operative Surgery and Surgical Anatomy—Mr. A. G. Miller.
Operative Surgery and Surgical Anatomy—Dr. C. W. McGillivray.
Clinical Gynæcology and Clinical Midwifery—Dr. Halliday Croom.
Practical Midwifery with Clinical Instruction—Dr. Charles Bell.
Practical Midwifery and Clinical Gynæcology—Dr. Peter Young.
* Under the Superintendence of the Lecturers on Clinical Medicine and Surgery.

The *minimum cost* of the Education in this School of Medicine for the DOUBLE QUALIFICATION of Physician and Surgeon from the ROYAL COLLEGES OF PHYSICIANS AND SURGEONS, including the Fees or the Joint Examination, is £95, which is payable by yearly instalments during the period of Study; whilst the *minimum cost* for the SINGLE QUALIFICATION of either PHYSICIAN or SURGEON, including Fee for Examination, is £85.

STEVENSON MACADAM, *Secretary.*

A detailed Prospectus of the Classes will be forwarded on application to the Secretary, whose address is Surgeons' Hall, Edinburgh.

ROYAL COLLEGES OF PHYSICIANS AND SURGEONS OF EDINBURGH.

Notice is hereby given that the PRELIMINARY EXAMINATIONS in GENERAL EDUCATION by the Royal Colleges of Physicians and Surgeons of Edinburgh, during 1884, will be held on the following days, at 1 p.m.:—

Tuesday, Wednesday, and Thursday, April 8, 9, 10, 1884; Friday, Saturday, and Monday, July 4, 5, 7, 1884; Saturday, Monday, and Tuesday, October 11, 13, 14, 1884.

Intending Students of Medicine are reminded that they are required to pass the above Examination, or one of those recognized by the General Medical Council as equivalent to it, before they can be registered as Medical Students.

Information as to the Subjects of Examination and Books prescribed will be obtained by application to the Officer of either College.

GEORGE W. BALFOUR, M.D., President, Roy. Coll. Phys.
JOHN SMITH, M.D., President, Roy. Coll. Surgeons.

ROYAL (DICK'S) VETERINARY COLLEGE.

CLYDE STREET, EDINBURGH.

FOUNDED BY THE LATE PROFESSOR DICK, 1823.

TRUSTEES—Lord Provost, Magistrates, and Council of the City of Edinburgh.
PRINCIPAL—Professor THOMAS WALLEY, M.R.C.V.S.
WINTER SESSION commences about 26th OCTOBER.
Prospectus and full particulars on application.
Classes open to Amateurs.

FACULTY of PHYSICIANS & SURGEONS of GLASGOW.

Preliminary Examinations in General Education.

The following are the periods in Session 1883-84 at which Preliminary Examinations will be held:—
In 1884: Friday, 28th March; Friday, 27th June; Friday, 12th September; and Friday, 17th October.
Lists of subjects and all necessary information may be had on application.

ALEXANDER DUNCAN, B.A., *Secretary*

Faculty Hall, 242, St. Vincent-street, Glasgow, September, 1883.

GLASGOW.—WESTERN MEDICAL SCHOOL,

University Avenue, Hillhead.

The WINTER SESSION was opened on Wednesday, October 31st, 1883, when an Introductory Address was delivered by Dr. DUNCAN.

During the Session the following Courses of Lectures will be delivered:—
Chemistry—J. M. Milne, Ph.D., Anatomy—James T. Carter, L.R.C.S.
Physiology and Histology—W. Limont, M.A., M.B.
Surgery—D. N. Knox, M.A., M.B. Medicine—D. C. McVail, M.B.
Materia Medica and Therapeutics—Neil Carmichael, M.D.
Midwifery and Diseases of Women—W. L. Reid, M.D.
Forensic Medicine and Public Health (Summer)—Eben. Duncan, M.D.

In Summer, Lectures and Demonstrations will also be given on Anatomy, Practical, Chemistry, Practical Physiology, Operative Surgery, Midwifery, and Forensic Medicine.

Fee for each course (except Anatomy), £2 2s. Students who have attended a similar course elsewhere, will pay a fee of £1 1s. Fee for Anatomy (including Practical Anatomy), £4 4s.

Attendance on these Lectures qualifies for all the Examining Boards in accordance with their regulations. Further information may be obtained on application to Mr. KNOX, 23, Elmbank Crescent, Glasgow.

Digitized by Google

ROYAL INFIRMARY, EDINBURGH.

In this Hospital a portion of the beds is set apart for Clinical Instruction by the Professors of the University of Edinburgh. Courses of Clinical Medicine and Surgery are also given by the Ordinary Physicians and Surgeons. Special Instruction is given in the Medical Department on the Diseases of Women, Physical Diagnosis, &c., and in the Surgical Department on Diseases of the Eye, the Ear, and the Larynx. Separate Wards are devoted to Fever, Venereal Diseases, Diseases of Women, Diseases of the Eye; also to cases of Incidental Delirium or Insanity. Post-mortem Examinations are conducted in the Anatomical Theatre by the Pathologist, who also gives practical Instruction in Pathological Anatomy and Histology.

MEDICAL DEPARTMENT.

Consulting Physicians—Dr. D. R. Haldane; Dr. Geo. W. Balfour.
Consulting Physician for Diseases of Women—Dr. Alex. Keiller.
Professors of Clinical Medicine—Dr. Maclagan; Dr. Alex. R. Simpson; Dr. T. Grainger Stewart; Dr. T. Fraser; Dr. W. S. Greenfield.
Ordinary Physicians and Lecturers on Clinical Medicine—Dr. Claud Muirhead; Dr. David J. Brakenridge; Dr. John Wyllie.
Extra Physician and Lecturer on Diseases Peculiar to Women—Dr. Angus Macdonald.
Assistant Physicians—Dr. J. O. Affleck; Dr. Andrew Smart; Dr. Alexander James.

SURGICAL DEPARTMENT.

Consulting Surgeons—Dr. Dunsmure; Dr. J. D. Gillespie.
Professor of Clinical Surgery—Mr. Annandale.
Professor of Surgery—Mr. Chiene.
Ordinary Surgeons—Mr. Joseph Bell; Mr. John Duncan; Mr. A. G. Miller.
Ophthalmic Surgeon—Dr. Argyll Robertson.
Extra Surgeon for Treatment of Ovarian Diseases—Dr. Thomas Keith.
Extra Surgeon—Dr. P. H. Watson.
Assistant Surgeons—Dr. P. H. Maclaren; Dr. John Bishop; Dr. C. W. MacGillivray. Dr. J. M. Cotterill.
Assistant Ophthalmic Surgeon—Dr. George A. Berry.
Dental Surgeon—Dr. John Smith.
Aural Surgeon—Dr. P. McBride.
Pathologist—Dr. Byrom Bramwell.

Hospital Tickets.—Perpetual Ticket, in one Payment, £12; Annual Ticket, £6 6s. Six Months, £4 4s.; Three Months, £2 2s.; One Month, £1 1s. Separate Payments, amounting to £12 12s., entitle the Student to a Perpetual Ticket, on production of previous Season Tickets.

APPOINTMENTS.

No Fees are charged for any Medical or Surgical Appointments in this Hospital, which are as follows:—

1. Resident Physicians and Surgeons are from time to time appointed by the Managers on the recommendation of the Physicians and Surgeons. The holders of these offices live in the House free of Charge. Candidates must be registered as legally qualified Practitioners. The appointment is for six months, but may be renewed at the end of that period by special recommendation.

2. Special Non-Resident Clinical Clerks, who must also be registered as legally qualified Practitioners, are appointed by the Managers on the recommendation of the Physicians and Surgeons, for such periods and under such conditions as may be deemed expedient.

3. Clerks and Dressers are appointed by the Physicians and Surgeons. These appointments are open to all Students and Junior Practitioners holding Hospital Tickets.

4. Assistants in the Pathological Department are appointed by the Pathologist.

JAMES S. TRAINER, *Treasurer and Clerk.*

UNIVERSITY OF GLASGOW.

FACULTY OF MEDICINE.

The WINTER SESSION opened with an Introductory Discourse by Professor YOUNG, M.D., on Tuesday, the 30th of October, 1883, and closes in the first week of April, 1884.

WINTER COURSES.

Zoology	9 a.m.	Prof. Young.
Clinical Medicine	9 a.m.	Prof. M'Call Anderson and Prof. Gairdner.
Clinical Surgery	9 a.m.	Prof. George Buchanan and Prof. Macleod.
Chemistry	10 a.m.	Prof. Ferguson.
Chemical Laboratory ...	10 a.m. to 4 p.m.	
Anatomy, Senior	11 a.m	Prof. Cleland, and Demonstrators.
Anatomy, Junior	2 p.m.	
Practical Anatomy ...	9 a.m. to 4 p.m.	
Practice of Physic	11 a.m.	Prof. Gairdner.
Materia Medica	12 noon.	Prof. Charteris and Dr. Napier.
Pharmaceutical Laboratory.		
Institutes of Medicine	12 noon.	Prof. M'Kendrick and Dr. J. M'Gregor Robertson, the Muirhead Demonstrator.
Physiological Laboratory	9 a.m. to 4 p.m.	
Surgery	1 p.m.	Prof. Macleod.
Midwifery	2 p.m.	Prof. Leishman.
Public Health	...	Prof. Simpson.
Pathology	3 p.m.	

The SUMMER SESSION opens on 1st May, and closes on 31st July, 1884.

SUMMER COURSES.

Botany (College)	8 a.m.	Prof. Bayley Balfour.
Botanical Laboratory ...	9 a.m. to 4 p.m.	
Botanical Demonstrations (Bot. Gar.)		
Clinical Medicine	9 a.m.	Prof. M'Call Anderson and Prof. Gairdner.
Clinical Surgery	9 a.m.	Prof. George Buchanan and Prof. Macleod.
Practical Chemistry ...	9 a.m. to 11 a.m.	Prof. Ferguson.
Chemical Laboratory	10 a.m. to 4 p.m.	
Organic Chemistry	...	
Anatomical Lectures	11 a.m.	Prof. Cleland and Demonstrators.
Practical Anatomy	8 a.m. to 2 p.m.	
Forensic Medicine	11 a.m.	Prof. Simpson.
Zoological Laboratory ...	12 noon to 4 p.m.	Prof. Young.
Practical Materia Medica ...	12 noon.	Prof. Charteris.
Practical Physiology	12 noon.	Prof. M'Kendrick and Muirhead Demonstrator.
Physiological Laboratory	9 a.m. to 4 p.m.	
Practice of Physic (Tues. and Thurs)	1 p.m.	Prof. Gairdner.
Operative Surgery (Mon. Wed. Fri.)	1 p.m.	Prof. Macleod.
Diseases of Women (Mon. Wed. Fri.)	2 p.m.	Prof. Leishman.
Lectures on the Eye (Tues. and Thurs.)	2 p.m.	Dr. T. Reid.
Insanity ... ... (Wed.)	2 p.m.	Dr. Yellowlees.

WESTERN INFIRMARY.—This Hospital, near the University, contains 400 beds for Medical and Surgical patients, also Wards for Skin Diseases, and one for Diseases peculiar to Females.

DEGREES.—Three Medical Degrees are conferred, viz.:—Bachelor of Medicine (M.B.) and Master of Surgery (C.M.), which must be taken together, and Doctor of Medicine (M.D.); all of which are recognized by the Medical Act as qualifying for practice throughout the British dominions.

COST OF EDUCATION.—The Fee for each class is £1 3s., and the total minimum expenses for classes and graduation fees for M.B. and C.M. amount to about £90. The fee for M.D. is £15 8s.

BURSARIES.—Bursaries to the annual amount of about £1000 may be held by Students during their medical studies.

Full particulars connected with the course of education and examination required for the Degrees, and the Preliminary Examination required to be passed by Students before beginning medical study, will be found in the University Calendar (by post 3s.); or a syllabus of the regulations, fees, &c., may be obtained by applying to Mr. Moir, Assistant Clerk of Senate.

GLASGOW ROYAL INFIRMARY

SCHOOL OF MEDICINE.

The Winter Session was opened on Wednesday, 30th October, 1883, when an Introductory Address was given by Jas. Stirton, M.D., Lecturer on Midwifery.

WINTER SESSION.

Chemistry—Jas. Milne, Ph.D.

Anatomy—H. E. Clark, M.R.C.S. Eng.

Physiology—John Barlow, M.D.

Surgery—Wm. Macewen, M.D.

Medicine—J. Wallace Anderson, M.D.

Materia Medica—John Dougall, M.D.

SUMMER SESSION.

Practical Chemistry—Jas. Milne, Ph.D.
Anatomy—H. E. Clark, M.R.C.S. Eng.
Practical Physiology—John Barlow, M.D.
Operative Surgery—W. Macewen, M.D.
Aural Surgery—Johnstone Macfie, M.D.
Dental Surgery—J. C. Woodburn, M.D.
Mental Diseases—Alex. Robertson, M.D.
Pathology—D. Newman, M.D.
Midwifery—Jas. Stirton, M.D.
Forensic Medicine—John Glaister, M.R.

Class Fees.—First Course, £2 2s.; Second and Perpetual, £1 1s.; Anatomy (including Practical Anatomy).—First Winter, £4 4s.; Summer, £1 11s. 6d.; Second Winter, £4 4s. Lectures on Diseases of the Ear, £1 1s.; with Clinique to those who are not Students of the Hospital, £2 2s. Dental Surgery, free to Students of the Hospital; to others, £10 perpetual. Lectures on Diseases of the Eye, £1 1s.

Prizes are awarded in all the Qualifying Classes at the end of each Session.

HOSPITAL STAFF.

Physicians—Dr. Maclaren, Dr. Scott Orr, Dr. Wood Smith, Dr. Perry, Dr. Charteris.
Surgeons—Dr. Morton, Dr. Watson, Dr. Macewen, Dr. Dunlop, Mr. Clark.
Gynæcologist—Dr. Jas. Stirton.
Aural Surgeon—Dr. Macfie.
Dental Surgeon—Dr. J. C. Woodburn.
Dispensary Physicians—Dr. J. W. Anderson, Dr. Dougall.
Extra Dispensary Physicians—Dr. Middleton, Dr. Henderson, Dr. C. Black, Dr. Macphee
Dispensary Surgeons—Dr. Lothian, Dr. Fleming.
Extra Dispensary Surgeons—Dr. Barlow, Dr. Adams, Dr. Muir, Dr. Shaw.
Vaccinator—Dr. Tannahill.
Pathologist—Dr. Newman
Diseases of the Throat—Dr. Watson.

The hour of visit is 9 A.M. All the Physicians and Surgeons give Clinical Instruction and Lectures. The regular operating days are Wednesdays and Saturdays.

The valuable Pathological Museum is open to all Students who desire to examine the preparations.

There are Five Physicians' Assistants and Five Surgeons' Assistants who are resident, and perform all the duties of House Physicians and House Surgeons. They are elected every Six Months, but can hold office for One Year if desired. These appointments, which are free, are open to Students who have completed their Curriculum, and passed all their Examinations but the last, and to Qualified Practitioners. Dressers to the Surgical Wards and Clerks to the Dispensary are appointed without fee.

Out-patients are prescribed for at the Dispensary of the Infirmary daily at 2 P.M., and Vaccination is performed on Mondays and Thursdays at 12 noon.

The Hospital contains 532 Beds. Special Wards and Beds are reserved for the treatment of Venereal Diseases in Males, Diseases peculiar to Women, and Diseases of the Ear, in addition to those set apart for the ordinary Medical and Surgical patients. Cliniques on Special Subjects at the Dispensary, twice weekly.

Fees for Hospital Practice, Clinical Lectures, and Dispensary.—First Year, £10 10s.; Second and Perpetual, £10 10s.; for Six Months, £6 6s.; Three Months, £4 4s.

Attendance at this School and Hospital is recognised by the Colleges and Corporations for their Diplomas, and by the Universities of Edinburgh, Glasgow and Durham, and Trinity University, Ireland, in conformity with their regulations. See Prospectus, which can be obtained from Dr. THOMAS, Superintendent of the Hospital, who will also furnish further particulars if required.

KING AND QUEEN'S COLLEGE OF PHYSICIANS IN IRELAND.

The Examination for the LICENSE IN MEDICINE is divided into *two* parts.

The subjects of the PREVIOUS or First Examination are—Anatomy, Physiology, Histology, Chemistry, and Materia Medica. The subjects of the Second or FINAL Examination are—Medicine, Pathology, Therapeutics, Hygiene, Medical Jurisprudence, and Midwifery.

Examinations in the subjects of the FIRST PART are held quarterly, in January, April, July and October.

Stated Examinations for the SECOND PART are held on the Monday, Tuesday, and Wednesday following the First Friday in each month, excepting August and September. Gentlemen wishing to present themselves should make application a fortnight previously.

Candidates, who shall have completed the Curriculum relating to the subjects of the Previous Examination are eligible to present themselves for that Examination.

Persons qualified as follows are required to undergo the *second* or *final* part of the professional Examination *only*, viz:—

1. Candidates who have obtained by Examination one or more registrable Qualifications, or a Degree in Medicine in a Foreign University recognised by the College.
2. Candidates who, having completed the Curriculum required by the College, have passed the previous Examination or Examinations (where there are more than one) of any of the Licensing Corporations in the United Kingdom.

Candidates who are Registered Practitioners of five years' standing are further exempted from the written portion of the Final Examination.

Examinations for the LICENSE in MIDWIFERY are held on the Thursday following that for the License in Medicine, to which none are eligible, except Licentiates of the College, and Candidates who hold a registrable Qualification.

Fee for the License in Medicine, Fifteen Guineas (which may be divided into Five Guineas for the Previous Examination, and Ten Guineas for the Final); in Midwifery, Three Guineas; if both Licenses be taken in the same month, the fee for both will be Sixteen Guineas.

Special Examinations are held as occasion requires; Fees: License in Medicine, £31; License in Midwifery, £5 5s.

Stated Examinations for the CERTIFICATE in SANITARY SCIENCE are held quarterly in the months of January April, July, and October. Every Candidate must be a Licentiate in Medicine of the College. The Fee for the Examination is Five Guineas. The Examination comprises the following subjects: (1) Engineering; (2) Law; (3) Ætiology, and Prevention of Disease; (4) Chemistry; (5) *a.* Meteorology and Climatology; *b.* Vital Statistics.

Examinations for the MEMBERSHIP of the College are held *quarterly* in the following subjects:—Principles of Medicine, including Pathology, Medical Anatomy and Medical Chemistry; Practice of Medicine, including Principles of Public Health and Clinical Medicine.

Licentiates of the College of three years' standing (except under certain conditions), are alone eligible for examination. N.B.—Licentiates before December 12, 1878, are eligible to become Members without fee or examination.

Fee for the Membership, Twenty Guineas.

The election for FELLOWSHIP takes place twice a year—on the first Friday in April, and on St. Luke's Day (Oct. 18).

Candidates must be Members of one year's standing, and shall be nominated three months previous to Election.

Fee for Fellowship, Thirty-five pounds, and Twenty-five pounds Stamp Duty.

For further particulars see page 1179.

College Hall, Kildare Street, Dublin.

JOHN WILLIAM MOORE, M.D. Univ. Dub.,
Fellow and Registrar.

PRELIMINARY EXAMINATIONS.

Mr. J. BECKTON, C. M., continues to prepare Candidates for Matriculation of London, College of Preceptors, Apothecaries' Hall, University Local, and Law Preliminary Examinations.

Extracts from Testimonials: "The greatest dullard need not despair." "It seems impossible for any one to fail under your tuition." Pupils generally successful at the first trial.

BOARDERS RECEIVED.

Address, 29, Keppel Street, Russell Square.

THOSE UNQUALIFIED, with Single Qualifications, or desirous of obtaining M.D. or Fellowship, or COMPETITIVE EXAMINATION, should at once, before it is too late, apply to an experienced and most successful Tutor for advice and assistance in their studies. Ten years' successful experience in Tuition by Correspondence having made this system a specialty.—Apply, Dr. EBERLE, Thirsk.

Rev. G. Haines Jones, M.A., Trin. Coll., Camb.

G. B. Stocker, Esq.,
G. A. Williams, Esq. B.A. Cantab. } *Managing Directors.*

A Descriptive Pamphlet (revised) will be forwarded on application. It describes the objects of the Association, the Modes of Procedure, and the Scale of Charges.

MEDICAL DEPARTMENT.

This Department undertakes—

1. The Transfer of Practices and the negotiation of Partnerships.
2. Medical Accountancy in all its branches.
3. The supply of efficient Assistants and Locum Tenens.

The following are, shortly, the claims of the Association to the support of the Profession—

The exercise of a scrupulous discretion in dealing with all business of a confidential nature.

The fullest information is required (and, wherever possible, verified), both from Vendors and Purchasers, in order that negotiations may be speedy, and unnecessary expenditure be avoided.

The employment of well-qualified and experienced Accountants.

The introduction of no Assistant or Locum Tenens till former employers have been directly communicated with, and the Directors are satisfied as to their efficiency and good character.

The responsible nature of the Association is itself some guarantee that these objects will be attained; and the cordial co-operation of influential London Physicians connected with the London Hospitals, has placed special facilities within the reach of the Association.

The Terms are strictly moderate. All communications should be addressed to the *Medical Secretary*

8, LANCASTER PLACE, STRAND, W.C.

(*Approach to Waterloo Bridge*).

CHATHAM HOUSE COLLEGE, RAMSGATE.

A PUBLIC SCHOOL IN MINIATURE.

Founded 1809. Rebuilt 1878-82.

Rev. G. E. BANKS, M.A., Oxford, Head Master.

Rev. W. LEEMAN, M.A., Oxford, Head Master Junior School, together with Twelve Assistant Masters.

General Scheme.—To provide for Sons of Gentlemen in a climate especially suitable a thoroughly liberal Education at a moderate, but proper cost.

School System.—Framed to combine the advantages of a Public School with individual attention to each boy irrespective of ability. Special, and judged by results, most successful preparation for University Scholarships, Matric. and Prelim., Scient., London University, the Sandhurst, Woolwich, Medical and Legal Entrance, and other Competitive Examinations.

Relative to the number of pupils taken (150 Boarders and no day boys) the buildings are said to be the most perfectly-arranged and complete in England, and are well worth a visit.

A beautiful chapel has lately been added.

For further particulars apply to the Head Master.

THE ROYAL MEDICAL BENEVOLENT COLLEGE

Was founded in order to provide an ASYLUM and PENSIONS for duly qualified Medical Men, and the Widows of such, in reduced circumstances; and a SCHOOL for the sons of duly qualified Medical Men.

THE ASYLUM contains twenty-four residents, who are called Pensioners, each of whom is provided with three furnished rooms, and receives a pension of £21 a year, and an annual allowance of 3½ tons coals. In addition to the resident Pensioners, there are twenty-six Pensioners who have Annuities of £21, without residences, making Fifty in all.

PENSIONERS must be legally qualified Medical Men, who have been in independent practice in England or Wales for five years from the date of their diploma, licence, or degree, or the Widows of such. They must not be less than sixty years of age, at the time of their application for admission as Candidates, and their yearly income must not exceed £60. They will be elected in the first instance to Annuities only, and will succeed to residences in turn, as vacancies arise among the residents, provided that their circumstances are such as to render them fitting inmates of the Asylum.

THE SCHOOL, generally known as "EPSOM COLLEGE," contains two hundred and twelve resident pupils, the sons of Medical Men, fifty of whom, being the Foundation Scholars, are educated, boarded, clothed, and maintained, at the expense of the Institution; while the remainder are charged £49 10s. a year each, if under 14 years of age, and £52 10s. a year, if 14 years of age and upwards, for an education of the highest class, board, washing, use of books, &c. There are also Day Scholars, who are not necessarily the sons of Medical Men.

FOUNDATION SCHOLARS must be elected from among the necessitous orphans and sons of such Medical Men as would be professionally qualified for Pensionerships. They must be fully eight years old when proposed as candidates.

There is a CHAPEL for Divine Worship according to the ritual of the Church of England.

Donors of TEN GUINEAS are Life Governors of the College; Subscribers of ONE GUINEA annually are Governors during the continuance of their Subscriptions. All Subscriptions are due in advance on the 1st of January in each year.

The Governors vote at all elections by ballot, either personally or by proxy, and have votes in the proportion of one for each GUINEA subscribed annually, for every TEN GUINEAS given, for every TWENTY GUINEAS collected.

Any information with regard to the details of the Institution will gladly be communicated to parties addressing inquiries to the SECRETARY, at the Office of the College, 37, SOHO SQUARE, where Subscriptions and Donations will be thankfully received. Subscriptions will also be received by the TREASURER, the MEMBERS OF THE COUNCIL, the HONORARY LOCAL SECRETARIES, and the BANKERS, Messrs. Goslings & Sharpe, 19, Fleet Street. Post Office Orders should be drawn on the Chief Office, "London, E.C.," and should be made payable to "Robert Freeman."

The Office is open daily from Ten to Five, except on Saturdays, when it closes at Two o'clock.

Assistant Medical Officer—Harold G. Taylor, M.B. (Lond.)

The ROYAL ALBERT ASYLUM has been established for the care, education, and training of Idiots and Imbeciles belonging to Lancashire, Yorkshire, Cheshire, Westmoreland, Cumberland, Durham, and Northumberland.

The ASYLUM is about a mile from Lancaster; and the Estate upon which it is erected consists of about 97 acres of excellent land in a charming and salubrious situation, commanding fine views of Morecambe Bay and the Lake Mountains. Accommodation has been provided for 600 inmates, exclusive of staff, and the arrangements comprise every convenience for the specific treatment of idiots and imbeciles. The system of Training pursued in the Asylum is designed to secure, by special means, the physical, mental, and moral improvement of the patients, and is under the immediate direction of a Medical Superintendent. It includes gymnastic training, school education of a suitable kind, and instruction in a simple handicraft or other useful occupation. There are now 480 inmates. The Rodgett Infirmary, an excellent and well-furnished building, has recently been provided by the munificence of a Subscriber.

Two Classes of patients, of both sexes, are admitted into the Asylum:—

1. Free patients, between the ages of Six and Fifteen, whose friends are proved to be unable to meet the lowest payment. They are elected by the votes of the Subscribers, and received for Seven years.
2. Paying patients admitted by the Central Committee, without Election, and at any time. The charges vary from 25 to 200 guineas per annum, according to the requirements and circumstances of the friends of applicants. All patients not belonging to the Seven Associated Counties, must be paid for at the full rate of 60 guineas and upwards per annum.

Applications must be addressed to the General Secretary, from whom all necessary information may be obtained. The Central Committee will institute inquiries to ascertain if there be a reasonable probability that the Candidates will be benefited by the system adopted in the Asylum, and decide the terms upon which they ought to be admitted.

Epileptic, Paralytic, and Insane persons are *not* eligible for admission; and idiocy complicated with blindness or deafness, is also a disqualification.

The Central Committee, whilst gratefully acknowledging the generous support which they have hitherto received, earnestly APPEAL for DONATIONS and ANNUAL SUBSCRIPTIONS; Legacies are invested, under Rule 36, for the permanent benefit of the institution.

Reports, Pamphlets, Regulations of Admission, Application Forms, and other information, will be gladly supplied by

JAMES DIGGENS, *General Secretary.*

PROSPECTUS ON APPLICATION.

ST. THOMAS'S HOSPITAL.

ST. THOMAS'S HOME for the reception of PAYING PATIENTS of both sexes is now open.
Terms, including Medical Attendance, Nursing, and Board, eight shillings a day, except in special cases.
Forms of application for admission to the Home, and all necessary information, can be obtained by applying to the Resident Medical Officer of St. Thomas's Home, Palace Road, Lambeth, S.E., either personally, at 12 o'clock, or by letter.

POOR PAYING PATIENTS.

A limited number of Patients are admitted into the *General Wards* of the Hospital upon payment of the cost of the Patient's Maintenance, Medicine and Nursing only, and free of any charge for Medical Attendance and for Lodging.

The charge for each Patient will be at the rate of three shillings per day.

The benefits of admission to the Hospital under these Regulations are only intended for those who are really unable either themselves or through their friends to pay for the Medical Attendance which their case requires, and who at the same time need the quiet and care which a regular system of nursing and dietary can supply.

A Form of Application for admission to the General Wards under these regulations may be obtained by applying, either personally or by letter, to the Steward to the Hospital, St. Thomas's Hospital, London, S.E. Personal application must be made, between the hours of 11 and 12, at the Steward's Office in the Hospital Entrance, Palace Road, Lambeth.

HAMPSTEAD HOME HOSPITAL

FITZROY HOUSE, 16 and 17, FITZROY SQUARE,

Has, since July, 1880, been open for the reception of MEDICAL and SURGICAL CASES of both Sexes which require special Nursing, Hygienic surroundings, and Medical attendance. The scale of payments is inclusive and moderate, but the inmates will be attended by their own Medical Man on such terms as may be mutually arranged. Separate rooms are available; or double-bedded rooms can be shared with friends or special nurses. Since this Home Hospital has been open, a large number of the leading practitioners have attended Patients residing in Fitzroy House, and have expressed their warm approval of the advantages afforded, to the Patients and to the Medical Attendants alike. Officers returning invalided from foreign service, can make arrangements for their reception previous to their arrival in England.

All applications should be addressed to the Lady Superintendent, Home Hospitals Association (for Paying Patients), Fitzroy House, Fitzroy Square, London, W.

REGULATIONS AS TO THE TRAINING OF HOSPITAL NURSES AT ST. THOMAS'S HOSPITAL.

1. Candidates should apply to Mrs. WARDROPER, the Matron, at St. Thomas's Hospital, subject to whose selection they will be received into the Hospital as Probationers. The age considered desirable for Probationers is from 25 to 36, single, or widows without incumbrance. The form of application and regulations will be supplied by Mrs. WARDROPER.

2. The Probationers will be under the authority of the Matron of the Hospital, and will serve for one year as Assistant Nurses in the Wards.

3. They will be supplied with separate lodging in the Hospital, with board and washing, and with a certain quantity of outer clothing; and they will be paid a sum of £10 during the year.

4. At the close of a year their training will be complete, *and they will be required to enter into service as Hospital Nurses in such situations as may be offered to them.*

5. Gentlewomen are admitted, under Special Regulations, who desire to qualify themselves in the practice of Nursing with a view to become Matrons, Superintendents, or Hospital Sisters.

Candidates are received on the usual quarter days, if there are vacancies. Application should be made personally to Mrs. WARDROPER, *St. Thomas's Hospital, London, S.E.*, between 10 and 12 A.M. on Tuesday or Friday. The Regulations may be obtained by writing to her, or to the Secretary of the Nightingale Fund, 91, Gloucester Terrace, Hyde Park, W.

INTEMPERANCE.

A PRIVATE HOME FOR LADIES OF THE UPPER AND HIGHER MIDDLE CLASSES

Requiring care and supervision, conducted by a lady who has devoted many years of her life publicly and privately to this much needed work, and whose experience in the treatment of the above malady has been most successful. The house stands in its own grounds, which are extensive. The surrounding country presents a variety of beautiful drives, and is a most desirable residence for invalids, and from its sheltered position and other advantages of its situation is considered a healthy and pleasant residence in winter as well as in warmer weather.

Mrs. THEOBALD (Principal) begs to intimate that she has made extensive additions to the house and the grounds, and can now receive a larger number of patients, while to ladies who desire it she can offer private sitting or suite of rooms. Highest references given and required. Carriage kept.

Medical Attendant—J. ST. THOS. CLARKE, M.B. Lond., F.R.C.S., and L.R.C.P.

ABINGTON ABBEY RETREAT.

NEAR NORTHAMPTON.

This Establishment, instituted for the Care, Treatment and Cure of the Mentally Afflicted of the Upper and Middle Classes, and one of the first in which the abolition of restraint was, and has been, most successfully tried and carried out for a period of upwards of thirty-five years, having undergone extensive decorative repair and adaptation to modern requirements, still continues its efforts, under the general management of the brother of the late Dr. Prichard, assisted by the lady members of the family, who with himself have been for many years thoroughly conversant with the treatment hitherto so successfully adopted; the object of each being, while providing all necessary moral and physical supervision, to make the place as home-like as possible—many of the patients of both sexes, whose condition allows of it, daily associating and living with the family, an end hardly attainable with the necessarily inelastic routine of large public establishments. Efficient medical attendance is provided, leading members of the profession in the town being called in for consultation in special cases.

The house is beautifully situated in large well-wooded grounds, perfectly retired, while within twenty minutes' walk of the fine market town of Northampton, and three railway stations, communicating with all parts of the Kingdom.

For Terms and other particulars, apply to Mr. H. S. Prichard.

BOREATTON PARK, near Shrewsbury.

This Estate and Mansion has been duly licensed for the reception of Patients with Mental Disease to

Dr. SANKEY, M.D. Lond., F.R.C.P.,

Late proprietor of Sandywell Park Private Asylum, and formerly Medical Superintendent at Hereford Public Asylum, and Lecturer on Mental Diseases, University College, London; and

Mr. ARTHUR O. SANKEY, L.R.C.P., L.R.C.S. Edin.

Both of whom will continue to reside with the Patients.

Twenty-Eight Patients only are received, of either sex, but only those of good social position.

The Patients are in constant association, and take their meals with the family. The persons attendants are carefully selected and have no menial work, and have had special experience in waiting upon mental invalids of the upper class.

Carriages are kept for the use of the patients.

BOREATTON PARK was selected out of a large choice offered, on account of its peculiar advantages. The Grounds, inclusive of the Deer Park and Gardens, are about 200 acres in extent. They are laid out so as to give extensive walks of a very picturesque character. The Mansion is built on an eminence, affording splendid views of Welsh mountain scenery; it is of modern construction, and is furnished with every recent sanitary appliance; the rooms are large and lofty; the house is well supplied with baths; the passages and halls heated with hot water. There is an excellent billiard-room, as well as Lawn Tennis and Croquet Lawns. Two packs of foxhounds, foot beagles, and harriers hunt the immediate vicinity, and there is excellent fishing.

BOREATTON PARK is situated 2 miles from Baschurch, on the Great Western Railway. It is thus about a 2 hours' to 2½ hours' journey from the following important centres:—Birmingham, Liverpool, Manchester, Chester, Hereford, Worcester, Stafford, Wolverhampton, Derby, Warwick, Leamington, and is about 4½ hours' journey from London.

POSTAL AND TELEGRAPHIC ADDRESS:—

BASCHURCH, near SHREWSBURY, SALOP.

DINSDALE PARK, NEAR DARLINGTON,

Is a Retreat for Mental Invalids, suitable for both Ladies and Gentlemen. It is beautifully situated on the north bank of the River Tees, with a view of the Cleveland hills, and surrounded by extensive Grounds and a Farm.

***Resident Physician and Proprietor*, J. W. Eastwood, M.D. Edin., M.R.C.P. Lond.**

CLIFTON HALL ASYLUM.

FIVE MILES NORTH OF MANCHESTER.

This Private Asylum, fitted up with every care, for the Reception of 15 Ladies and 15 Gentlemen, has been conducted for the last Forty Years by the same Family—it is especially adapted for Chronic Cases of Lunacy in the better classes of Society; and with this end in view has much more the character of a large private Family Establishment than of a public institution; everything, save what is essential in the way of restraint and seclusion, being persistently avoided.

Drs. Renaud and Braddon, of Manchester, are the Professional Advisers, both of whom are well versed in the care and treatment of the Insane.

For Terms and other particulars, application should be made to Mr. H. B. Lomas, or to his sister, Mrs. Smith, who are the joint proprietors, at Clifton Hall, Manchester.

Digitized by Google

CHURCH STRETTON PRIVATE ASYLUM, SHROPSHIRE.

This Institution is exclusively for the reception of Gentlemen of the Upper and Middle Classes. Its popularity and success must be attributed in a great measure to the open manner in which it is conducted; instead of being a place to be avoided, as asylums were in times past, it is the resort of the better class families for recreation and amusement, and we are of opinion that the proprietor has taken a step in the right direction, and one that will still further command the confidence of the public by providing accommodation for the friends of patients, who will thus have an opportunity of satisfying themselves as to the mode of treatment and the comforts afforded. The charges are moderate, being from a Guinea per week upwards, according to the requirements of the patients—FROM THE PRESS.

Church Stretton is situated in the Highlands of Shropshire amidst the most charming hill scenery, and has a very invigorating and bracing atmosphere.

One great object of this Institution is to find healthy and congenial occupation for its patients, and thus assist the skilled medical treatment. Attached to the house is a large farm and extensive grounds. Patients are taught farming, gardening, riding, driving, cricket, tennis, and encouraged to find diversion in every sort of amusement. Medical men and friends of patients are particularly invited to visit this Asylum, and form their own opinion on the treatment.

Apply Proprietor. CAMPBELL HYSLOP, Supt.

EARL'S COURT HOUSE,

195, EARL'S COURT ROAD, SOUTH KENSINGTON, LONDON, S.W.

PRIVATE ASYLUM FOR LADIES MENTALLY AFFLICTED.

MEDICAL SUPERINTENDENT—J. R. HILL, L.R.C.P.

Son of the late Dr. R. Gardiner Hill.

PRIVATE LUNATIC ASYLUM;

FIDDINGTON HOUSE, MARKET LAVINGTON, NEAR DEVIZES, WILTS.

This House is pleasantly and healthily situated, and stands in the centre of 30 acres of Pleasure Grounds, Flower Gardens and Water. Every out-door and indoor amusement is provided for the Patients of both sexes, and has been well reported of both by the Commissioners in Lunacy and Visiting Magistrates.

For Terms, apply to

DR. HITCHCOCK, Proprietor, and Resident Medical Superintendent for the past 30 years.

THE HUGUENOTS, EAST HILL, WANDSWORTH, S.W.

A PRIVATE ASYLUM FOR THE CARE AND TREATMENT OF LADIES MENTALLY AFFLICTED.

Proprietress—MISS LEECH (late of Laurel Bank, Fulham).

"GLENDOSSILL,"

HENLEY-IN-ARDEN, WARWICKSHIRE.

DR. S. H. AGAR,

Who has for fifteen years conducted an Asylum for both sexes at BURMAN HOUSE, Henley-in-Arden, has relinquished that Establishment as being unsuited to the requirements of the Insane at the present day. Dr. Agar has purchased an ample site in a most salubrious and attractive situation outside Henley-in-Arden, and has built "Glendossill" expressly for the reception and treatment of a limited number of Upper and Middle-Class Insane persons of both sexes. No pains or expense have been spared in designing and constructing, both internally and externally, "Glendossill" for its purpose, in accordance with the most modern and enlightened views of what is necessary for the comfort, safety, and treatment of patients suffering from any form of Insanity. Telegraph and postal address, Henley-in-Arden, Warwickshire.

FAIRFORD RETREAT, GLOUCESTERSHIRE.

Established over fifty years.

A Private Asylum, at moderate terms, for Ladies and Gentlemen mentally afflicted. Fairford is three hours by rail from London, and one from the University of Oxford. It is pleasantly situated on the banks of the Colne, a part of which celebrated Trout Stream flows through the Estate of two hundred acres. The neighbourhood abounds in pleasant walks, and the district being on a dry oolitic soil is remarkably healthy. Apply to Messrs. ILES, Proprietors.

GROVE HALL, BOW, LONDON.

PRIVATE ASYLUM FOR THE CARE AND TREATMENT OF THE INSANE FROM THE MIDDLE CLASSES OF SOCIETY.

TERMS, FROM ONE GUINEA PER WEEK.

Further particulars may be obtained upon application to the Proprietor or Resident Physician.

HAYDOCK LODGE,

ASHTON-IN-MACKERFIELD, LANCASHIRE.

Two Miles from the Newton Bridge Station, on the Manchester and Liverpool Railway.

(Private Asylum for the Restoration and Care of the Insane.)

Haydock Lodge, formerly the Mansion of an opulent country gentleman, is situated in a retired and healthy locality.

The accommodation is of a superior character, the apartments being spacious, cheerful, and admirably arranged for the purposes of classification without entailing any objectionable features, such, for instance, as one suggestive of restraint.

Surrounding the building are extensive park and woodlands, gardens with attached vineries, green-houses, &c., also a farm of sixty acres, all calculated to afford ample scope for the diversion or occupation of the Inmates.

Every facility is provided for the out and in-door recreation of the patients—namely, bowling, quoiting, and golf, croquet and archery lawns, billiard and reading-rooms, &c. &c.

TERMS.—First Class, from £1 10s. to Six Guineas per week; Second Class, from £1 to £1 10s., according to nature of case.

Apply to E. H. BEAMAN, M.R.C.S.E. and L.S.A., *Medical Proprietor*, or to J. Shaw, M.D. *Medical Superintendent.*

HALLIFORD HOUSE, SUNBURY, MIDDLESEX.

(*Established upwards of Thirty Years.*)

Physician—JOSEPH SEATON, M.D., F.R.C.P. Edin.

This beautiful Residence, standing in a small Park of nearly thirty acres, is appropriated to the reception of a limited number of Patients of the higher classes, who may be suffering from Mental and Nervous Affections, and who are under the constant personal superintendence of Dr. Seaton and his Family, with a duly qualified and experienced Surgeon as Resident Assistant Superintendent.

Halliford House is situate sixteen miles from London, and four from Hampton Court, and is easy of access—the Thames Valley branch of the South-Western Railway has a Station at Sunbury. It is also easy of access from the West of England by means of the Reading and Richmond Line, the Feltham Station of which is distant three miles. It is equally easy of access from the South of England, being only three miles from the Walton Station of the South-Western Main Line.

HADHAM PALACE ASYLUM,

MUCH HADHAM, HERTS.

An old-established, high-class Private Asylum for the Middle and Upper Classes of both sexes, having much more the character of a large Private Establishment than of a Public Institution.

The House is beautifully situate one mile from the Hadham Station on the Buntingford Branch of the Great Eastern Railway, and twenty-five miles from London.

Suites of Private Apartments and Separate Attendants can be had if necessary. Horse and Carriage Exercise. Lawn Tennis, Billiards, &c.

For terms and further information, apply to

W. BLUNDELL WILLANS, *Medical Proprietor.*

LADIES MENTALLY AFFLICTED

Receive Experienced Care and Regular Medical Attendance at

HENDON GROVE ASYLUM,

(LATE HENDON HOUSE), HENDON,

MIDDLESEX.

The Mansion is surrounded by Forty Acres of Pleasure Grounds and Park Land. The country around is rural and salubrious, and carriage exercise is provided.

Hendon Grove is only half a mile from the Hendon Station on the Midland Railway, and six from Hyde and Regent's Parks.

Further particulars on application to Dr. H. HICKS, Medical Proprietor.

Digitized by Google

Northwoods, Winterbourne, Bristol.

THIS HOUSE was erected by the late Dr. HENRY HAWES FOX expressly for the treatment of the various forms of Mental Infirmity occurring in Ladies and Gentlemen of the upper and middle classes, and early in 1875 purchased by DR. REGINALD EAGER and MR. T. GEORGE SEYMOUR.

Dr. EAGER, a Graduate and a Gold Medallist of the University of London, was formerly at Bethlehem Hospital, and afterwards for five years the Resident Medical Superintendent of St. Luke's Hospital for Lunatics, London; and Mr. SEYMOUR was for many years connected both with St. Bartholomew's and St. Luke's Hospitals.

The experience thus acquired has led them to introduce into the management of Northwoods the same system of medical care and treatment which has proved so successful in Public Institutions for the Insane; and Mr. and Mrs. SEYMOUR as well as Dr. EAGER residing at Northwoods, the patients under their care enjoy all the comforts and associations of home life.

The number of Inmates is limited to 25 Ladies and 25 Gentlemen; the Proprietors are therefore enabled to exercise that constant supervision and obtain that personal acquaintance with the conditions of each case, which it is difficult to secure in very large establishments.

Northwoods is situated on the old road from Bristol to Gloucester, a little beyond the picturesque and well-known village of Frenchay, and is easily accessible *viâ* Bristol, Patchway and Yate Stations, from London, Clifton, Bath, Exeter, Gloucester, Cheltenham, South Wales, &c. The house stands in a commanding position in the centre of more than forty acres of plantations and pleasure-grounds, which have been laid out to provide for every kind of out-door amusement, there being Lawn-Tennis and Croquet Grounds, with more than a mile of pleasant walks; in addition to which, a Colonnade extending the whole length of the south side of the building, secures the means of exercise in all weathers. The present Proprietors have made considerable alterations and improvements in their Establishment, completely renovating and refurnishing the apartments. They have lately taken down the walls of the private gardens, formerly enclosed, and thrown them open to the Park and the wide and extensive view of the surrounding country, thus making the house pleasant and cheerful, and in every possible way adapting it to the requirements considered essential to the cure and comfort of the Insane. Amusements of all kinds are provided for the patients—Horse and Carriage Exercise, Concerts, Billiards, Lawn-Tennis, &c. The Inmates, as far as possible, attend the Parish Church; and a Chaplain being attached to the establishment, religious services are regularly performed.

Suites of Private Apartments and separate Attendants may be had if required; also Apartments in the Private portion of the house by special arrangement.

This House is built throughout on Patent Fire Proof principles.

Terms and other particulars can be obtained at Northwoods; or at 17, Park Street, Bristol, where Dr. Eager attends every Monday and Thursday, from 12 to 3 o'Clock.

Postal Address is as above, and the Telegraph Office at Frampton Cotterell.

SPRINGFIELD HOUSE,

BEDFORD

(Within an hour of London by Midland).

AN INSTITUTION

FOR THE CARE & CURE OF THE INSANE,

Under the Personal Direction of

DAVID BOWER, M.D., &c.

(Late Resident Medical Superintendent of Saughton Hall Asylum, Edinburgh), and

MISS NORTON.

DESCRIPTION AND HISTORY.

Built in 1837, on gravelly soil, in grounds extending to 30 acres, the house has undergone extensive alterations, and improvements, re-decoration, &c.

AMUSEMENTS.

Carriage-drives, pic-nics, fishing, boating, lawn tennis, croquet, billiard-table, pianos, harmonium, &c. &c., with frequent associated réunions and entertainments, and visits to theatrical and other public amusement in Bedford.

OCCUPATION.

Amateur gardening, carpentry, painting, law, literary, art, and fancy work. (This is of immense importance, and at present every gentleman resident has congenial occupation for some hours daily.)

STATISTICS.

Although more patients have been discharged "recovered" during the past three years than were so discharged during the previous seventeen years, the average number resident has been nearly doubled, and the Licence has had to be extended on two occasions. There is now ample accommodation for both sexes, TWO NEW WINGS having been built.

DIVINE SERVICE

Is performed regularly by a Clergyman of the Church of England.

TERMS.

The object has been to provide the comforts and equipments of a first class Institution at moderate rates, which average TWO GUINEAS PER WEEK, and no extras.

ST. ANDREW'S HOSPITAL FOR MENTAL DISEASES, NORTHAMPTON.

FOR THE MIDDLE AND UPPER CLASSES.

President.—THE RIGHT HON. THE EARL SPENCER, K.G.

Chairman of Committee of Management.—
THE MOST HONOURABLE MARQUIS OF NORTHAMPTON.

This Institution is entirely devoted to the care and treatment of Patients of the Upper and Middle Classes, the object of the Directors being to provide accommodation and comforts suitable to the former social and present mental condition of persons belonging to those classes, at moderate rates of payment.

Patients can have private rooms and special attendants, as well as the use of general sitting-rooms.

Letters should be addressed to the Medical Superintendent, St. Andrew's Hospital, Northampton.

TWICKENHAM HOUSE,

MIDDLESEX.

Licensed to Dr. Hugh W. Diamond, *formerly Medical Superintendent of the Surrey County Asylum, and* Miss Theresa Diamond,

FOR THE RECEPTION OF LADIES MENTALLY AFFECTED.

PARLIAMENTARY REPORT.

House of Commons, 11*th April*, 1859.

The House is a large old mansion, with extensive Stables and other detached out-buildings, including a Washhouse and Laundry.

The Land attached, comprising upwards of five acres, and consisting of lawn and pleasure-grounds, gardens and pasture, is well suited for out-door exercise.

A considerable portion adjoining the House is agreeably laid out, and well planted with very fine timber.

Report from Dr. Diamond *to the Committee of Visiting Magistrates of the Surrey County Asylum, December* 13, 1856.

"In the year 1848, there were 59 Female Patients, out of 238 then in the Asylum, who had been restrained or secluded for a period of 16·097 hours,—7 being discharged cured; but the year 1852 so changed the system, that only 2 female patients were secluded out of 488, and that for a period of 19 hours, and you had the pleasing office to discharge well no less than 112. Thus proving that during the time I have had the honour of being entrusted by you with the care of the female patients, restraint has been actually abolished, and the favourable results have more than doubled in ratio those of my predecessors."

In separate residences adjoining the grounds of Twickenham House there is accommodation for Private Patients.

Twickenham House is ten minutes' walk from the Twickenham Station of the South-Western Railway, and easily accessible from the West of London by the Metropolitan, District, and other Railways.

THE SHRUBBERY, SOUTHALL, MIDDLESEX.

THIS old-established high-class Private Asylum for Ladies, so long presided over by Dr. and Mrs. Steward, is now carried on under the management of MISS H. J. ROSSER, the late Superintendent of Hendon House, Hendon.

All communications to be addressed to the Proprietress, MISS H. J. ROSSER.

N.B.—Southall is on the Great Western Railway, and nine miles from London.

VERNON HOUSE ASYLUM,

BRITON-FERRY, GLAMORGANSHIRE,

A Private Establishment for the Cure and Treatment of Persons Mentally Afflicted.

TERMS FROM ONE GUINEA PER WEEK.

Full particulars may be obtained from CHARLES PEGGE, Proprietor and Medical Superintendent.

THE WARNEFORD ASYLUM, HEADINGTON HILL,

NEAR OXFORD.

For the Care and Treatment of the Insane of both sexes of the Upper and Middle Classes.

President—The Right Hon. the Earl of Redesdale.

Chairman of the Committee—The Rev. The Warden of New College, Oxford.

Vice-Chairman—Major-General Gibbs Rigaud, Oxford.

The Ordinary Charge for Patients is £2 2s. a week, but the Committee have power to increase or reduce the charges at their discretion.

A new wing, providing additional accomodation for Ladies, has recently been added to the Asylum, fitted with every comfort and arranged, so far as is compatible with the requirements of an Asylum, in the manner of an ordinary gentleman's residence.

Private Rooms, with the use of the ordinary Sitting Rooms, and Special Attendants, may be had if desired.

The Asylum possesses an Endowment Fund, arising from numerous grants of the late Dr. Samuel Wilson Warneford and others. When relief is sought from this Fund, a special statement of the circumstances of the Patient must accompany the application for Admission.

For further particulars, apply to the Medical Superintendent, J. BYWATER WARD, M.D.

HOME FOR THE TREATMENT OF MENTAL DISEASE.

WEST MALLING PLACE, KENT.

About an hour from LONDON by Railway, in the vicinity of Sevenoaks, Tunbridge Wells, and Maidstone.

The mansion is situated in a picturesque and healthy locality, combining cheerfulness with retirement. The pleasure-grounds are extensive, with a variety of amusements adapted to the taste and mental condition of the patients. All communications to be forwarded to the Proprietor, Dr. JAMES ADAM, who, for the past 28 years, has been Medical Officer and Superintendent in Country, Public and Private Asylums, and resides in the establishment, with his family; the patients having the constant companionship of its members. Carriage exercise, Seaside Residence, Billiards, Lawn Tennis, Cricket &c.

WONFORD HOUSE (HOSPITAL FOR THE INSANE),

NEAR EXETER.

A Registered Hospital for Private Patients only of the Upper and Middle Classes.

The Asylum, which is managed by a Committee of Donors, was established in 1801, at Bowhill, Exeter, and was removed to the present site in 1869. The building, which is entirely new, is spacious and handsome, and arranged and furnished in accordance with the most approved views. It occupies a healthy and beautiful situation, and with its grounds commands extensive and pleasing prospects. A Seaside Residence has been purchased to enable patients to have the benefit of sea air and change. Arrangements can be made for the permanent reception at this house of patients whose friends prefer a private residence to an asylum.

For Terms, &c., apply to S. REES PHILIPPS, M.D., Resident Superintendent.

WYE HOUSE ASYLUM, BUXTON,

DERBYSHIRE.

AN ESTABLISHMENT FOR THE CARE AND TREATMENT OF THE INSANE OF THE HIGHER AND MIDDLE CLASSES.

Resident Physician and Proprietor—F. K. Dickson, F.R.C.P. and F.R.C.S. Edin.

Erected in 1861 by HIS GRACE THE DUKE OF DEVONSHIRE.

This Institution has been established for the reception of Patients of **BOTH SEXES** of the Higher and Middle Classes, for whom it is admirably adapted by its position and appointments.

It is erected on an eminence surrounded with scenery of the most varied character, and the views from the House and Terraces extend over many miles of picturesque country.

The House is furnished throughout on the most liberal scale, and fitted up and arranged to resemble as much as possible an ordinary dwelling-house, with Bath-rooms and every necessary convenience.

The Proprietor lives in the House, and is assisted in his duties by a resident House Surgeon and an experienced Lady Superintendent.

Every exertion is made to promote health and comfort, both by moderate bodily employment and by variety in amusements, such as reading, music, drawing, excursions, fishing, billiards, croquet, lawn tennis, badminton, theatricals, reunions, &c. A Library is provided, containing works of an instructive and amusing character, suited to the condition of the Patients. Also Periodicals, Magazines, and Newspapers.

Due provision is made for the spiritual welfare and consolation of the Patients, and Divine Service is held every Sunday in the Chapel attached to the Institution.

The Pleasure Grounds, which are very spacious, have been laid out in the most tasteful manner, especially for the recreation of the Patients; and contain Conservatories, Lawns for Croquet, Badminton, Lawn Tennis, and other out-door games, also a Theatre, Billiard-room, American Bowling Alley and Workshop for the in-door occupation of the Patients.

The House is heated throughout by means of hot-water apparatus, and is well and thoroughly ventilated.

Buxton is situated on the Mountain Limestone Formation, at an elevation of 1,000 feet above the level of the sea, and is accessible by railway from Manchester and Liverpool by Stockport, or by the Great Northern and Midland Railways *viâ* Ambergate and Derby. It is also connected by Telegraph with all parts of the kingdom.

Particulars of Terms and Forms of Admission can be obtained on application to the Resident Physician.

Digitized by Google

WEYHILL, NEAR ANDOVER.

A Private Residence for the Reception of Gentlemen of the Upper and Middle Classes,

Suffering from the milder forms of Mental and Nervous Affections, Epilepsy, Dipsomania, &c., requiring constant Medical care and supervision. The House is situated in one of the healthiest and most picturesque parts of Hampshire, and is within a quarter of an hour's drive of the Andover Junction Station, and five minutes' walk of the Church. This Residence affords all the comforts of a Private House, combined with the advantages of an Establishment under strict Medical control.

Suites of Rooms can be had if desired.

Carriage Exercise and other Amusements.

Visiting Physician.—W. J. F. LUSH, M.D., F.L.S., Fellow of the Royal College of Physicians, Member of the Royal College of Surgeons, Associate (late Warneford Scholar) of King's College, London, Member of the Medico-Psychological Association, Fellow of the Obstetrical Society, &c.

Resident Medical Superintendent.—C. V. HELSDON, Esq., M.R.C.S. Eng., formerly Senior Medical Assistant Middlesex Hospital, and Assistant Surgeon H.M. Convict Service.

Terms from 2½ guineas a week. For further particulars apply to Dr. LUSH, Fyfield, near Andover.

PEPSINA PORCI (BULLOCK).

DOSE—2 to 4 grains.

Since the introduction into Medical practice of Pepsine from the pig by Dr. Lionel Beale, Messrs. Bullock & Co. have devoted special attention to its manufacture.

In a Paper published some years ago by Professor TUSON in THE LANCET, the writer found, from the results of nearly 300 experiments that the Pepsine manufactured by Messrs. Bullock & Co possessed far greater digestive power than that of any known maker. He also found some of the other specimens examined were entirely inert.

The experiments of Dr. Pavy and Dr. Sieveking also demonstrated the great superiority of Bullock & Co.'s Pepsina Porci over all other specimens, both English and Continental.

A copy of Professor Tuson's Paper upon "Medicinal Pepsine" on application.

ACID GLYCERINE OF PEPSINE.

Glycerin. Pepsin. Porci Acid (Bullock). Dose—ʒj to ʒij diluted.

The solvent and preservative properties of Glycerine render it a valuable menstruum for administering Pepsine. Acid Glycerine of Pepsine possesses the advantage of being agreeable to the taste, and can be prescribed in the form of mixture with most substances with which acids are compatible. Its value has been demonstrated by many eminent practitioners, including Dr. B. W. Richardson (at whose suggestion it was prepared), and Professor Garrod in the Fullerian Lectures delivered at the Royal Institution.

Pepsine Pills (containing 2, 3, or 4 grains), Pepsine Wine, Pepsine Lozenges, and Pepsine and Charcoal Lozenges.

*** *In Prescribing any of the above Preparations, it is suggested to Medical Practitioners to insert in parentheses as follows* (BULLOCK).

THOMAS CHRISTY AND CO.,

155, FENCHURCH STREET, LONDON, E.C.

IMPORTERS AND INTRODUCERS OF NEW DRUGS & REMEDIES.

Every information possible concerning the doses, properties, &c., of new drugs and remedies will be given on application.

ABRUS PRECATORIUS. An infusion of jequirity is used to produce purulent ophthalmia for the cure of granular lids.

MENTHOL. The most successful agent for the relief of all nerve pain. In infusorial Catarrh, Diphtheria, Scarlet Fever, used as a gargle and inhaled, it has been most effectual. In Piles and Eczema, applied as an ointment, it is highly recommended.

PAPAÏNE. In cases of foul ulcers, and sores, and boils, &c., where a hard crust forms and cracks, thus keeping up the irritation, Papaine dissolved in glycerine applied at night, on a piece of lint sufficiently large to cover the parts affected, will be found to remove all foulness from the wounds, or the hard crust or skin, by the next day, leaving the parts perfectly clean and healthy. In diphtheria and in cases of false membranes, the action of Papaine will be found most speedy. For indigestion it will be found more successful and pleasant than Pepsine.

Price lists on application.

Procured from all Chemists. Prepared by G. A. HODGKINSON

(Successor to T. B. BROWN), 254, Goswell Road, London.

COX'S TASTELESS PILLS.

By Royal Letters Patent,
Dated and Sealed April 13th, 1854.

These Pills are covered with a non-metallic film, and present an elegant pearl-like appearance; they may be kept in the mouth for several minutes without the slightest taste, though perfectly soluble in the stomach, and even in cold water, after a little immersion.

They were introduced to the Medical Profession by the present Proprietors a quarter of a century ago, and many thousands of unsolicited testimonials have been received from the highest Medical authorities, and are now used, and have been used for many years past, by the largest and best conducted hospitals and dispensaries. Of course success like this has led to many imitations, and highly-varnished Pills, made to resemble ours, have been introduced by some unscrupulous people. Many of these Pills pass through the stomach unaltered, and a useful invention is thus likely to be brought into disrepute.

The most impudent assertions are made by some of these people, who combine, in one incongruous whole, the trades of druggist, sundrymen, retail druggists, soap makers, and horse and cattle dealers.

We make and sell nothing but Pills, and have testimonials from regular customers residing in China, Australia, and every part of the civilized world, as well as from friends in almost every town and village in the Kingdom; and our trade, which is constantly increasing, is perhaps four or five times as large as all the rest of our copyists put together.

Any formula dispensed and covered, and samples with a list of pills from 500 different forms which are kept in stock, will be forwarded free on application.

The Registrar of Trade Marks (after giving the usual public notice prescribed by Parliament to allow of opposition) has granted us the above "TRADE MARK," thus officially recognising us as the "**Original Makers of Tasteless Pills,**" and no Pills will be sent out without this Mark on all bottles and packages. *All Goods sent post or carriage free on the same day as the order is received.*

ARTHUR H. COX & CO.

TASTELESS PILL MANUFACTURERS,

ST. MARTIN'S PLACE, BRIGHTON.

KOUMISS.

DURHAM KOUMISS COMPANY, WOLSINGHAM, via DARLINGTON.

ESTABLISHED 1882.

Manager and Resident Analyst—Edward C. Anderson, M.A., M.D., Cantab.

This Company supplies "Cow Koumiss" or "Khiafar of every variety prepared according to the formulæ of Dr. Anderson; himself, independently, a discoverer of ordinary Koumiss, and the original inventor and sole manufacturer of Koumissized Peptones, and of many forms of Medicinal Koumiss.

The advantages claimed for this Company's Koumiss are as follow:—it is of superior quality and flavour; it keeps good for almost any length of time; *its cost is considerably less* than that supplied by any other firm in the kingdom. None but the natural ferment is employed in the manufacture.

For terms, etc. apply to the Manager and Analyst, Lydiate House, Wolsingham, via Darlington.

Digitized by Google

The attention of the Profession is invited to the following **SPECIALTIES** in elegant Pharmacy, which have received the highest encomiums and are being extensively prescribed by the Medical Profession—

QUINQUININE, MACKEYS' (Registered).—Contains the pure Alkaloids of the officinal Cinchona Barks, and has been largely used in Hospital and private practice with great success. Takes the place of Quinine at considerably less price. *Every genuine bottle has the name Mackey, Mackey & Co.* Price in 1 oz. vials, 5s. 6d.; also in 25 oz. and 50 oz. Tins.

TESTIMONIALS.—"Therapeutically, MACKEYS' QUINQUININE equals SULPHATE OF QUININE. It is a certain tonic and a sheet-anchor in cases where fever remits or intermits."—THOS. HORNE, L.R.C.P. Sandwich.

Mr. F. Oldfield writes from Bloemfontein, South Africa:—"Please send MACKEYS' QUINQUININE. It suits here much better than QUININE."

MISTURA CERII COMP., MACKEYS'. By Royal Letters Patent.—A new and soluble compound of Cerium combined with Chloroform, Nux Vomica, and Hydrocyanic Acid. A SPECIFIC FOR VOMITING IN PREGNANCY, Sick Stomach, in alleviating the pain and vomiting in Carcinoma and general Chronic Vomiting, and reliable remedy for the cure of Indigestion, etc. Dose, 15 to 60 minims. In Bottles, 5s. and 9s.

"*I have found* MISTURA CERII CO. *allay vomiting* (no matter the cause) *when all other remedies have failed.*"—R. T. W. SMITH, F.R.C.S., etc.

MACKEYS' MIST. BISMUTHI COMP. (Dr. BROWNING'S Registered.) Tonic digestive. Dose, 15 to 30 minims. The only reliable preparation of Bismuth.

The *Lancet* says:—"Bismuth could hardly be given in a better form."

A valuable medicine for various forms of Indigestion and any disorder of the Stomach, having a direct action upon the mucous membrane as a sedative.

"I have found MACKEYS' MISTURA BISMUTHI COMP. *most efficacious, and far superior to any other preparation of Bismuth that has come under my notice.*"—C. EATON BAKER, M.R.C.S., etc.

MACKEY, MACKEY, & CO. are sole Manufacturers of the NEW SOLUBLE, TRANSPARENT GELATINE COATED PILLS. These Pills possess numerous advantages over the Pills of other makers. They never crack or split. The coating does not peel off. They are moderate in price. The Ingredients are carefully selected, and of best quality. The coating, which dissolves in about half a minute, is put on while the mass is soft, thus keeping the Pill in a perfectly soluble condition. It is unimpaired by age, is quite transparent, and the taste of the Pills is perfectly covered. The excipients chosen tend to preserve the soluble character of the Pill, and increase the medicinal effect of the drug. Pills of the Pharmacopœias and private formulæ as required.

CAUTION.—The large demand for our specialties has caused systematic imitations. The Trade is earnestly requested, if not ordering direct, to give special prominence to the word MACKEY, *e.g.*, MACKEY'S Quinquinine; MACKEYS' Mist. Bismuthi Co.; MACKEYS' Chlorodyne, all soluble compounds of Cerium, and improved preparations of the Hypophosphites.

MACKEY, MACKEY, & CO.,

Wholesale and Export Druggists and Manufacturing Chemists, 1 & 2. Bouverie Street, London, E.C.

WAUGH'S FLUID CONFECTION OF SENNA.

THE attention of the Medical Profession is invited to this preparation, which represents the Confectio Sennæ, B.P., in a fluid state.

In Bottles of 4, 8, 12, and 34 Fluid ozs. or in Bulk at 2s. 6d. per lb.

See opinions of the Medical Press, and testimony as to its superiority over the ordinary Preparations of Senna.

The advantages claimed for this over the ordinary Confecion are non-liability to fermentation even at a high temperature, accuracy of measurement, and the removal of the difficulty which many patients experience in taking the old confection.

Extract from "Lancet," March 17th, 1883.

"In this preparation the disagreeable taste of Senna is remarkably well masked. We think it a great improvement on the old Confection."

Extract from "British Medical Journal," June 30th, 1883.

"The Fluid Confection of Senna now made by Messrs. Waugh & Co., of Regent Street, is a palatable preparation which will be found useful in the treatment of habitual constipation. We have given it a fair trial, and find that it is popular with patients.

AËRATED MINERAL ACID WATER,
LITHIA WATER

OF THE BRITISH PHARMACOPŒIA, AND OTHER AËRATED WATERS,

PREPARED BY BLAKE, SANDFORD & BLAKE,

Pharmaceutical Chemists, 47, Piccadilly,

The Original Makers of Potash Water, Lithia Water, and Mineral Acid Water.

Extract from *British Medical Journal*, Oct. 31st, 1868.

"Blake's Soda Water has been repeatedly examined. Each of four bottles obtained from the makers has been found to be accurately of the Pharmacopœia strength."

Pure Water highly impregnated with Carbonic Acid.

Soda Water, containing 15 grains in each bottle.—B.P.

Potash, 15 grains (Bicarbonate).—B.P. Citrate of Potash, 30 grains.

Lithia, 5 grains, either by itself or in combination with Bicarbonate of Potash or Phosphate of Ammonia.

Ammonia, 10 grains (Carbonate). Seltzer and Vichy Waters.

Aërated Mineral Acid Water (containing Nitro-Muriatic Acid), more refreshing than any effervescing beverage hitherto prepared. It is made also with Nitric, Phosphoric, Sulphuric, or Lactic Acid.

CITRATE OF LITHIA.

To meet the increasing employment of Lithia in the treatment of Gout, Gravel, &c., Messrs. BLAKE, SANDFORD, and BLAKE prepared a Citrate of the Alkali, which has been since introduced into the British Pharmacopœia; the Carbonate being very insoluble is difficult of administration, except in the form of an Aërated water. This Salt is extremely soluble, nearly tasteless, and easy of decomposition in the system. Dose from 5 grains upwards.

GUAIACATE OF LITHIA.

The value of the combination of Lithia with Guaiacum will at once present itself to the profession. This is usually administered in the form of pills, the ordinary dose being 5 grains.

BLAKE, SANDFORD & BLAKE, Pharmaceutical Chemists, 47, Piccadilly.

HOT MINERAL SPRINGS OF BATH,

TWO HOURS AND A HALF FROM LONDON BY GREAT WESTERN RAILWAY.

Vested in the Corporation of the City. Daily yield 385,000 gallons, at 120° F. Unsurpassed suites of Baths.

Most luxurious appointments either for the Invalid who suffers from the diseases of which these Springs are the acknowledged cure, or those who in health desire the luxury of the Hot Bath.

The Medical Profession send patients who are suffering from some of the following complaints:—GOUT, RHEUMATISM, SCIATICA, NEURALGIA, PARALYSIS, DYSPEPSIA, and many forms of Skin Affection.

Number of Bathers for the year ending September 30th, 1883, exceeded 67,500. Letters should be addressed to **Mr. YATES, Superintendent.**

STRUVE'S SELTZER, PYRO PHOSPHATE OF IRON,

SPA, KISSINGEN, VICHY AND OTHER MINERAL WATERS.

UNDER HER MAJESTY'S ESPECIAL PATRONAGE.

ROYAL GERMAN SPA, BRIGHTON.

The bottled waters are sold at the Pump-room; and by the most respectable houses in London and the Provincial Towns, where Prospectuses, with the highest Medical Testimonials may be obtained gratis.

CAUTION.—Owing to the use of Struve's bottle by other parties attempting imitations, sold as "BRIGHTON Seltzer," "BRIGHTON Vichy," &c., an analysis of some of which has shown an utter disregard of their true chemical composition, please to observe that STRUVE'S name is on the label, and red-ink stamp affixed to every bottle of Struve's manufacture.

A recent Author, in his work on "The Spas of Europe," says:—"If artificial mineral waters are prescribed, we should insist on STRUVE'S alone being used."

Apollinaris

"The Queen of Table Waters."—*British Medical Journal.*

"I have always obtained the best success with this Water in cases of severe disorders of the digestion, in phthisis, during convalescence from severe illnesses, after typhus, pneumonia, articular rheumatism and also in diphtheria, and in the various other diseases in which it was necessary to produce a tonic effect upon the stomach and the digestion. I have of late almost exclusively used it."

Professor Dr. M. J. OERTEL, of Munich.

"Favourably distinguished from the other similar mineral waters."

Professor VIRCHOW, Berlin.

"Excels other mineral waters in purity and agreeable taste, and quantity of Carbonic Acid; a cooling and refreshing drink, in febrile and acute affections; employed with favourable results in bronchial, digestive, and ordinary catarrh."

HUNYADI JANOS APERIENT WATER.

CAUTION.

Circumstances which have come to the knowledge of Andreas Saxlehner, Buda Pest, Sole Proprietor of the Hunyadi János Spring, compel him to WARN the British Public against SPURIOUS IMITATIONS. To secure genuineness, purchasers should see that every bottle has on the LABEL the name of "THE APOLLINARIS COMPANY (LIMITED), London."

CONROY'S MALT COFFEE

The *Moning Post* says:—"The Public should consider their own interests, and either insist upon purchasing only coffee which is guaranteed to be absolutely free from chicory, or, if economy is the first thing to be considered, purchase only such mixtures of coffee as retain the especial qualities upon which the value of coffee depends. MALT COFFEE, the new temperance beverage, would seem to make the nearest approach to what is required. Pure malt is in its own way as beneficial as pure coffee, being especially strengthening and nutritious."—

Contains about 75 per cent. PURE COFFEE.	Contains all the valuable principles of Malt.
Malted by a patent process.	More nutritious than beer or porter.
Consists solely of Coffee and Malt.	Causes no unpleasant eructations.
Flavour equal to finest Coffee.	Promotes sound and healthy digestion.
Doctors recommend it.	Breakfast beverage par excellence.

*** It is made in the same way as ordinary Coffee.

Pamphlets containing testimonials from eminent scientific, medical, and other gentlemen of the highest positions, may be had free for gratuitous distribution.

Put up only in 1 lb. ½ lb. and ¼ lb. tins. Each tin is protected by an excise stamp under the regulations of the new Inland Revenue Bill of August 10, 1882.

Prepared only at the MALT COFFEE WORKS, 34, FLEET STREET, LIVERPOOL.

To be obtained from all Druggists and Grocers, and wholesale from the Sole Proprietors—FRY & SONS & Co., 56, Hanover St., Liverpool. London: EVANS, LESCHER & WEBB, 60, Bartholomew Close.

Diploma of Honour, Highest Award, Amsterdam Exhibition, 1883.

DOLBY'S PATENT

BEEF TEA & GRAVY EXTRACTOR.

The arrangement of this most useful apparatus is such that the heat maintained is exactly the right degree to ensure the "extraction" of every particle of nourishment from meat of all kinds, and the result is a true, rich, and highly nourishing gravy, which will entirely supersede the unpleasant and unsavory preserved extracts of meat now often resorted to for want of a simple apparatus to make rich fresh beef tea and gravies at home.

SECTION.

Sizes, 1¼, 2, 4, and 12 pints.

The above may be obtained through any respectable Ironmonger.

Manufactured by GRIFFITHS & BROWETT,

BRADFORD STREET, BIRMINGHAM;

21, Moorgate Street, London; 47, Avenue Parmentier, Paris.

S. NYE & CO.'S

ARTIFICIAL

EYES, LEGS, ARMS, & HANDS.

GROSSMITH'S

PRIZE MEDAL ARTIFICIAL LEGS—with patent action Knee and Ankle Joints—enable the Patient to walk, sit, or ride with ease and comfort, wherever amputated. They are lighter in weight, less expensive, and more durable than any self-acting Leg hitherto introduced, and are worn by Ladies and Children with perfect safety. They were awarded the highest medals at the London and Paris Great International Exhibitions, and pronounced by the Surgical Juries to be "excellent in manufacture, well constructed, and on a system superior to all others."

THE PRIZE MEDAL ARTIFICIAL EYES have now been brought to the greatest perfection, and are so easy of adaptation that they are fitted in a few minutes, without pain or operation, in any case where sight has been lost. The colours are perfectly matched, and a movement obtained precisely in accordance with the action of the natural eye. They are the only Artificial Eyes which have been awarded Prize Medals at the Great International Exhibitions of London, Paris, and Dublin.

Address to Mr. GROSSMITH.

Manufactory, 175, FLEET STREET, LONDON.

THE

ORIGINAL & TRUE RESPIRATOR & THE HIMALENE.

INVENTED AND PERFECTED BY THE LATE

JULIUS JEFFREYS, F.R.S., &c.,

Formerly Staff Surgeon at Cawnpore.

These Instruments possess great Heat-Conducting Power, and do not in any way impede the current of the Breath.

COPY OF A PROFESSIONAL OPINION.

"We, the undersigned Physicians, consider it to be desirable for the guidance of the public that a professional opinion should be again pronounced upon the Climatic Instruments invented and introduced by Mr. Jeffreys. We fully concur in the opinion that they have more than realised in their effects the benefits anticipated from them. We therefore commend them to the attention of all persons who need the climatic protection they are qualified to confer, and whom we feel it to be our duty to caution against trusting their vital organs to any articles of a false or inferior construction."

(Signed) THOMAS WATSON, M.D., F.R.S. — JAMES COPLAND, M.D., F.R.S.
C. J. B. WILLIAMS, M.D., F.R.S. — EDWARD SMITH, M.D., F.R.S.
W. H. WALSHE, M.D. — HYDE SALTER, M.D., F.R.S.
RICHARD QUAIN, M.D. — EDWARD H. SIEVEKING, M.D., F.R.S.

The HIMALENE is worn inside a small scarf.

The price of the Respirator ranges, according to power and finish, from 2s. 6d. to 15s.; that of the Himalene, from 5s. to 15s.

Sold by Chemists throughout the United Kingdom. Wholesale by Messrs. MAW, SON, AND THOMPSON, or from

THE SURGEON'S LINT,

Made with Entirely New Machinery.

V.B. QUALITY.

The superior quality of NEWSOME'S Absorbent Surgeons' Lint is universally admitted.

The V.B. Quality is quite pure and of great superficial area and exquisite softness.

The C. Quality is equally absorbent and pure, but stronger in fabric.

COMMENDATIONS.

"I have examined Mr. C. Newsome's 'Surgeons' Lint' and find it in every respect admirable."—Edward R. Bickersteth, F.R.C.S., M.R.C.S., Liverpool Royal Infirmary, University, Edinburgh, and St. Bartholomew's, London.

"I have used Mr. C. Newsome's Lint, and I am in the habit of recommending it in preference to any other with which I am acquainted."—Walter Whitehead, F.R.C.S. Edin., L.S.A. Lon., Manchester Royal Infirmary.

"I am much pleased with your Lint and think it should be more generally known amongst the profession."—John Taylor, M.R.C.S., L.S.A., Ticehurst, King's Coll., Lon.

ROLL BANDAGES,

MANUFACTURED BY

ROBINSON & SONS,

Wheat Bridge Mills,

CHESTERFIELD.

WAREHOUSE :

55, FANN STREET, ALDERSGATE STREET, LONDON, E.C.

International Medical and Sanitary Exhibition, London, 1881.

Certificate of Merit to Robinson & Sons, for Lints, Cotton Wool and Bandages.

We place the highest value on this Award, as most of the Judges of Surgical Appliances at the late Exhibition had used our Lints, &c., for many years at the London Hospitals. No higher recommendation of quality can be given.

R. & SONS.

Also Manufacturers and Sole Proprietors of the

PATENT ABSORBENT GAUZE AND COTTON TISSUE,

For Surgical and Medical Uses generally.

Introduced by SAMPSON GAMGEE, Esq., F.R.S.E., Consulting Surgeon to the Queen's Hospital, Birmingham.

This Tissue is unsurpassed for Softness, Comfort, and Purity. It is a healing and painless dressing for Wounds and Ulcers; for Burns, Scalds, and Blisters; for Boils, Abscesses, and Bed Sores: for Acute Joint Affections, and for inflammations of the Skin.

It is a Perfect CHEST PROTECTOR, imparting warmth, and not checking the healthy action of the Skin.

For the treatment of Fractures and Sprains, accurately fitting and strong **MOULDS & SPLINTS**, may be made by saturating the Absorbent Gauze and Cotton Tissue with Plaster of Paris, Paraffin, Wax, Dextrine, &c.

The White Open Wove Bandages are also instantaneously *Absorbent*, making them admirably adapted for Starch and Plaster of Paris Dressing.

Can be had through the Wholesale Houses, or Direct from the Makers.

HENRY R. SALMON'S

ABDOMINAL BELT.

The Belt is light in texture, and affords a more lifting support than any hitherto made, completely supporting the lower part of the Abdomen. It is recommended in cases of Obesity, Tumour, Prolapsus Uteri, and during and after Pregnancy.

In Silk Elastic, and Thread ditto, from **25s. to 50s.**

OBSTETRIC BINDER.

The Binder is a substitute for the towel generally used immediately after labour. It is made of strong linen, and dispenses with the usual pinning. The advantages of the Binder are facility of application, combined with comfort and greater efficiency.

Measurement, ordinary size of the waist.

Price 6s. 6d., by Post 6s. 10d.

SALMON'S ELASTIC STOCKINGS, KNEE-CAPS, &c.

Stocking.

Knee Stocking.

Knee-cap & Sock.

Thigh Knee-cap.

The above are light in texture, and of uniform pressure throughout: they are made in both thread and silk, will wash, and are suitable for any climate.

TRUSSES.

Trusses on the most approved principles are carefully adapted to all cases of Rupture at moderate prices.

HENRY R. SALMON,

J. OFFORD, COACHBUILDER,

67, GEORGE STREET, PORTMAN SQUARE

AND

92 and 94, GLOUCESTER ROAD,

South Kensington, London.

MEDICAL BROUGHAM.— This elegant Carriage is on a plan by which the fore wheels are brought closer to the hind, so the draught is much less than that of the ordinary Brougham.

Mr. OFFORD'S PATENT SILENT AXLES can be fitted to all Carriages.

CANOE LANDAU, with Patent Self-acting Head, which can be opened or closed by the riders with ease; also a large Stock of NEW and SECOND-HAND CARRIAGES of all kinds for SALE, HIRE, or EXCHANGE.

SQUARE LANDAU, with Patent Self-acting Head, which can be opened or closed by the riders with ease; also Patentee of Self-acting Spring Heads for Landaus, Improved Axles, Rubber Brake Blocks, Rubber-covered Steps, Axle Perch Bolt, Noiseless Wheel Plate, Silent Spring Head, Frost Cogs for Horses, Rubber Tyres, &c.

Doctor's Improved Gig with Hood.

(Removable).

Shelter and comfort of Cab, with many additional advantages. One-third of cost, weight (3 cwt.), and expense of maintenance. Any size or colour. See letters in *British Medical Journal*, 1880-1, and *The Lancet*, Nov. 12th, 1881. Particulars and drawings from

W. BEDDOES MOORE,

Oldswinford Carriage Works, Stourbridge.

H. & A. HOLMES,

COACH AND HARNESS MAKERS

By Special Appointment to Her Majesty the Queen and Royal Family, Derby, Lichfield, Sheffield, and

38, MARGARET STREET, CAVENDISH SQUARE, LONDON, W.

Supply professional gentlemen with Light, Very Easy, and Durable Carriages.

Holmes' Patent Elliptic Springs have been highly commended for Invalids, by eminent medical gentleman to whom reference can be given.

Established 1790.

Water Closets, Urinals, Lavatories, Sinks, &c.

Sole Manufacturer of

THE "WASH OUT" CLOSET (Patented).

Three Awards at International Medical Sanitary Exhibition, 1882.

"How to Drain a House," from a Paper by T. MELLARD READE, Esq., F.R.I.B.A., C.E., read before the Liverpool Architectural Society:—"I consider the pan-closet objectionable, especially since the introduction of the 2-gallon regulating cistern has increased the difficulty of getting the after-flush to fill the pan. The 'container' is usually a reservoir coated with filth, hidden by the pan holding the water in the basin. A basin with a trap at the side or back, called a 'WASH-OUT' basin, is a far better apparatus."

Price Lists, &c., from JAMES WOODWARD, Swadlincote, near Burton-on-Trent.

HUNDREDS OF TESTIMONIALS.

PATENTEE AND MANUFACTURER, BRISTOL.

Offices and Show-Rooms: 3, UNITY STREET,

PURE WATER.

LONDON, 1862.

ONLY MEDAL FOR PURIFICATION OF WATER.

PARIS, 1867.

HIGHEST MEDAL FOR PURIFICATION OF WATER.

SPENCER'S PATENT

MAGNETIC CARBIDE FILTERS.

At the GREAT LONDON EXHIBITION OF 1862 these Filters received the HIGHEST AWARD FOR PURIFICATION OF WATER;

The GREAT PARIS EXHIBITION of 1867 the HIGHEST MEDAL FOR PURIFICATION OF WATER;

The HIGHEST award at the AMSTERDAM EXHIBITION of 1869, for PURIFICATION OF WATER.

TWENTY-FIVE YEARS have lapsed since the introduction of these Filters. They are now in use in most PARTS OF THE WORLD, and in no instance have they failed in effecting the work of purification. Their function is to CONVERT the putrescent organic matter, held in chemical solution in all river or surface waters, into CARBONIC ACID. All deleterious matter is thus rendered harmless, and the water sparkling. COLOUR is also REMOVED.

These Filters have invariably taken the highest award at ALL the INTERNATIONAL EXHIBITIONS—as the only efficient purifiers of water. It is found that the action of the Magnetic Material NEVER DETERIORATES by use.

BY APPOINTMENT, to H.M. OFFICE OF WORKS, the POST OFFICE and TELEGRAPH DEPARTMENTS (throughout the Kingdom). To the INDIA GOVERNMENT, the MUNICIPALITY OF CALCUTTA, the ROYAL MAIL STEAMERS, the LAW AND POLICE COURTS (throughout the Metropolis, &c. &c.)

(Mr. Spencer's latest Patent Improvement dates 1875.)

CLOSED. OPEN.

ALBANY SLIDING DOG-CART.
(AND GIG COMBINED.)

Two and four wheel Carriage changed instantly from two to four seats, and *vice versa.*

Accurate balance both ways.

ADVANTAGE OF THE DOG-CART —When open, the occupants sit facing the horse and not back to back, as in an ordinary Dog-Cart.

Heads, pole, and bar fitted.

Lloyd's PATENT BREAK AND STEP combined in one, the Carriage being no heavier than without.

CARRIAGES TAKEN IN EXCHANGE.

Estimates tendered for REPAIRS.

SADDLERY of EVERY DESCRIPTION.

Handsome and fashionable Carriages built from the best seasoned materials, and guaranteed.

LONDON & MANCHESTER

Branches will be opened in February, 1884, where the Patent Albany Carriages can be inspected. Write for Testimonials, full particulars, and Prices.

HENRY LLOYD, Carriage & Harness Manufacturer,
12, COLQUITT STREET, LIVERPOOL.

THE SUBSCRIBERS beg to draw special attention to their Carriages designed for the use of the Medical Profession, either at home or abroad.

The ACME MEDICAL CAR (Registered).

With patent Axles and Springs. This famous Carriage undoubtedly now holds the foremost place amongst medical carriages, and has proved the greatest success. It is the lightest and only vehicle of the kind which affords thorough ease of access, and comfort to ride in, and is, with the Hood closed, a *perfect* protection from wind and rain. Many Medical Gentlemen who use this Carriage have (unsolicited) offered to allow intending purchasers to apply to them. Price very moderate. Payment made easy.

Our MEDICAL BROUGHAMS

Are light and stylish, and are acknowledged the best value in Britain.

The PREMIER MEDICAL GIG

Is quite new in style, and is entirely different from our Sans-pareil and all others. Warranted the steadiest, lightest, and most comfortable Gig before the Profession. Material and Workmanship first-class. Price moderate.

For full Particulars apply to the Inventors and sole Builders,

HARRISON & BRASS,
MEDICAL CARRIAGE BUILDERS,
ELGIN & INVERNESS, N.B.

Awarded CERTIFICATE OF MERIT at Sanitary Exhibition, Glasgow, 1884.

THE

"NATIONAL" PATENT CLOSET,

CLEANLY, SIMPLE, EFFECTIVE.

Was awarded highest honours at the following Exhibitions:—South Kensington, 1881; Brighton, 1881; Newcastle, 1882. Strongly recommended by leading Architects, Sanitary Engineers, and Practical Plumbers.

SOLE MAKER,

THOMAS TWYFORD,

Manufacturer of all descriptions of Sanitary and Plumbers' Earthenware. London Depôt: Midland Railway Goods Station, ST. PANCRAS.

HANLEY, STAFFORDSHIRE

Digitized by Google

THE SELF-ACTING SICK BED

Was first exhibited at the Annual Meeting of the British Medical Association, in Liverpool, 1883.

It enables the Patient to attend to the calls of nature in respect of relieving the bowels, etc.

The clothes are turned down to show the appliance in use. It only weighs 12 ozs.

Without requiring any Assistance.
Without Suffering from any Delay.
Without being hurried by others.
Without raising Head or Body.
Without risk of Soiling the Clothes.
Without Uncovering the Person.
Without making the Air Impure.

It also saves the NURSE from injuring herself in lifting the patient, and secures the SURGEON from losing his labour, in sewing a wound or setting a fractured limb, by an "accident" over which the patient has no control.

As it needs, however, *some* action on the part of the patient, *all* these results cannot be promised in cases of delirium, unconsciousness, or general paralysis: yet when these conditions are present it is possible to save three-fourths of the labour an ordinary bed entails.

IT HAS BEEN TESTED in the BRISTOL ROYAL INFIRMARY for twelve months by Patients varying in age, size, and character of ailment. None of these left a spot behind them showing how it had been used. Nor did any who were once told what they had to do, find any difficulty afterwards in acting for themselves.

We have lately supplied two more Beds to the Infirmary, one to Mr. Müller's Institution for 2,000 Orphans, Ashley Down, and one to the Bristol General Hospital, and the Children's Hospital, besides private cases. It is the only bed that at all meets the requirements of *lying-in cases*, and it does so perfectly.

Full description, with Illustrations, directions for altering an ordinary bed to admit of the apparatus, instructions to Nurse and Patient, Price List, etc.—PRICE SIXPENCE.

ADDRESS:

EDWARD K. GROVES, 11, Greenway Rd., Redland, BRISTOL.

STIDOLPH'S PATENT BEDSTEAD,

WITH INDESTRUCTIBLE ELASTIC CLOTH SACKING,

THE STONGEST, MOST COMFORTABLE, AND CLEANLY.

UNEQUALLED INVALID "REST."

Raises gently and irresistibly. Silent Action. Firm any position. Portable Crane. Noiseless Castors.

WATERPROOF SHEETS, PLAIN or FUNNEL.

PERFECT SECURITY FOR INSANE CASES.

Commended by the Faculty, Her Majesty's Commissioners in Lunacy, and School Inspectors.

Bedsteads for Epileptics.

SURGICAL COUCHES,

WITH SPECIAL MOVEMENTS.

Highest Award at International Medical and Sanitary Exhibition, Kensington, 1881.

Medal at the Exhibition of the National Health Society, London, 1883.

TO HER MAJESTY AND THE ROYAL FAMILY

BY SPECIAL APPOINTMENT

THE EMPRESSES OF FRANCE, AUSTRIA, RUSSIA &c.

JOHN WARD,

246 and 247, TOTTENHAM COURT ROAD, LONDON.

(LATE OF SAVILLE HOUSE, LEICESTER SQUARE.)

No. 1.

No. 4.

Nos. 1 and 4 are **Ward's Self-propelling Chairs**—one mounted upon engine-cut cogwheels, the other with 24 inch rim wheels outside; either may be used by a child eight years of age with the greatest ease.

No. 10.

No. 10 is **Ward's General Invalid Couch,** made with or without a convenience; it adjusts the back, seat, and legs to any given position, by means of machinery; and is recommended by the Faculty as being the most complete Bed ever made for confirmed invalids or for fractured limbs.

No. 17.

No. 17 is a **Four-wheel Victoria Pleasure Ground Chair** mounted in a very light iron-framed carriage, upon C and patent india-rubber springs; is either drawn by hand or animal, and is the most elegant and easiest chair made.

PRIZE MEDALS—London, 1851 and 1862; Paris, 1855, 1867, and 1878 (3 Medals).

No. 11.

No. 11 is **Ward's Improved Recumbent Chair,** with double rising leg rest and shifting elbows, to enable an invalid to be shifted on and off. This chair is pronounced the most luxurious and perfect chair made.

No. 19.

No. 19—**Ward's Victoria Three-wheel Bath Chair,** with leather head German shutter and patent spring front iron, to which shafts for a pony may be attached.

No. 14.

No. 14 is the simplest and best constructed **Chair for carrying invalids up or down stairs.** The sketch conveys the exact idea. It is also made portable for travelling. Several other kinds are always in stock, upon various principles.

PRIZE MEDALS—Vienna, 1873 (2 Medals); Dublin, 1865.

The Largest Assortment in the World of Invalid Chairs for Sale or Hire.

ESTABLISHED MORE THAN A CENTURY.
